**Contemporary American Judaism** Dana Evan Kaplan, 2011 No longer controlled by a handful of institutional leaders based in remote headquarters and rabbinical seminaries American Judaism is being transformed by the spiritual decisions of tens of thousands of Jews living all over the United States A pulpit rabbi and himself an American Jew Dana Evan Kaplan follows this religious individualism from its postwar suburban roots to the hippie revolution of the 1960s and the multiple postmodern identities of today From Hebrew tattooing to Jewish Buddhist meditation Kaplan describes the remaking of historical tradition in ways that channel multiple ethnic and national identities While pessimists worry about the vanishing American Jew Kaplan focuses on creative responses to contemporary spiritual trends that have made a Jewish religious renaissance possible He believes that the reorientation of American Judaism has been a bottom up process resisted by elites who have reluctantly responded to the demands of the spiritual marketplace The American Jewish denominational structure is therefore weakening at the same time that religious experimentation is rising leading to the innovative approaches supplanting existing institutions The result is an exciting transformation of what it means to be a religious American Jew in the twenty first century      *Jewish Choices* Bernard Lazerwitz, J. Alan Winter, Arnold Dashefsky, Ephraim Tabory, 2012-03-21 Having a religious preference and expressing it via a denominational choice is a fundamental way Americans relate to their society Similarly American Jews have divided their religion into four parts Orthodox Conservative Reform and no preference Jews This book focuses on how Jewish lifestyles are expressed through denominational affiliation The development of American Jewish denominations is viewed as more a matter of individual choice than family heritage The characteristics of individual adherents of the three major denominations vary systematically as does one's involvement both in local Jewish communities and in the community at large The authors show that as one goes from Orthodox to no preference Jews the extent of religious expression ethnic attachments and Jewish community involvement declines They project the distribution of

denominational preference in 2010 and conclude with recommendations for those who wish to see Jewish identity survive and thrive in America

*The Union Bulletin* , 1921

**Historians of the Jews and the Holocaust** David Engel, 2009-12-07 The Nazi Holocaust is often said to dominate the study of modern Jewish history Engel demonstrates that to the contrary historians of the Jews have often insisted that the Holocaust be sequestered from their field assigning it instead to historians of Europe Germany or the Third Reich He shows that reasons for this counterintuitive situation lie in the evolution of the Jewish historical profession since the 1920s This one of a kind study takes readers on a tour of twentieth century scholars of the history of European Jewry and the social and political contexts in which they worked in order to understand why many have declined to view their subject from the vantage point of Jews encounter with the Third Reich Engel argues vehemently against this separation and describes ways in which a few exceptional scholars have used the Holocaust to illuminate key problems in the Jewish past
