**Reform and Insurrection in Russian Poland, 1856-1865**, 1963 *Political Repression in 19th Century Europe*

Robert Justin Goldstein, 2013-06-17 Originally published in 1983 The nineteenth century was a time of great economic social and political change As Europe modernized previously ignorant and apathetic elements in the population began to demand political freedoms There was pressure also for a freer press for the rights of assembly and association The apprehension of the existing elites manifested itself in an intensification of often brutal form of political repression The first part of this book summarizes on a pan European basis the major techniques of repression such as the denial of popular franchise and press censorship This is followed by a chronological survey of these techniques from 1815 1914 in each European country The book analyzes the long and short term importance of these events for European historical development in the 19th and 20th centuries **Historical Studies** University of London, 1970 **The Bolsheviks and the Russian Empire** Liliana

Riga, 2012-11-12 This comparative historical sociology of the Bolshevik revolutionaries offers a reinterpretation of political radicalization in the last years of the Russian Empire Finding that two thirds of the Bolshevik leadership were ethnic minorities Ukrainians Latvians Georgians Jews and others this book examines the shared experiences of assimilation and socioethnic exclusion that underlay their class universalism It suggests that imperial policies toward the Empire's diversity radicalized class and ethnicity as intersectional experiences creating an assimilated but excluded elite lower class Russians and middle class minorities universalized particular exclusions as they disproportionately sustained the economic and political burdens of maintaining the multiethnic Russian Empire The Bolsheviks social identities and routes to revolutionary radicalism show especially how a class universalist politics was appealing to those seeking secularism in response to religious tensions a universalist politics where ethnic and geopolitical insecurities were exclusionary and a tolerant imperial imaginary where Russification and illiberal repressions were most keenly felt War and Social Change in Modern Europe

Vilnius between Nations, 1795-2000 Theodore R. Weeks, 2015-12-04 The inhabitants of Vilnius the present day capital of Lithuania have spoken various languages and professed different religions while living together in relative harmony over the years The city has played a significant role in the history and development of at least three separate cultures Polish Lithuanian and Jewish and until very recently no single cultural linguistic group composed the clear majority of its population Vilnius between Nations 1795-2000 is the first study to undertake a balanced assessment of this particularly diverse city Theodore Weeks examines Vilnius as a physical entity where people lived worked and died as the object of rhetorical struggles between disparate cultures and as a space where the state attempted to legitimize a specific version of cultural politics through street names monuments and urban planning In investigating these aspects Weeks avoids promoting any one national narrative of the history of the city while acknowledging the importance of national cultures and their opposing myths of the city's identity The story of Vilnius as a multicultural city and the negotiations that allowed several national groups to inhabit a single urban space can provide lessons that are easily applied to other diverse cities This study will appeal to scholars of Eastern Europe urban studies and multiculturalism as well as general readers interested in the region

Imperial Russian Foreign Policy Hugh Ragsdale, V. N. Ponomarev, 1993-10-29 Imperial Russian Foreign Policy aims to demythologise a field hitherto dominated by suspicions of diabolical cunning inscrutable motives and international plots using unseen forces of the gigantic fear inspiring empire of the tsar The contributors leading historians from both Russia and the West examine Imperial foreign policy from its origins to the October Revolution revealing a policy that as in other countries had a complex of motives commerce nationalism the interests of various social groups but an unusual origin coming almost exclusively from the entourage of the tsar The work is based largely on original research in Soviet archives which only became possible after Soviet glasnost

*Intermarium* Marek Jan Chodakiewicz, 2017-09-08 History and collective memories influence a nation its culture and institutions hence its domestic politics and foreign policy That is the case in the Intermarium the land between the Baltic and Black Seas in Eastern Europe The area is the last unabashed rampart of Western Civilization in the East and a point of convergence of disparate cultures Marek Jan Chodakiewicz focuses on the Intermarium for several reasons Most importantly because as the inheritor of the freedom and rights stemming from the legacy of the Polish Lithuanian Ruthenian Commonwealth it is culturally and ideologically compatible with American national interests It is also a gateway to both East and West Since the Intermarium is the most stable part of the post Soviet area

Chodakiewicz argues that the United States should focus on solidifying its influence there. The ongoing political and economic success of the Intermarium states under American sponsorship undermines the totalitarian enemies of freedom all over the world. As such, the area can act as a springboard to addressing the rest of the successor states including those in the Caucasus, Central Asia, and the Russian Federation. Intermarium has operated successfully for several centuries. It is the most inclusive political concept within the framework of the Commonwealth. By reintroducing the concept of the Intermarium into intellectual discourse, the author highlights the autonomous and independent nature of the area. This is a brilliant and innovative addition to European Studies and World Culture. International bibliography of reprints Christa Gnirss, 1976
