Reflections Notes Of A Psychologist:

Reflections on the Principles of Psychology Michael G. Johnson, Tracy B. Henley, 2013-04-15 This important volume looks back to 1890 and 100 years later asks some of the same questions William James was asking in his *Principles of Psychology*. In so doing it reviews our progress toward their solutions. Among the contemporary concerns of 1990 that the editors consider are the nature of the self and the will, conscious experience, associationism, the basic acts of cognition and the nature of perception. Their findings, although the developments in each of these areas during the last 100 years have been monumental, James' views as presented in the *Principles* still remain viable and provocative. To provide a context for understanding James, some chapters are devoted primarily to recent scholarship about James himself, focusing on the time the *Principles* was written, relevant intellectual influences and considerations of his understanding of this new science of psychology. The balance of this volume is devoted to specific topics of particular interest to James. One critical theme woven into almost every chapter is the tension between the role of experience or phenomenological data within a scientific psychology and the viability of a materialistic or biologically reductive account of mental life. Written for professionals, practitioners and students of psychology in all disciplines.

Transforming Curriculum Through Teacher-Learner Partnerships Nair, Pradeep, Keppell, Michael James, Lim, Chee Leong, Mari, Tamil Salvi, Hassan, Nurhanim, 2020-12-11 Empowering learners for life requires a fundamental shift in higher education curriculum design New priorities pedagogies technologies spaces and assessment strategies are required to enable learners to take ownership of their learning Student centeredness concepts are still prescriptive in nature as most decisions on curriculum assessment teaching and learning approaches are still teacher centric Teachers are developing student centered learning environments without the involvement of the learners in the planning decision making and or design process In addition some lecturers are still practicing the traditional approaches of content delivery and conventional assessment methods rather than experimenting with innovative practices suited for student centered approaches Therefore there is an ongoing need for research focused on the importance and effectiveness of a paradigm shift in education that involves student teacher partnerships fueled by innovative teaching and learning designs where students take an active role and contribute as partners in learning Transforming Curriculum Through Teacher Learner Partnerships captures experiences and evidence among teachers in exploring the possibility of active student participation in curriculum design delivery and assessment through teacher learner partnership The chapters address issues of teacher learner partnerships in designing the learning environment and how student centered methods create resilient adaptable and future capable learners While highlighting topics within this scope such as learner autonomy learning performance self efficacy and teaching pedagogy this book is ideally intended for teachers administrators teacher educators practitioners stakeholders researchers academicians and students interested in issues related to the teacher learner partnership

The psychology of the saints (authorised tr.)

with preface and notes by G. Tyrrell Jules Charles Henri Joly, 1898 *Jungian Reflections on Systemic Racism*

Christopher Jerome Carter, Tiffany Houck, 2023-06-23 *Jungian Reflections on Systemic Racism* is a unique contribution of Jungian analysts and analysts in training who provide individual perspectives and approaches to promoting greater inclusivity in analytical theory training and practice This book examines issues of racism through intrapsychic interpersonal and archetypal lenses Drawing from the specificity and ingenuity of Jungian psychoanalysis the authors provide personal narratives clinical vignettes and theoretical perspectives that exemplify ways of comprehending and furthering the work of anti racism The editors assert that without deeper exploration of our theories distinguishing between the theory itself and the theorist s unconscious biases our clinical paradigms unconsciously align and thus perhaps promote an attitude of white supremacy in psychoanalytic training programs and practices Without claiming to reflect the official view of any particular psychoanalytic community it utilizes Jung s analytic paradigm to offer insight into the dynamics of the cultural complex of racism from a depth psychological perspective *Jungian Reflections on Systemic Racism* is an important resource for psychoanalytic students trainees supervisors and practitioners as well as for clinicians medical professionals social workers mental health professionals sociologists and anyone interested in the wide impact of the unscientific construct of race

Transforming Wisdom Felicity Kelcourse, K. Brynolf Lyon, 2015-10-09 *Transforming Wisdom* offers an extensive multidisciplinary introduction to pastoral psychotherapy from some of the most respected practitioners in the field With special attention to theological perspectives on the practice of psychotherapy this collection of essays will be useful to students seeking an orientation to the art and science of pastoral psychotherapy as well as to seasoned professionals looking to refresh and renew their practice As the subtitle *Pastoral Psychotherapy in Theological Perspective* suggests this book is intended to represent the field of pastoral psychotherapy as a mental health discipline that maintains intentional dialogue with its theological roots Even as pastoral psychotherapy has developed from the ancient notion of the cure of souls to the current search for a psychology of happiness therapists grounded in faith communities seek a practice that is respectful of all persons mindful of the deep wisdom that emanates from the true self or soul While many contributors write from a psychoanalytic or psychodynamic perspective grounded in Christian theological idioms diverse theoretical perspectives including Emotionally Focused Couples Therapy Narrative Therapy Buddhist Mindfulness and Jungian understanding of individuation are represented Developing a Sport Psychology Consultancy Practice Vaithehy
