

## 2. Cost of livestock surveys

- Opportunities for reducing data collection costs:
  - Use of local enumerators
  - Reduced length of overall data collection activities, and other planning so as to avoid staff accommodation and food expenses during down time (e.g. on weekends and public holidays)
  - Use of alternative technologies
  - Reductions in sample size
  - Changed structure and spatial arrangement of samples so as to minimize transport and other logistic costs and save enumerator time
  - Changes to questions and questionnaires so as to generate more data per unit of survey staff time
  - Changes to nature of enumerator activities so as to reduce training and supervision costs
  - Use of existing data (such as sales figures held by buyers, or accounts of animal numbers held by animal health authorities)
  - Use of farmers as enumerators

*On-board and Intercept Transit Survey Techniques* Bruce Schaller, Transit Cooperative Research Program, 2005 TRB's Transit Cooperative Research Program TCRP Synthesis 63 On Board and Intercept Transit Survey Techniques examines transit agencies' experiences with planning and implementing on board and intercept surveys. On board and intercept surveys include self-administered surveys distributed on board buses and railcars and in stations as well as interviews conducted in these environments. The report provides an overview of industry practices and covers a broad range of issues addressed in planning a given survey. Publisher's description

*Internet Survey Methodology* Charles Vickroy Balch, 2010-02-19 This book provides the understandings needed for researchers to develop scientifically validated internet survey methods. Except by chance inaccurate data will provide results that have little or no validity or reliability. Garbage In Garbage Out (GIGO) is a term commonly used in the computer industry to remind us that if the data being analyzed are incorrect the result will likewise be incorrect. While no survey design system can correct for improper sampling or poor item construction it is essential to have a survey platform that allows for and supports best practices in presentation sampling data collection and analysis all as supported by research

**Survey Methodology** Robert M. Groves, 2004-04-30 Survey Methodology describes the basic principles of survey design discovered in methodological research over recent years and offers guidance for making successful decisions in the design and execution of high quality surveys. Written by six nationally recognized experts in the field this book covers the major considerations in designing and conducting a sample survey
