

The background image is a photograph of Bullough's Pond in Boston. The pond is calm, reflecting the surrounding trees and the sky. The trees on the far bank are in various stages of autumn, with some showing bright orange and yellow leaves, while others are still green. In the distance, a white building with a dome, likely the Massachusetts State House, is visible through the trees. The foreground is dark, with the silhouettes of reeds or grasses at the water's edge.

The Paradox of Power Ballard C. Campbell, 2021-11-22 America's political history is a fascinating paradox The United States was born with the admonition that government posed a threat to liberty This apprehension became the foundation of the nation's civic ideology and was embedded in its constitutional structure Yet the history of public life in the United States records the emergence of an enormously powerful national state during the nineteenth century By 1920 the United States was arguably the most powerful country in the world In *The Paradox of Power* Ballard C Campbell traces this evolution and offers an explanation for how it occurred Campbell argues that the state in America is rooted in the country's colonial experience and analyzes the evidence for this by reviewing governance at all levels of the American polity local state and national between 1754 and 1920 Campbell poses five critical causal references war geography economic development culture and identity including citizenship and nationalism and political capacity This last factor embraces law and constitutionalism administration and political parties *The Paradox of Power* makes a major contribution to our understanding of American statebuilding by emphasizing the fundamental role of local and state governance to successfully integrate urban state and national governments to create a composite and comprehensive portrait of how governance evolved in America

Paul M. Searls,2006 Two Vermonts establishes a little known fact about Vermont that the state s fascination with tourism as a savior for a suffering economy is more than a century old and that this interest in tourism has always been dogged by controversy Through this lens the book is poised to take its place as the standard work on Vermont in the Gilded Age and the Progressive Era Searls examines the origins of Vermont s contemporary identity and some reasons why that identity Who is a Vermonter is to this day so hotly contested Searls divides nineteenth century Vermonters into conceptually uphill or rural parochial and downhill or urban cosmopolitan elements These two groups he says negotiated modernity in distinct and contrary ways The dissonance between their opposing tactical approaches to progress and change belied the pastoral ideal that contemporary urban Americans had come to associate with the romantic notion of Vermont Downhill Vermonters espousing a vision of a mutually reinforcing relationship between tradition and progress unilaterally endeavored to foster the pastoral ideal as a means of stimulating economic development The hostile uphill resistance to this strategy engendered intense social conflict over issues including education religion and prohibition in the late nineteenth and early twentieth centuries The story of Vermont s vigorous nineteenth century quest for a unified identity bears witness to the stirring and convoluted forging of today s Vermont Searls s engaging exploration of this period of Vermont s history advances our understanding of the political economic and cultural transformation of all of rural America as industrial capitalism and modernity revolutionized the United States between 1865 and 1910 By the late Progressive Era Vermont s reputation was rooted in the national yearning to keep society civil personal and meaningful in a world growing more informal bureaucratic and difficult to navigate The fundamental ideological differences among Vermont communities are indicative of how elusive and frustrating efforts to balance progress and tradition were in the context of effectively negotiating capitalist transformation in contemporary America *A Century in Captivity* Denis R.
