Reflections On Philosophy And Religion:

Reflections on Philosophy and Religion Alan Donagan, 1999-02-25 This book contains the collected papers of Alan Donagan on topics in the philosophy of religion Donagan was respected as a leading figure in American moral philosophy His untimely death in 1991 prevented him from collecting his philosophical reflections on religion particularly Christianity and its relation to ethics and other concerns This collection therefore constitutes the fullest expression of Donagan's thought on Christianity and ethics in which it is possible to discern the outlines of a coherent overarching theory Editor Anthony Perovich has supplied a useful introduction which brings Donagan's work into focus and brings out the unifying themes in the essays

The Christian Philosophy of Life Tilmann Pesch, 2015-07-12 Excerpt from The Christian Philosophy of Life Reflections on the Truths of Religion The author of The Christian Philosophy of Life has reached the close of his earthly pilgrimage Finita sunt omnia In nomine Patris et Filii et Spiritus Sancti Amen Such were his last words On October 18 1899 death came to end his sharp prolonged sufferings It found him an exile at Valkenburg a small town in the

Netherlands and his mortal remains have been laid to rest in foreign soil but we trust that his soul is at home once more in the land where light and peace reign eternally Tilmann Pesch was born in Cologne on February 1 1836 and entered the novitiate of the Society of Jesus at Munster on October 15 1852 He was consecrated to the priesthood in January 1866 by that splendid champion of the liberty of the Church Wilhelm Emmanuel von Ketteler in the chapel of the episcopal palace at Munich and made his solemn vows at Aix la Chapelle on February 2 1871 For the space of many years he filled the post of lecturer on philosophy first at Maria Laach and subsequently at Blijenbeck in Holland The numerous works for which we are indebted to his pen form no mean contribution to Catholic letters and attest alike his intellectual gifts and industry whilst through the medium of his spiritual writings sermons and conferences he has brought counsel and comfort to many souls Wide learning in his case was accompanied by a childlike humility and his gentle benignant spirit knew neither fear nor compromise wherever principles were at stake About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

The Christian Philosophy of Life Tilmann Pesch, 1909

Coleridge, Philosophy and Religion Douglas Hedley, 2000-06-22 Coleridge's relation to his German contemporaries constitutes the toughest problem in assessing his standing as a thinker For the last half century this relationship has been described ultimately as parasitic As a result Coleridge's contribution to religious thought has been seen primarily in terms of his poetic genius This book revives and deepens the evaluation of Coleridge as a philosophical theologian in his own right Coleridge had a critical and creative relation to and kinship with German Idealism Moreover the principal impulse behind his engagement with that philosophy is traced to the more immediate context of English Unitarian Trinitarian controversy of the eighteenth and nineteenth centuries The book re-establishes Coleridge as a philosopher of religion and as a vital source for contemporary theological reflection

The Future of the Philosophy of Religion M. David Eckel, C. Allen Speight, Troy DuJardin, 2020-10-12 This collection of essays on the philosophy of religion and its future brings together accomplished thinkers across several related fields from comparative philosophy to analytic and continental philosophy of religion and beyond Contributing authors address pressing questions including Where does philosophy stand in relation to religion and the study of religion in the 21st century How ought the philosophy of religion to interact with religious studies and theology to make for fruitful interdisciplinary engagement And what does philosophy uniquely have to offer to the broad discourse on religion in the modern world Through exploring these questions and more the authors goal is not that of meeting the philosophical future but of forging it Readers will enter a vivid conversation through engaging essays

which demonstrate the importance of disciplinary openness and show that we do not need to sacrifice depth in order to achieve breadth. Modernity and postmodernity come together in a constantly evolving discussion that moves the philosophy of religion forward while keeping an eye toward the experience accumulated in past centuries. This book will interest students of philosophy, theology, religious studies, and other fields that wonder about the place of philosophy and religion in today's world. It also has much to offer advanced scholars in these fields through its breadth and forward thinking.

Religions and the Truth Hendrik M. Vroom, 1990 Hume's Reflection on Religion Miguel A. Badía Cabrera, 2012-12-06

This book presents a comprehensive interpretation of Hume's serious reflection on religion from the perspective afforded by his philosophical project and its Enlightened ends. I relate his account of the origin, development, and significant effects of religious beliefs to his own historical works and conversely take the former as the leading thread into the disclosure of a Humean philosophy of history. I also critically analyze his views about the eminently irrational and feigned character of most religious faith and its inevitable negative effect on morality. Finally, I examine Hume's attack on the validity of the conclusions of rational theology. Reasonable support is provided for the claim that the belief in God as an intelligent author of the universe is a natural and reasonable belief. This work may interest both scholars and general readers who are intrigued or troubled by religion and the issues of the utmost importance which it raises. *Reflections on God and the Death of God*

Richard White, 2021-10-31. What is God? What does it mean to believe in God? What happens to God after the death of God? This book examines the death of God from a philosophical standpoint. It focuses on monotheism, polytheism, and nature and it discusses the renewed importance of spirituality and the spiritual but not religious in response to the death of God. In recent years, religious belief has been in decline, but secularism cannot satisfy our spiritual needs. We are now living in a post-secular age in which the relationship between philosophy, spirituality, and religion must be re-examined. As an exploratory essay, this book engages the reader at a profound level and considers a variety of modern thinkers including Nietzsche, Hegel, Freud, Levinas, Assmann, and Buber. It offers a sustained meditation on the origin of God, the death of God, and the future of God as a guiding ideal. **CHRISTIAN PHILOSOPHY OF LIFE** TILMANN. PESCH, 2018 *Thoughts on Religion and Philosophy*

William Gresley (Prebendary of Lichfield.), 1875 *Philosophy and the Study of Religions* Kevin Schilbrack, 2014-03-03. *Philosophy and the Study of Religions: A Manifesto* advocates a radical transformation of the discipline from its current narrow focus on questions of God to a fully global form of critical reflection on religions in all their variety and dimensions. Opens the discipline of philosophy of religion to the religious diversity that characterizes the world today. Builds bridges between philosophy of religion and the other interpretative and explanatory approaches in the field of religious studies. Provides a manifesto for a global approach to the subject that is a practice-centred rather than a belief-centred activity. Gives attention to reflexive critical studies of religion as socially constructed and historically located. **Reflections in the Mirror of Religion** Ninian Smart, 1997. The essays selected for this volume represent Professor Ninian Smart's most

contemporary reflections on major issues in the field of religious studies Beginning with the investigations into the possibility of a science of religion Professor Smart then goes on to consider how sociology of religious knowledge can be developed

Theological Reflection and the Pursuit of Ideals Dale Wright,Maria Antonaccio,2016-02-17 Contemporary thought is marked by heated debates about the character purpose and form of religious thinking and its relation to a range of ideals spiritual moral aesthetic political and ecological to name the obvious This book addresses the interrelation between theological thinking and the complex and diverse realms of human ideals What are the ideals appropriate to our moment in human history and how do these ideals derive from or relate to theological reflection in our time In *Theological Reflection and the Pursuit of Ideals* internationally renowned scholars from a range of disciplines physics art literary studies ethics comparative religion history of ideas and theology engage with these crucial questions with the intention of articulating a new and historically appropriate vision of theological reflection and the pursuit of ideals for our global times
