Jonathan Edwards and Hebrews Joseph T. Cochran, 2025-02-10 This publication is the first survey of Jonathan Edwards s harmonic interpretation of Epistle to the Hebrews This methodology emphasized harmony between the history of the world and its account in the Word Drawn from a planned publication on The Harmony of the Old and New Testament the harmonic interpretation of Jonathan Edwards sought to harmonize the Old and New Testament by employing three habits 1 the habit of observing Old Testament prophetic fulfillment in the person and work of Christ in the New Testament 2 the habit of perceiving typology in the natural world and Scripture that typified the Messiah Jesus Christ 3 the habit of harmonizing the Old and New Testament according to its

doctrines and precepts After introducing this methodology to readers this study provides eight thematic case studies on how Edwards demonstrated this methodology in his interpretation of the Epistle to the Hebrews

Reflections on the Works of God ... Translated ... by the Revd Dr Balfour Christoph Christian STURM, 1810

Reflections Bronte Pech, 2024-12-10 Seldom do we have time to pause for a while and reflect on happenings and events in our everyday life From television to travel and from literature to love these random thoughts may fill a few gaps Reflections is a collection of concise essays on topics that have captured the author's attention while journeying in Europe and Australia

Reflections on Europe Hans-Åke Persson, 2007 When Dutch and subsequently French voters rejected the Draft Treaty for a Constitution for Europe in Spring 2005 many voices called for a pause for reflection This book is in part a result of that moment of reflection We wanted to contribute to the debate about Europe but crucially we sought to do so by taking a step back from the problem formation and agenda setting of Brussels For the authors of this volume one key to establishing critical distance has been the reappraisal of the historical perspective Another has been the problematisation of Europe as a space as opposed to looking for a definition of borders The authors also seek critical distance through a focus on the tension between Europe as a culture as a polity and as an economy These tensions have often been neglected or even ignored and the relationships have been seen as more or less synonymous and harmonious The aim of this volume then is two fold It wants developing a critical distance to the present Europe to contribute to the vivid academic research and debate on Europe which too often either develops distance without commenting on the present state of affairs or comments on the present without critical distance
