

The background image is a photograph of Bullough's Pond in Boston, Massachusetts, during autumn. The pond is calm, reflecting the surrounding trees and the sky. The trees on the far bank are in various stages of autumn color, with some showing bright orange and yellow foliage. In the distance, a white building with a dome, likely the Massachusetts State House, is visible through the trees. The foreground is dark, with the silhouettes of reeds or grasses along the water's edge.

*The Paradox of Power* Ballard C. Campbell, 2021-11-22 America's political history is a fascinating paradox The United States was born with the admonition that government posed a threat to liberty This apprehension became the foundation of the nation's civic ideology and was embedded in its constitutional structure Yet the history of public life in the United States records the emergence of an enormously powerful national state during the nineteenth century By 1920 the United States was arguably the most powerful country in the world In *The Paradox of Power* Ballard C Campbell traces this evolution and offers an explanation for how it occurred Campbell argues that the state in America is rooted in the country's colonial experience and analyzes the evidence for this by reviewing governance at all levels of the American polity local state and national between 1754 and 1920 Campbell poses five critical causal references war geography economic development culture and identity including citizenship and nationalism and political capacity This last factor embraces law and constitutionalism administration and political parties *The Paradox of Power* makes a major contribution to our understanding of American statebuilding by emphasizing the fundamental role of local and state governance to successfully integrate urban state and national governments to create a composite and comprehensive portrait of how governance evolved in America

*Two Vermonts* Paul M. Searls,2006 *Two Vermonts* establishes a little known fact about Vermont that the state s fascination with tourism as a savior for a suffering economy is more than a century old and that this interest in tourism has always been dogged by controversy Through this lens the book is poised to take its place as the standard work on Vermont in the Gilded Age and the Progressive Era Searls examines the origins of Vermont s contemporary identity and some reasons why that identity Who is a Vermonter is to this day so hotly contested Searls divides nineteenth century Vermonters into conceptually uphill or rural parochial and downhill or urban cosmopolitan elements These two groups he says negotiated modernity in distinct and contrary ways The dissonance between their opposing tactical approaches to progress and change belied the pastoral ideal that contemporary urban Americans had come to associate with the romantic notion of Vermont Downhill Vermonters espousing a vision of a mutually reinforcing relationship between tradition and progress unilaterally endeavored to foster the pastoral ideal as a means of stimulating economic development The hostile uphill resistance to this strategy engendered intense social conflict over issues including education religion and prohibition in the late nineteenth and early twentieth centuries The story of Vermont s vigorous nineteenth century quest for a unified identity bears witness to the stirring and convoluted forging of today s Vermont Searls s engaging exploration of this period of Vermont s history advances our understanding of the political economic and cultural transformation of all of rural America as industrial capitalism and modernity revolutionized the United States between 1865 and 1910 By the late Progressive Era Vermont s reputation was rooted in the national yearning to keep society civil personal and meaningful in a world growing more informal bureaucratic and difficult to navigate The fundamental ideological differences among Vermont communities are indicative of how elusive and frustrating efforts to balance progress and tradition were in the context of effectively negotiating capitalist transformation in contemporary America

Black Portsmouth Mark Sammons,Valerie Cunningham,2004 Few people think of a rich Black heritage when they think of New England In the pioneering book *Black Portsmouth* Mark J Sammons and Valerie Cunningham celebrate it guiding the reader through more than three centuries of New England and Portsmouth social political economic and cultural history as well as scores of personal and site specific stories Here we meet such Africans as the likely negro boys and girls from Gambia who debarked at Portsmouth from a slave ship in 1758 and Prince Whipple who fought in the American Revolution We learn about their descendants including the performer Richard Potter and John Tate of the People s Baptist Church who overcame the tragedies and challenges of their ancestors enslavement and subsequent marginalization to build communities and families found institutions and contribute to their city region state and nation in many capacities Individual entries speak to broader issues the anti slavery movement American religion and foodways for example We also learn about the extant historical sites important to Black Portsmouth including the surprise revelation of an African burial ground in October 2003 as well as the extraordinary efforts being made to preserve remnants of the city s early Black heritage

**Beneath the Second Sun** Adam W. Sweeting,2003 Indian summer the succession of warm fair days gracing New England in autumn is at once a flourishing period signaling the end of fall a meteorological event a vernacular cultural construction and a literary metaphor In this appealing and elegant book Sweeting plumbs Indian summer s use in literature as a symbol of second chance rebirth or reprieve before the onset of a harsher season Well researched and charmingly written *Beneath the Second Sun* is the first book to systematically treat the history and uses of Indian summer imagery in American life The author focuses on the ways in which New Englanders have embraced the season and he places the celebration of the season s beauty and its melancholy qualities within the context of Anglo Native American relations Sweeting does not try to locate the original definition of Indian summer rather he explores the far more interesting ways in which the season has been imagined and described in American culture Popular authors including Philip Freneau Susan Cooper Lydia Sigourney John Greenleaf Whittier Francis Parkman Oliver Wendell Holmes and especially Henry David Thoreau Emily Dickinson and William Dean Howells freely employ Indian summer imagery in their works In the context of modern American Studies Sweeting s study is part of a post modern scholarly discussion of how tangible realities such as climate are mediated even forged by social needs Sweeting further investigates the imaginative early nineteenth century invention of New England regional identity and integrates traditional American Studies literary and

historical concerns with a contemporary interest in the environment and sense of place Sweeting's graceful lively and accessible style beckons not only scholars of American literature and the nineteenth century but any traveler seeking the glories of autumn in New England     Placing History Anne Kelly Knowles, Amy Hillier, 2008 CD ROM contains Four Microsoft PowerPoint presentations and interactive mapping exercises some of which extend the scholarly material and addresses new issues related to historical GIS     **The Great Meadow** Brian Donahue, 2004-01-01 Employing precise geographical information system GIS mapping of land ownership and land use Donahue describes how the land was settled and how mixed husbandry was developed in Concord By reconstructing several farm neighborhoods and following them through many generations he reveals a diverse sustainable farming system of tillage orchards pastures hay meadows and woodlots that required careful management of soil and water Donahue concludes that ecological degradation came to Concord only later when nineteenth century economic and social forces undercut the environmental balance that earlier colonial farmers had nurtured BOOK JACKET     Franconia Notch and the Women who Saved it Kimberly A. Jarvis, 2007 An early 20th century case study of evolving grassroots notions of preservation and the role of women in the American conservation movement     **Cape Wind Energy Project** , 2004     *Quotable New Englander* Eric D. Lehman, 2018-10-01 From the Mayflower's landing to the age of the internet New Englanders have always had something to say Focusing on the unique qualities of both land and people The Quotable New Englander showcases the linguistic insight of the region's native and adopted sons and daughters from writers like Emily Dickinson to politicians like John F Kennedy Sometimes insightful sometimes hilarious these quotes will have readers smiling laughing and shaking their heads
