## **Reformed And Feminist A Challenge To The Church:**

*Reformed and Feminist* Johanna W. H. Van Wijk-Bos, 1991-01-01 Explores the nature and function of Biblical authority in Christian feminism Drawing on her personal experiences of an early childhood spent in the Nazi occupied Netherlands and an adolescence in a faith community with a strong Calvinist cast the author illustrates the ways in which Biblical authority undergirds and expands feminist perspectives back cover **The Calling of the Church in Times of Polarization**

, 2022-10-31 In many societies all over the world an increasing polarization between contrasting groups can be observed Polarization arises when a fear born of difference turns into us versus them thinking and rules out any form of compromise This volume addresses polarizations within societies as well as within churches and asks the question given these dynamics what may be the calling of the church The authors offer new approaches to polarizing debates on topics such as racism social justice sexuality and gender euthanasia and ecology and agriculture in various contexts They engage in profound theological and ecclesiological reflection in particular from the Reformed tradition Contributors to this volume are Najib George Awad Henk van den Belt Nadine Bowers Du Toit Jaeseung Cha David Daniels David Fergusson Jan Jorrit Hasselaar Jozef Hehanussa Allan Janssen Klaas Willem de Jong Viktoria Kozin Philipp Pattberg Louise Prideaux Emanuel Gerrit Singgih Peter Ben Smit Thandi Soko de Jong Wim van Vlastuin Jan Dirk Wassenaar Elizabeth Welch Annemarieke van der Woude and Heleen Zorgdrager

**Reimagining God** Johanna W. H. Van Wijk-Bos, 1995-01-01

Johanna van Wijk Bos examines alternatives to the dominant male language associated with God in the Bible Focusing primarily on the Hebrew Bible Transforming Spirituality F. LeRon Shults, Steven J. Sandage, 2006-06 Explores the concept of spiritual transformation through the lenses of theology and psychology God Remembered Rachel Jenni Williams, 2013-01-23 The women of the Old Testament are brought to life afresh in this compelling and sensitive retelling of their stories in a feminist and Christian context Williams both celebrates affirming texts and tackles the challenge of difficult ones Her wide ranging treatment of varied stories about very different women reveal the rich tapestry of interweaving texts about women contained in the Old Testament and the patriarchal agendas that shaped them Whilst they belong to a different time culture and set of values Williams draws out their evergenerative capacity to afford us insight for today s church and world Katharine Dell Fellow and Director of Studies in Theology University of Cambridge Some of these texts delight some horrify and some perplex but under Williams careful tutelage we are challenged to reflect afresh on how it is these texts continue to address us today David G Firth Lecturer in Old Testament and Director of Research St John s College Nottingham

**Feminism and Christianity** Lynn Japinga, 1999 Some have raised the question Is it possible at the same time to be a Christian and a feminist Japinga asks the question a bit differently Is it possible not to be Like the other titles in the Essential Guides series the purpose of this book is simple to introduce college and seminary students to the basic questions and issues that arise from a feminist interpretation of Christianity The author explores the central ideas of Christian feminism including its critique of patriarchy in Christianity and its recovery of the presence actions and ideas of women What has been troublesome in Christianity for feminists and why How have Christian feminists dealt with these issues What resources are there in Christianity for the empowering and encouragement of women Beginning with an examination of women and the Bible the book explores biblical texts which define women negatively as well as those which emphasize women s strengths and ability and then outlines the various feminist approaches to the interpretation of Scripture It then moves to an overview of women in the history of Christianity and specifically of religion in America presenting both prevailing attitudes about women and the usually unheard stories of women After surveying the main questions a feminist method brings to the study of theology Japinga then explores certain theological questions How do we speak of God Who is Christ What does it mean to be human Written from a moderate feminist perspective this book provides a broad overview of feminist approaches to theological disciplines It emphasizes consensual scholarship rather than points of controversy It acquaints students with feminist analysis by way of the central themes common to feminist approaches to several disciplines and introduces readers to this material in ways that lessen the possibility that they will be threatened intimidated or angered by it While the book offers professors an affordable and accessible textbook choice it is also accessible for lay study groups in congregations

Authentic Congregations William H. Hopper, 2000-01-01 Using case studies of authentic congregations diverse Presbyterian congregations that are responding creatively and effectively in their social contexts William Hopper draws

insights for all congregations desiring more vital worship service and witness He offers wisdom for congregations about how to engage controversial issues and develop faithful ministries in challenging times The Princeton Seminary Bulletin Princeton Theological Seminary, 2006 Vols for 1907 1908 1936 1937 no 1 Commencement issue no 2 Necrology report no 3 News no 4 Catalogue v for 1937 1938 1938 1939 no 1 3 News no 2 Bulletin of courses no 4 Catalogue v for 1939 1940 1944 1945 no 1 4 News no 2 Bulletin of courses no 3 Catalogue v for 1945 1946 no 1 Bulletin of courses no 2 4 News no 3 Catalogue v for 1946 1947 1952 1953 no 1 3 4 News no 2 Catalogue **Ancient Taboos and Gender Prejudice** Leonie B. Liveris, 2017-03-02 This book explores the struggling genesis of a women s movement in the Orthodox Church through the ecumenical movement of the twentieth century at a time when militant conservatism is emerging in Orthodox countries and fundamentalism in the diaspora Offering an understanding of the participation of women in the Orthodox Church particularly during the 50 years of the membership of the Orthodox churches in the World Council of Churches this book contributes to the ongoing debates and feminist analysis of women s participation ministry and sexuality in the life and practice of the Church universal The book reveals both the positive contributions to ecumenism and the difficulties confronting Orthodox women wishing to participate more fully in the leadership and ministry of their church *Feminist Periodicals* ,1992

**Reformed Reader** George Stroup, 2002-02-01 This volume demonstrates a central conviction of the Reformed tradition that theology must honor the historic witness of the church as catholic while being faithful to the new tasks of the present day church It offers selections from Reformed theology creeds confessions and church documents of the nineteenth and twentieth centuries Daughters of Sarah ,1992 *Just Methods* Alison M. Jaggar, 2015-11-17 The supplemented edition of this important reader includes a substantive new introduction by the author on the changing nature of feminist methodology It takes into account the implications of a major new study included for the first time in this book on poverty and gender in equality and it includes an article discussing the ways in which this study was conducted using the research methods put forward by the first edition This article begins by explaining why a new and better poverty metric is needed and why developing such a metric requires an alternative methodological approach inspired by feminism Feminist research is a growing tradition of inquiry that aims to produce knowledge not biased by inequitable assumptions about gender and related categories such as class race religion sexuality and nationality *Just Methods* is designed for upper level undergraduate and graduate students in a range of disciplines Rather than being concerned with particular techniques of inquiry the interdisciplinary readings in this book address broad questions of research methodology They are designed to help researchers think critically and constructively about the epistemological and ethical implications of various approaches to research selection and research design evidence gathering techniques and publication of results A key theme running through the readings is the complex interrelationship between social power and inequality on the one hand and the production of knowledge on the other A second and related theme is the inseparability of research projects and

methodologies from ethical and political values      **The Oxford Handbook of Vatican II** Catherine E. Clifford, Massimo Faggioli, 2023 This Handbook presents 44 chapters covering the complex history of the Second Vatican Council of the Catholic Church 1962-1965 including contributions from a wide range of geographical and theological perspectives

**Feminist Studies**, 1991      **Sensing the Spirit** Rebecca B. Prichard, 1999 In the First Feminist Constructive Theology of the Spirit Prichard uses the five senses to explore the Bible, historical theology, medieval mystics, contemporary experience and more as ways to speak metaphorically of God's Spirit. This poetic book combines theology with hymns, scripture, poetry and the reflections of such mystics as Julian of Norwich and Hildegard of Bingen to talk about and to evoke a sense of the Spirit's presence

**Documents of the Christian Church** Henry Bettenson, Chris Maunder, 2011-09-29 This selection of writings from the most important moments in the history of Christianity has become established as a classic reference work providing insights into 2000 years of Christian theological and political debate. While retaining the original material selected by Henry Bettenson, Chris Maunder has added a substantial section of more recent writings. These illustrate the Second Vatican Council, theologies of liberation, Church and State from Thatcher's Britain to Communist Eastern Europe, Black feminist and ecological theology, ecumenism and interfaith dialogue. The emphasis on moral debate in the contemporary churches is reflected in selections discussing questions about homosexuality, divorce, AIDS, and in vitro fertilization amongst other issues. This further expanded fourth edition brings the anthology up to date with a new section looking at issues facing the twenty-first century churches. This includes extracts exploring the churches' responses to questions of social justice, international politics, trade and debt, environmental change and technological development. New material also covers the global growth of Christianity, the progress of Christian unity and mission in multi-faith and postmodern societies

Jesus and the Feminists? Margaret Elizabeth Köstenberger, 2008-10-17 This resource provides a detailed survey and critique of various feminist interpretations of Jesus and offers a biblical view of men and women in the church and home. The feminist movement has affected every aspect of political and social America, and Christians are becoming increasingly aware of how this movement has impacted the church. The feminist movement has changed the way evangelicals view not only themselves but also the very Word of God. Jesus and the Feminists begins by offering a brief survey of the feminist movement, revealing the radical misunderstanding of Jesus that has resulted from this movement. Köstenberger then critiques the relevant works of well-known feminist scholars and the ways they interpret certain passages of Scripture related to Jesus and his approach to women. This practical resource points the way to a better understanding of the biblical message regarding Jesus' stance toward women and offers both men and women a biblical view of their roles in the church and the home.
