and R. Paddison

Reform Of Local Government Finance In Britain

Bill Jones

Reform Of Local Government Finance In Britain:

Reform of Local Government Finance in Britain Ronan Paddison, S. J. Bailey, 2013-10-15 First Published in 1988 This book of readings was compiled during the period between publication of the Green Paper Paying for Local Government Cmnd 9714 in January 1986 and the passage of the English and Welsh Community Charge Poll Tax Bill through Parliament during the first half of 1988 The Scottish Bill reached the statute book in May 1987 Whilst the Scottish Bill had a fairly easy passage through Parliament that for England and Wales generated a particularly contentious debate centred on the lack of account taken of the ability to pay the tax This book provides the reader with a balanced and comprehensive examination of the

British Poll Tax system The reform of local government finance in Britain Stephen J. Bailey, 1989 **Local Government**

Finance Ronan Paddison, Stephen Bailey, 2024-09-02 Originally published in 1961 this book became widely used as a textbook as an important source of primary data on British government expenditure statistics and as the point of departure for further empirical and analytical studies of the behaviour of governments The book was recognised as one of the formative influences in the development of a positive theory of government expenditure which sought to explain the size and structure of the system of public finance rather than justify it Local Government in Britain Since Reorganisation Alan

Alexander, 2024-10-01 Originally published in 1982 this book was the first comprehensive critical assessment of the outcome of the controversial reorganisation of British local government outside London which took place between 1973 and 1975 The book deals with the new systems in England Wales and Scotland drawing upon the results of almost 100 in depth interviews with leading members and officers from Shetland to Cornwall from major cities to rural districts Liaison between the tiers the effects of corporate management the spread of the office of chief executive the increasing levels of partisanship and the changing face of central local relations are examined on the basis of close observation and practical experience rather than theoretical preconceptions British Politics Simon Griffiths, Robert Leach, 2018-03-14 Fully revised and updated third

edition of a popular established textbook providing a definitive introduction to Britain's politics political institutions and processes Comprehensively re worked and re structured to better align with courses this new edition places great emphasis on the changing context of British politics while addressing key themes such as the ongoing importance of gender and ethnicity to political and social life in Britain Furthermore the book's familiar authoritative style has been retained with a fresh look and revitalized pedagogical features to provide a complete learning package The book is designed for courses on or related to British politics Its accessible style and context setting Part 1 will make it ideal for students new to the field particularly those who haven't studied the subject at school level or international students but its rigour will stimulate and engage more experienced students New to this Edition Fully updated to cover the 2016 EU Referendum the 2017 General Election and other key political developments Politics in Action videos with key academic experts and practitioners offer differing viewpoints on the political system Expanded companion website featuring regular updates and additional pedagogic

tools for students and lecturers alike such as self test quizzes flashcards timelines a lecturer testbank and lecture slides
Vibrant and engaging full colour page design to help your students navigate the book s broad coverage *The Foundations of the British Conservative Party* Bradley W. Hart,Richard Carr,2013-08-01 This book provides a range of essays on aspects of the British Conservative Party from the late 19th century to the present day It offers fresh perspectives on Margaret Thatcher and Thatcherism Britain and Europe UK policy towards Ireland Conservatism and reform and the conservative ideology to name only a few of the key issues explored An accessible and concise overview this book is an important primer for anyone studying British politics history or social and political theory Included are contributions by leading scholars in British political history think tank commentators and a former Prime Minister It offers insights into the Conservative Party s staying power in spite of great social and political changes in the UK and the world It looks at how the party has functioned historically and what its future might be discussing its ideology and identity with reference to both Labour and Liberal opponents Fundamentally it considers the conservative appeal to the electorate conservative policy in both theory and practice and debates that have taken place within and outside the party itself Whether interested in Winston Churchill and David Lloyd George or David Cameron and Nick Clegg this work is intended to inform and challenge scholars and political practitioners alike

Structural Reform of British Local Government Michael Chisholm,2000 The book reviews the reasons for the reforms the processes and outcomes in the three countries and the nature of the evidence that was available for the advantages and disadvantages of reorganisation Two chapters compare the prior assessments of the financial costs and benefits with the actuality and the final chapter discusses some important lessons for national governance Jacket

Taxation Simon R. James,Simon James,2002 **The Reorganisation of British Local Government** John Dearlove,1979-09-20 This volume was first published in 1979 just a few years after the Local Government Act of 1972 redrew the map of British local government Local authorities were also encouraged to change their organization and methods of work anxiety was expressed about finance councillor calibre and the credibility of the whole system itself and neighbourhood councils and public participation in planning were introduced John Dearlove s aim is to make sense of these changes and the discussion they generated He does this by showing that both the official case for reorganization and the academic discussion of it have hindered their own understanding by uncritically accepting superficial traditional wisdoms which fail to reveal the concealed ideological positions behind reorganization Thus he aims to develop a truly political perspective on reorganisation which is rounded out and given greater depth by the insertion at appropriate points of comparative material drawn from American experience and studies British Political Facts David Butler,Anne Sloman,1969-09-01 *British Political Facts 1900-1979* David Butler,Anne Sloman,1980-02-01 Local Government in the United Kingdom David Wilson,Chris Game,2011-04-12 During its 13 years of office Labour s modernization agenda transformed the world of UK local government Amidst a starkly altered political and economic climate the coalition government formed in 2010 pledged to implement

equally radical changes to the system Taking account of the coalition s programme for government and its first round of spending cuts the completely revised and updated fifth edition of this popular and established text is timed to take full advantage of this historic juncture David Wilson and Chris Game provide readers with systematic coverage of the UK s local government The book examines its defining features its history changing structure operations functions financing and its relations with central government The fifth edition gives additional emphasis to local government in the devolved regions of the UK and provides more extensive analysis of centre local government relations The authors deliver a thorough critique of Labour s third term in office Looking ahead the book anticipates the future of local government under the coalition government Two themes look likely to dominate policy making decentralization and cuts to public spending With its clear accessible non technical style and popular illustrations *Local Government in the United Kingdom* will be essential reading for students practitioners and anyone with an interest in local politics *British Record* British Information Services,1972

Politics UK Bill Jones, Philip Norton, Isabelle Hertner, 2025-07-31 This revised and updated eleventh edition of the bestselling textbook *Politics UK* is an indispensable introduction to British politics It provides a thorough and accessible overview of the institutions and processes of British government an excellent grounding in British political history and an incisive introduction to the issues and challenges facing Britain today This edition welcomes rigorously updated revised chapters It delivers excellent coverage of contemporary events with significant new material covering the tumultuous end of the dominant Conservative party era under Johnson the brief and contrasting Truss and Sunak premierships followed by the seismic Labour general election victory for Keir Starmer in 2024 and the first stuttering steps of the new administration the continued cost of living crisis and inflation continued challenges around the UK s place in a post Brexit world and position on the invasion of Ukraine climate change and much more Other features of the new edition include A wide range of illustrative material boxes and case studies providing illuminating examples alongside the analysis A comprehensive who s who of politics in the form of Profile boxes featuring key political figures Point of View pieces containing short articles on salient and pressing topics written by distinguished commentators including Sir Anthony Seldon Claire Ainsley David Gauke and James O Brien Online resources including interactive questions per chapter flashcards of key terms annotated weblinks new discussion questions video interviews with politicians and more With chapters written by highly respected scholars in the field and contemporary articles on real world politics from well known political commentators this textbook is an essential guide for all students of British politics **IMF Working Paper** ,1990 *The New British Constitution* Vernon Bogdanor, 2009-06-03 The last decade has seen radical changes in the way we are governed Reforms such as the Human Rights Act and devolution have led to the replacement of one constitutional order by another This book is the first to describe and analyse Britain s new constitution asking why it was that the old system seemingly hallowed by time came under challenge and why it is being replaced The Human Rights Act and the devolution legislation have the character of

fundamental law They in practice limit the rights of Westminster as a sovereign parliament and establish a constitution which is quasi federal in nature The old constitution emphasised the sovereignty of Parliament The new constitution by contrast emphasises the separation of powers both territorially and at the centre of government The aim of constitutional reformers has been to improve the quality of government But the main weakness of the new constitution is that it does little to secure more popular involvement in politics We are in the process of becoming a constitutional state but not a popular constitutional state The next phase of constitutional reform therefore is likely to involve the creation of new forms of democratic engagement so that our constitutional forms come to be more congruent with the social and political forces of the age The end point of this piecemeal process might well be a fully codified or written constitution which declares that power stems not from the Queen in Parliament but instead as in so many constitutions from We the People The old British constitution was analysed by Bagehot and Dicey In this book Vernon Bogdanor charts the significance of what is coming to replace it The expenses scandal shows up grave defects in the British constitution Vernon Bogdanor shows how the constitution can be reformed and the political system opened up in *The New British Constitution* **Britain Unwrapped** Hilaire Barnett, 2002-06-27 *Britain Unwrapped* provides a wide ranging discussion of the contemporary system of government It takes apart the constitutional framework the current system and the workings of government Parliament and the legal system The relationship between Britain and the EU the domestic legal systems and the law of the EU are also covered Written in a period that has witnessed extensive and on going constitutional reform the text discusses the major areas of reform and looks in detail at such key issues as the Human Rights Act reform of the House of Lords devolution and voting reform *Britain Unwrapped* is succinct readable and a key book both for general readers and students wishing to understand how Britain is really run *British Political Facts 1900-1985* David Butler, 1986-02-01 *British Politics* Bill Jones, 2020-11-03 Fully updated and expanded the second edition of this still compact text on British politics expertly analyses the major changes in British political life placing them revealingly within the context of the evolution of British society from absolute monarchy to representative democracy The author considers each of the major components of British politics in digestible chapters such as the Monarchy and the House of Lords the Commons voting behaviour parties and pressure groups the prime minister and cabinet devolution local government and foreign policy The book includes two new chapters on the EU referendum and Brexit and the extraordinary December 2019 election as well as coverage of events such as the coronavirus pandemic and the respective travails of the increasingly split two major political parties This readable and comprehensive introduction will be of key interest to A level students undergraduates and those new to the study of British politics **The Rise and Fall of British Liberalism** Alan Sykes, 2014-09-25 Here is the first book to cover the history of British Liberalism from its founding doctrines in the later eighteenth century to the final dissolution of the Liberal party into the Liberal Democrats in 1988 The Party dominated British politics for much of the later nineteenth century most notably

under Gladstone whose premierships spanned 1868 1894 and during the early twentieth but after the resignation of Lloyd George in 1922 the Liberal Party never held office again The decline of the Party remains a unique phenomenon in British politics and Alan Sykes illuminates its dramatic and peculiar circumstances in this comprehensive study

Right here, we have countless ebook **Reform Of Local Government Finance In Britain** and collections to check out. We additionally find the money for variant types and with type of the books to browse.
