Reformed Confessions of the 16th and 17th Centuries in English Translation James T. Dennison, 2015-03-08 This multi volume set compiles numerous Reformed confessions of the sixteenth and seventeenth centuries translated into English For many of these texts this is their debut in the Anglo Saxon vernacular It provides the English speaking world a richer and more comprehensive view of the emergence and maturation of Reformed theology in these foundational centuries for Reformed thought and foundational summaries of Reformed doctrine for these centuries Each confessional statement is preceded by a brief introduction containing necessary historical and bibliographical background The confessions are arranged chronologically Publisher

The Christ's Faith Michael Allen, 2011-11-03 The Christ's Faith coheres with orthodox Christology and Reformation soteriology and needs to be affirmed to properly confirm the true humanity of the incarnate Son Without addressing the interpretation of the Pauline phrase *pistis christou* this study offers a theological rationale for an exegetical possibility and enriches a dogmatic account of the humanity of the Christ The coherence of the Christ's faith is shown in two ways First the objection of Thomas Aquinas is refuted by demonstrating that faith is fitting for the incarnate Son Second a theological ontology is offered which affirms divine perfection and transcendence in qualitative fashion undergirding a Chalcedonian and Reformed Christology Thus the humanity of the Christ may be construed as a fallen human nature assumed by the person of the Word and sanctified by the Holy Spirit The dogmatic location of The Christ's Faith is sketched by suggesting its potential function within three influential theological systems Thomas Aquinas federal theology and Karl Barth Furthermore the soteriological role of the doctrine is demonstrated by showing the theological necessity of faith for valid obedience before God

Underground Protestantism in Sixteenth Century Spain Frances Luttikhuisen, 2016-12-05 Frances Luttikhuisen chronicles the arrival reception and suppression of Protestant thought in sixteenth century Spain referred to at that time as Lutheranism It opens

with several chapters describing the socio political religious context that prevailed in Spain at the beginning of the sixteenth century and the growing trend to use the vernacular for parts of the Mass as well as for catechizing the populace Special attention is given to the forerunners that is the early alumbrado deizados the role of Cardinal Cisneros and the impact of Erasmus and Juan de Valdes etc The use of archival material provides new details regarding the historical framework and the spread of evangelical thought in sixteenth century Spain These dispatches and trial records greatly enrich the main body of the work which deals with the arrival and confiscation of evangelical literature the attitude of Charles V and Philip II towards religious dissidents and the severe persecution of the underground evangelical circles at Seville and Valladolid Special attention is given to the many women involved in the movement The recurrent mention of the discovery and confiscation of prohibited literature shows how books played an important role in the development of the movements The final chapters focus on the exiles and their contributions the persecution of foreigners and the years up to the abolition of the Inquisition The work concludes with the efforts made in the nineteenth century to rediscover the history of the persecuted sixteenth century Spanish Protestants and their writings

The Oxford Handbook of Sacramental Theology Hans Boersma, Matthew Levering, 2015-08-06 As a multi faceted introduction to sacramental theology the purposes of this Handbook are threefold historical ecumenical and missional The forty four chapters are organized into the following parts five parts Sacramental Roots in Scripture Patristic Sacramental Theology Medieval Sacramental Theology From the Reformation through Today and Philosophical and Theological Issues in Sacramental Doctrine Contributors to this Handbook explain the diverse ways that believers have construed the sacraments both in inspired Scripture and in the history of the Church s practice In Scripture and the early Church Orthodox Protestants and Catholics all find evidence that the first Christian communities celebrated and taught about the sacraments in a manner that Orthodox Protestants and Catholics today affirm as the foundation of their own faith and practice Thus for those who want to understand what has been taught about the sacraments in Scripture and across the generations by the major thinkers of the various Christian traditions this Handbook provides an introduction As the divisions in Christian sacramental understanding and practice are certainly evident in this Handbook it is not thereby without ecumenical and missional value This book evidences that the story of the Christian sacraments is despite divisions in interpretation and practice one of tremendous hope

Evangelical Dictionary of Theology Walter A. Elwell, 2001-05 This thoroughly updated edition of a standard reference tool covers systematic historical and philosophical theology as well as theological ethics

One Church in Christ Troy J. Onsager, 2023-09-25 This book is devoted to understanding the confessional foundations of church unity in the earlier theology of Karl Barth This book follows Barth s academic and ecclesiastical career from the years 1921 to 1938 as he moves from a nonconfessional pastor in Switzerland prior to his first teaching post in Gottingen to articulating in his first volume of Church Dogmatics the critical and essential authority of the church s confession in its public witness at the start of his final teaching post in Basel During

these years each academic placement and public ecclesiastical assignment is crucial for understanding the development of Barth's confessional theology in order to make sense of his mature dogmatic understanding of the authority of the church's confession in CD I 2

Incarnation and Sacrament Jonathan Bonomo, 2010-03-01 The nineteenth century Eucharistic controversy between Charles Hodge and John Williamson Nevins is an important episode in the history of American Christianity. Hodge and Nevins battled over issues that lie at the heart of Christian faith and piety such as Why did God become man? What bearing does the incarnation of Christ have on the redemption of the world? How are believers on earth united with the ascended Christ who is in heaven? Is Christ really present in the Lord's Supper? And if so then how is he made to be present? These are just a few of the age-old questions that Charles Hodge and John W. Nevins sought to answer and over which they came to vigorously contend. *Incarnation and Sacrament* provides an in-depth historical and theological analysis and assessment of the controversy that arose between these two great nineteenth-century American theologians. By doing so it aims to provide some illumination on the theological heritage of the Protestant churches in the United States of the twenty-first century.

T&T Clark Handbook of Neo-Calvinism Nathaniel Gray Sutanto, Cory Brock, 2024-01-25 Neo-Calvinism critically advances Reformed orthodoxy for the sake of modern life. Birthed in the Netherlands at the turn to the twentieth century initiated by Abraham Kuyper (1837-1920) and Herman Bavinck (1854-1921) it argued that a life before God entailed the leavening of faith over all human existence. While the movement originated in the Netherlands the tradition now has a global reach with practitioners and thinkers applying its insights in diverse ways and in their own contexts. This handbook is a genealogical introduction to this lively and modern branch of the Reformed tradition with contributors that reflect its global reach. Its four sections chart the theological roots, important original figures, historical contours, and the contemporary influence of neo-Calvinism across a diversity of fields.

The Glory of Kings Peter J. Leithart, John Barach, 2011-09-01 Over the past several decades Reformed theologian and biblical scholar James B. Jordan has produced a unique body of work. His electrifying commentaries and essays on Scripture along with his penetrating writings on Trinitarian theology, liturgics, music, and culture have inspired a growing number of pastors and theologians. In this Festschrift Jordan's friends and associates celebrate his contributions by applying his methods and insights to a range of biblical, theological, liturgical, and cultural questions. *The Glory of Kings* aims to bring Jordan's work to the attention of a wider audience and to introduce the work of a scholar that R. R. Reno has called one of the most important Christian intellectuals of our day.

40 Questions About Arminianism J. Matthew Pinson, 2022-04-19 The actual life and teaching of Jacobus Arminius are often unknown or misunderstood across many Protestant traditions. Answers beyond a basic caricature can be elusive. What are the essential historical backgrounds of Arminianism and what theological teachings connect to the Arminian point of view? Mixing solid historical research with biblical and doctrinal precision, Baptist scholar J. Matthew Pinson clarifies the foundations of this influential tradition. *40 Questions About Arminianism* addresses the following questions and more: Who was Jacobus Arminius?

How has the church interpreted God's desire that everyone be saved? How is Arminianism different from Calvinism? Can one be both Reformed and Arminian? What is universal enabling grace? What do Arminians mean by free will? Do Arminians believe that God predestines individuals to salvation? Is it possible for a Christian to apostatize? An accessible question and answer format helps readers pursue the issues that interest them most and encourages a broad understanding of historic and contemporary Arminianism with additional resources available at 40questions.net Protestantism, Poetry and Protest S.K. Barker, 2016-04-15 Antoine de Chandieu 1534-1591 was a key figure in the establishment and development of the French Protestant Church. Of all its indigenous leaders, he was perhaps closest to Calvin and took a leading role in all the major debates about resistance, church order and doctrine of the Church. He was also a prodigious writer of political, religious and poetical works whose output corresponds to a period of great turmoil in the progress of the French Church. Chandieu was uniquely placed not merely to engage and contribute to the great debates of the day but also to record ongoing events. By illuminating his career which meshed almost exactly with the French Wars of Religion, this book not only demonstrates the key role Chandieu played in the development of French Protestantism but also highlights the vital role of literature in shaping the religious experience of the wars. Offering the first systematic evaluation of Chandieu's vernacular works, this study questions many of the assumptions made about his motivations and aims and how these developed over a thirty-year period. His writings were contemporaneous with progress in the worlds of politics, theology and poetry, worlds in which he played a notable if not well-documented role. As a corpus, these works show the development of one man's understanding of his ideology over a lifetime actively spent in the pursuit of making that ideology a reality. Chandieu the young political hothead became Chandieu the defender of Calvinist theology who in turn matured into Chandieu the elder statesman. The interest lies in where these changes occurred, how they were reflected in Chandieu's writing and what they demonstrate about being Calvinist and a representative of one's faith in a time of disorder. As such, this book provides not only a reappraisal of the man and his publications but presents an intriguing perspective on the development of French Protestantism during this turbulent time. **evangelical review** James Nisbet, 1877 *The British and Foreign Evangelical Review*, 1877 Reformation Theology Matthew Barrett, 2017-03-16 Five hundred years ago the Reformers were defending doctrines such as justification by faith alone, the authority of Scripture and God's grace in salvation, some to the point of death. Many of these same essential doctrines are still being challenged today and there has never been a more crucial time to hold fast to the enduring truth of Scripture. In *Reformation Theology*, Matthew Barrett has brought together a team of expert theologians and historians writing on key doctrines taught and defended by the Reformers centuries ago. With contributions from Michael Horton, Gerald Bray, Michael Reeves, Carl Trueman, Robert Kolb and many others, this volume stands as a manifesto for the church, exhorting Christians to learn from our spiritual forebears and hold fast to sound doctrine rooted in the Bible and passed on from generation to generation. **Justification by Faith Alone** Theodore Beza, Amandus

Polanus, Francis Turretin, 2023-04-10 Available in English for the first time Theodore Beza Amandus Polanus and Francis Turretin defend the central doctrine of the Reformation
