Reflections Of An African American Kitchen:

Reflections of an African American Kitchen House Hassell, 1984-12-12 Reflections of an African American Kitchen, 1984 *Soul Food* Joyce White, 1998-01-20 When Joyce White moved to New York City from Alabama she left small town life behind and landed a job as a food editor at a major women's magazine. Weekends however found her visiting churches in Harlem and Bedford Stuyvesant looking for a taste of home. Food has long been a part of the spiritual life of African American churches and what she found there along with what she missed from home was the comforting blend of cooking and fellowship that feeds both the body and soul. In this warm and joyful collection White offers more than 150 recipes for the foods that worshippers look forward to after services and she captures the spirit of these sociable meals with warm conversational and occasionally poignant reflections from African American churchgoers around the United States. We don't just come to church service and leave says a retired nurse who directs hospitality for a large church in Los Angeles. Many of us stay here half the day. That way we get a chance to rub shoulders and see what is going on or going wrong with each other. From delicious renditions of classics such as Sugar Crusted Biscuits to updated favorites such as Black Beans with Sun Dried Tomatoes as well as special fare for entertaining and Kwaanza the pages of *Soul Food* are alive with the spirit and love of African American churches and the terrific food to be found there.

The Jemima Code Toni Tipton-Martin, 2022-07-01 Winner James Beard Foundation Book Award 2016 Art of Eating Prize 2015 BCALA Outstanding Contribution to Publishing Citation Black Caucus of the American Library Association 2016 Women of African descent have contributed to America's food culture for centuries but their rich and varied involvement is still overshadowed by the demeaning stereotype of an illiterate Aunt Jemima who cooked mostly by natural instinct. To discover the true role of black women in the creation of American and especially southern cuisine Toni Tipton Martin has spent years amassing one of the world's largest private collections of cookbooks published by African American authors looking for evidence of their impact on American food families and communities and for ways we might use that knowledge to inspire community wellness of every kind. *The Jemima Code* presents more than 150 black cookbooks that range from a rare 1827 house servant's manual the first book published by an African American in the trade to modern classics by authors such as Edna Lewis and Vertamae Grosvenor. The books are arranged chronologically and illustrated with photos of their covers many also display selected interior pages including recipes. Tipton Martin provides notes on the authors and their contributions and the significance of each book while her chapter introductions summarize the cultural history reflected in the books that follow. These cookbooks offer firsthand evidence that African Americans cooked creative masterpieces from meager provisions educated young chefs operated food businesses and nourished the African American community through the long struggle for human rights. *The Jemima Code* transforms America's most maligned kitchen servant into an inspirational and powerful model of culinary wisdom and cultural authority.
