Reflections Away With Words A Collection Of Poetry And Songs:

Reflections Robert C. Morrison, Glenda Morrison, 2008-04-28 The author plays with a hypnotic almost imperceptible undercurrent Poetry of love and tenderness is set against the unambiguous anguish of love and loss Tributes to life are blended with small barbs of disillusionment A truly beautiful and original work Reflections Away With Words is the author's catharsis for the whims of fate and fortune In the author's words I was a jock and guys weren't supposed to have feelings And no one had ever explained why It was like admitting something was wrong with me I'm not sure what I was looking for back then but I knew I felt that my direction was somewhere I'd never been In my mind I needed there to be more to my life something important Ideas to be heard questions to be asked honesty to be felt The book I think it all started on a match book cover Maybe it was a paper napkin Seeing it all now it's not the names or the places but the memories that are important It was a great trip From the oceans to the desert the mountains to the city lights And I wrote about my feelings and the feelings of lovers family and friends And as many rainbows that lent a smile there were just as many to steal a frown For whatever reason good or bad I find the words that built the thoughts more meaningful now And every day there are new ones You can't explain many of them Everyone has them but few will admit them Especially the negative side But admitting the pain as well as the happiness is positive See if you can't find a moment to relate to The Songs of Jean Sibelius Gustav Djupsjöbacka, 2023 A landmark in Sibelius scholarship this is the first book that presents all of Sibelius's solo art songs in their musical and aesthetic context Indispensable for scholars and performers alike This is the first book to discuss the complete solo art songs of Jean Sibelius and to locate them in their musical literary and artistic context The book is organized around the poets Sibelius set to music and the literary themes associated with them thus providing invaluable information for the scholar student and performer The musical and aesthetic contextualisation of the songs will help to enable new interpretations on the performance stage *The Art of Living On* Dorcas Meaney, 2024 This book is an invaluable resource for anyone seeking to understand their grief find solace in their suffering and discover joy and meaning in the aftermath of loss Join countless others on this journey of healing and hope and find the strength to live on with love and gratitude Perfect for readers of grief counseling books those seeking comfort after the loss of a loved one or anyone looking to understand the complex emotions of bereavement *The Art of Living On Rebuilding Your Life After Loss* is a beacon of hope in the darkest of times Through a combination of personal anecdotes reflective journal prompts and practical strategies this book serves as a compassionate companion for anyone grappling with their own grief It addresses the challenges of mourning from dealing with the initial shock and pain to finding ways to honor the memory of lost loved ones all while fostering personal growth and resilience **German Secular Song-books of the Mid-seventeenth Century: An Examination of the Texts in Collections of Songs Published in the German-language Area Between 1624 and 1660** Anthony J. Harper, 2024-11-01 This title was first published in 2003 The secular song of the 17th century represents a relatively neglected area of German

culture In this book Anthony J Harper first studies the songs of the two great models of the time Martin Opitz and Paul Fleming following this with an analysis of the song books and collections from three regions the North East Central Germany and the North The procedure is thus both historical and geographical The texts of these songs are examined in relation to structural principles thematic range and stylistic treatment Harper establishes common features and regional variations of this genre which involves love poetry songs of manners with colourful portrayals of everyday life and comic songs in a lower stylistic register Particular attention is paid to the work of Albert and Dach in Königsberg Finckelthaus Schirmer Krieger and Schoch in Leipzig and Dresden and Rist Voigtlander Zesen Greflinger and Stieler in the Hamburg region Where appropriate the book assesses the role of musical settings while not seeking to offer technical insights into musical matters Of value to scholars of German literature this study should also be of interest to musicologists working on the Renaissance and Baroque periods

Where Music Helps: Community Music Therapy in Action and Reflection Brynjulf Stige, 2017-07-05 This book explores how people may use music in ways that are helpful for them especially in relation to a sense of wellbeing belonging and participation The central premise for the study is that help is not a decontextualized effect that music produces The book contributes to the current discourse on music culture and society and it is developed in dialogue with related areas of study such as music sociology ethnomusicology community psychology and health promotion Where Music Helps describes the emerging movement that has been labelled Community Music Therapy and it presents ethnographically informed case studies of eight music projects localized in England Israel Norway and South Africa The various chapters of the book portray music's help in action within a broad range of contexts with individuals groups and communities all of whom have been challenged by illness or disability social and cultural disadvantage or injustice Music and musicing has helped

these people find their voice literally and metaphorically to be welcomed and to welcome to be accepted and to accept to be together in different and better ways to project alternative messages about themselves or their community and to connect with others beyond their immediate environment The overriding theme that is explored is how music comes to afford things in concert with its environments which may suggest a way of accounting for the role of music in music therapy without reducing music to a secondary role in relation to the therapeutic that is being just a symbol of psychological states a stimulus or a text reflecting socio cultural content

A.C. Swinburne and the Singing Word Yisrael Levin, 2016-03-16 Focusing on Algernon Charles Swinburne's later writings this collection makes a case for the seriousness and significance of the writer's mature work While Swinburne's scandalous early poetry has received considerable critical attention the thoughtful rich spiritually and politically informed poetry that began to emerge in his thirties has been generally neglected This volume addresses the need for a fuller understanding of Swinburne's career that includes his fiction aesthetic ideology and analyses of Shakespeare and the great French writers Among the key features of the collection is the contextualizing of Swinburne's

work in new contexts such as Victorian mythography continental aestheticism positivism and empiricism Individual essays examine among other topics the dialect poems and Swinburne's position as a regional poet Swinburne as a transition figure from nineteenth century aesthetic writing to the professionalized criticism that dominates the twentieth century Swinburne's participation in the French literary scene Swinburne's friendships with women writers and the selections made for anthologies from the nineteenth century to the present Taken together the essays offer scholars a richer portrait of Swinburne's importance as a poet critic and fiction writer
