Critical Reflection and the Foreign Language Classroom Terry Osborn, 2021-05-01 Twenty years ago this book introduced pre service and in service foreign language teachers to the basic concepts of critical educational study as applied to foreign language education in the United States Since its initial publication teachers now commonly known as world language educators are better prepared to understand issues of power in relation to for example language variety language status and language education Indeed much

recent attention has been focused on critical approaches to language education including teaching for social justice The author addresses issues such as the supposed failure of foreign language education the educational filter role played by language classes the concept of foreignness as seen in national standards language curricula and textbooks and the implications of these issues in terms of power relationships and cultural mediation both in and out of the classroom The reader is encouraged to analyze the forms of cultural struggle that can be found within the world language classrooms of the United States including the likely impact those struggles have on members of the dominant and subordinate cultures Two decades later critical reflection continues to require these skills Spiritual Care Reflections from a Hospice Chaplain Jr.

Charles J Lopez,2015-10-13 From the good sisters and monks of the 11th century hospice care grew through the passions of 20th century people like Dame Cecily Saunders and Elizabeth Kubler Ross and into the recognized modality it is today of compassionate and palliative care for those who are on their final journey from this world Pastor Lopez rightly fills this name as he reaches out not only to patients and their families but the team of nurses doctors social workers and caregivers who offer their hands and hearts to those in need Within these pages you will find practical and compassionate words along with hands and a heart that knows the pain of loss and feet that are willing to accompany the reader on their journey *Erased*

Anna Malaika Tubbs,2025-05-20 The new book from the New York Times bestselling author of The Three Mothers In *Erased* Anna Malaika Tubbs recovers all that American patriarchy has tried to destroy Patriarchy has oppressed women and denied their contributions worldwide but the United States of America has its own unique gendered hierarchy Dr Anna Malaika Tubbs applies her signature blend of approachable yet rigorous analysis in this definitive and groundbreaking history of American patriarchy She proves that humanity in the United States is determined by gender in a limited and flawed binary that is also always tied to whiteness Tubbs shows how a fabricated hierarchy became so deeply ingrained over time that it now goes unnoticed along with everything it intentionally conceals From the founding fathers to the current Supreme Court justices from the treatment of enslaved women to the American maternal health crises from the exclusion of women in the Constitution to the continued lack of an Equal Rights Amendment Tubbs brings together academic research the stories of freedom fighters both past and present and her own experiences to reveal what is erased in the wake of American patriarchy The system has survived by hiding the tools that are necessary to dismantle it But Tubbs beautifully reminds us that those tools including our intuition courage ancient wisdom and power are still well within our reach *Erased* is the story of the United States from a new perspective one where the people who shaped this country who have been oppressed and whose contributions have been denied are at the center reminding us that we can restore what has been strategically kept from us Once again Dr Anna Malaika Tubbs has written a book that will be a touchstone for conversations on gender race and equity for years to come *History of North Carolina: North Carolina biography, by special staff of writers ,1919*
