## **Refounding The Church Dissent For Leadership:**

**Refounding the Church** Gerald A. Arbuckle, 1993      *Preaching to Second Generation Korean Americans* Matthew D. Kim, 2007 This in depth study on preaching to second generation Korean Americans the first of its kind is based on empirical and ethnographic fieldwork Matthew D Kim conducted surveys and semi structured qualitative interviews with Korean American pastors and second generation young adult respondents in three geographic regions of the United States the Midwest the West Coast and the East Coast His primary conceptual framework employs social psychologists Hazel Markus and Paula Nurius theory of possible selves to facilitate the process of congregational exegesis in the second generation Korean American church context This book offers a new contextual homiletic model that enables Korean American preachers to engage in deeper levels of ethnic and cultural analysis in their sermon preparation Simultaneously the author reconstructs conventional preaching roles of Korean American preachers and second generation listeners so that they may creatively imagine new possible selves that radically advance Christian mission and practice in the world This book will serve as a primary or secondary source for upper level undergraduate graduate and postgraduate courses on preaching communication studies ethnic and racial studies cross cultural ministry or social psychology      **Three Seasons of Charismatic Leadership** Tamas Czovek, 2008-04-01 This research is an investigation into the charismatic leadership of Saul David and Solomon Regarding methodology the study is a synchronic reading and is keen to demonstrate the theology explicit or implicit in the text This study assumes that charismatic leaders emerge in crisis situations and in order to resolve the crisis by the charisma granted by God In regard to Saul the book argues that Saul proved himself a charismatic leader as long as acting resolutely and independently from Samuel his mentor He failed however because in Samuel s shadow he could not establish himself as a charismatic leader David was successful because of his autonomy and resolution Also he was a successful charismatic leader as long as he remained independent King David however was gradually sidelined by Joab Another major theme of the David narrative is the clash between the concepts of charismatic military leadership and that of oriental kingship David s military leadership and the charisma related to it are constantly challenged by the concept of oriental kingship Although at his emergence he had lacked charisma Solomon wisely chose the leadership skills needed to lead Israel Attention is however drawn to the tensions between Solomon s leadership benefiting Israel and the royal pretension manifest in royal projects The relationship of the new charismatic leader with the old leader is scrutinized how the new leader is appointed how he emerges how the old persists in short the transition and succession in leadership An evaluation of the activity of the charismatic follows could he resolve the crisis from which he emerged and for which he was granted God s spirit To what extent were these leaders charismatic      *Accountability and Leadership in the Catholic Church* Brian Dive, 2020-01-06 The Catholic church is many things a sign and instrument of Christ a gathering of flawed human beings a mystery It is in some ways unlike any other organization in the world yet it is nevertheless an organization as St

John Henry Newman observed it has developed according to the laws under which combinations of men develop Over the past century a body of knowledge has emerged concerning how to create healthy effective organizations This volume innovatively applies this knowledge to the church identifying ways in which its organizational life needs to improve One fundamental problem considered here is that there is a gap in leadership above the bishops about 6 000 people report to the pope which is unworkable with the result that the curia which is largely unaccountable illegitimately moves into that gap and tries to run the church The book proposes a new role for cardinals to remedy this and outlines a new structure for the curia reorienting it towards its proper functions Things can and should change if the church is to show the world the light within it

**Loneliness** Arbuckle, Gerald, A.,2018-10-18      **Finding Your Leadership Style** Keith Lamdin,2012-04-12 This book will be attractive to all ministers who are seeking to understand how leadership works and why it can be so difficult It would be useful as a study book for lay ministers as well and for all o take up a leadership role in local churches It could also be attractive to lay people who as disciples seek to lead in their places of work with Christian values and behaviours

Catholic Identity or Identities? Gerald A. Arbuckle,2013-10-15 How can Catholic leaders effectively train and form members of our institutions in the Gospel values that are the ultimate foundation of Catholic identities Internationally recognized author educator and facilitator Gerald A Arbuckle argues that it is time to acknowledge that the programs and processes used in the past are inadequate to our postmodern age The systems previously used to educate the staffs of our hospitals universities schools and other institutions rarely succeed today Although didactic teaching and discursive learning have their place they cannot be the primary method for forming identities Catholic Identity or Identities will assist a wide range of people bishops theologians pastoral workers institutional leaders and staffs and more in their various ministries Arbuckle draws on several disciplines including Scripture theology and history but in particular cultural anthropology to explain the importance of refounding adult formation for Catholic ministries and the practical ways to achieve it      *From Chaos To Mission* Gerald A. Arbuckle,1996-01-10 Formation is a rite of passage or initiation ritual This book draws on the findings of social anthropological studies of initiation rituals and contemporary biblical studies of rites of passage Since initiation rituals are of critical importance in the life journeys of individuals and groups the book s central theme is relevant to educationalists and ritual leaders in the Church and secular society Most religious congregations founded since the thirteenth century were formed for prophetic ministry to a world in change yet for centuries before Vatican II their candidates were rarely trained explicitly for this task Through years of quasi indoctrination and voluntary incarceration they were taught in a monastic atmosphere of unchanging order that the world was evil and to be avoided Conformity to a theological ecclesiastical and pastoral status quo was the most esteemed value in a candidate This emphasis was contrary to the very nature of active religious life Religious must be prophetic challengers of the status quo within the Church and society Training for membership in active religious congregations therefore must now be radically reformed but there are no

road maps available to direct educationalists in developing programmes that would stimulate candidates to be radically creative in ministry From Chaos to Mission creates a framework for radical thinking and practical action about the critical issue of formation of religious for mission today      **Mission & Culture: The Louis J. Luzbetak Lectures** Stephen B. Bevens,2012      **Confronting the Demon** Gerald A. Arbuckle,2003 Bullying is not something confined to school children It is a widespread abuse found in families workplaces organizations including churches and beyond Confronting the Demon focuses on the nature and types of contemporary bullying and what the Christian Scriptures advise to prevent it Bullying is a quality of most forms of violence including racial religious and sex based discrimination sexual physical and psychological abuse persecution and terrorism This book focuses on such contemporary examples as the 2001 terrorist attacks hate crimes around the world sexual abuse particularly among the churches and cultures which promote bullying Questions at the end of each chapter help people examine their own vulnerability to the vice of bullying and relate the context of its nature meaning and power to their own lives Chapters are Adult Bullying Definition and Types Bullies and Victims Cultures of Bullying and A Gospel Response Gerald A Arbuckle SM PhD is the co director of Refounding and Pastoral Research Unit Sydney Australia He is the author of From Chaos to Mission Refounding Religious Life Formation Healthcare Ministry Refounding the Mission in Tumultuous Times and Violence Society and the Church published by Liturgical Press      **Fundamentalism at Home and Abroad** Gerald A. Arbuckle,2017-05-05 For most people fundamentalism in the modern world has become synonymous with a radical form of Islam but fundamentalism in many shapes and forms is also very much present in Western societies Yes fundamentalist economic political nationalistic and religious movements are aplenty in the West Using the lens of cultural anthropology Gerald A Arbuckle examines fundamentalist attitudes and movements in this book exploring why they arise and how readers can constructively respond to them      Sharing the Crust Mark R. Gornik,2024-08-23 In Sharing the Crust Mark Gornik tells the story of an unbreakable love through the life and witness of Allan Tibbels and a communion of saints in the Sandtown neighborhood of Baltimore Sharing the Crust is about the power of small changes the little way and the hard work of peacemaking in a divided world It is about the meaning of companionship in this life and the life to come of who we are to one another A refreshingly complex story of ministry church life and community development Sharing the Crust is a witness to faith hope and love for our times      **An Ecumenical Field Guide For Fresh Expressions** Michael Adam Beck,2024-08-20 Learn the essentials of fresh expressions for your church An Ecumenical Field Guide for Fresh Expressions is a practical manual for understanding and implementing Fresh Expressions for a church in any denominational setting The Fresh Expressions movement is a new way of thinking about the local church and a new way of doing church as a congregation It refers to new fresh iterations or types expressions of ministry usually outside the confines of the church building These iterations or types of ministries are formed intentionally but organically out in the community where people are They are based on shared activities or interests where people are gathering already and where the people are open to or

interested in learning about Jesus Christian people share their own stories of how Jesus is part of their lives Often these gatherings become regular and increasingly begin to adopt the practices of a church community like worship service study and giving Thus they become fresh expressions of the church from which they sprang      **Communal Discernment** Brian Grogan,2025-03-31 Helps communities and groups grow in communion enhance communication and make collaborative decisions using Ignatian discernment practices effectively This book is aimed at groups communities parishes institutions couples teams students young adults etc who wish to grow in communion and make decisions together The book is based on a wealth of experience shares numerous examples and provides a toolbox that has proved its worth Esdac is a Christian Ignatian international association that puts Ignatian spirituality at the service of groups and offers in various ways a journey of discernment inspired by the Spiritual Exercises of Saint Ignatius to associations communities families couples and groups They encourage participants to learn to communicate better with each other so that everyone is listened to and dares to express themselves They help to discern the call that the Lord addresses to them today by listening to each of the members and to the whole group The group explore directions together and make mature decisions together This comprehensive guide will help leaders to implement the programme in practice      **A Struggle for Holy Ground** C. Michael Weldon,2004 A Struggle for Holy Ground results from thirty five interviews with participants in the 1989 consolidations of then parishes in Chicago s Englewood and two parishes from the San Francisco consolidations after its 1989 earthquake It explores the roles of ritual and pastoral care in this sometimes highly conflicted situation through the lens of trauma and reconciliation It proposes a series of new rites group reconciliation atonement lament leave taking memorial and inauguration based on the experience of people most impacted by parish restructurings      *The End of Theology* Jason S. Sexton ,Paul Weston ,2016-10-01 Missiologists and theologians do not often talk to each other which has resulted in increased ignorance of each other s questions and concerns about how to do theology in ways that effectively serve the Church s mission Under the auspices of the Tyndale Fellowship Christian Doctrine study group a colloquium of distinguished scholars and practitioners recently gathered at the University of Cambridge This volume arising out of that symposium begins conversations that have been waiting to happen Each participant brings a particular perspective to questions about the nature of theology and how it is most meaningfully constructed so as to offer a truly interdisciplinary perspective on theology and mission It highlights perspectives of contextual theology and systematic theology as well as missiology and mission studies world Christianity and historical inquiry biblical studies and missional hermeneutics ethnography pastoral practice and social justice It also pays keen attention to matters on the ground with a profound desire to relate questions of evangelical identity including ministry practice and mission to the wider tradition In short this volume sets out to model the kind of engagement required by both Church and Academy to do theology for mission      *Humanizing Healthcare Reforms* Gerald A. Arbuckle,Maria Theresa Ho,2012-10-01 This book looks at the current turmoil facing contemporary healthcare systems worldwide which has resulted

from relentless reorganization being imposed upon them and argues for a return to a values based approach to healthcare Writing from the unique and fresh perspective of social anthropology the author takes a highly logical approach to practice and emphasizes the importance of values such as compassion solidarity and social justice He stipulates that without being able to clearly identify the values and goals that unite its members healthcare organizations are unlikely to be able to meet the demands of the constant and varied pressures they face and explains how individuals at every level in healthcare can contribute to positive change within their organizations This much needed and highly accessible book will be essential reading for anyone interested in healthcare reform from clinicians and nurses to managers and policy makers as well as the interested reader

**Reasonable Radical?** Ian S. Markham, Joshua Daniel, 2018-01-16 One of the most interesting voices in the Academy and the Church today is Martyn Percy Percy the Dean of Christ Church Oxford and a leading voice in the Anglican Communion is both theologically orthodox yet deeply unconventional While remaining engaged in the scholarly community Percy writes with clarity and passion on topics that range from ecclesiology to music from sexuality to the Trinity from advertising to ministerial training he is a polymath This book is two books in one The first half contains a series of articles written both by church leaders and academics that serve as substantial critical introductions to Percy's thought In the second half the reader gets to hear from Percy himself in a collection of wide ranging material from his corpus While producing a dialectical engagement of some depth as Percy offers written responses to his interlocutors this volume should prove useful for a variety of communities beyond academic circles especially ones engaged with contemporary issues facing ecclesiology churches and the wider Anglican Communion

*Naked Parish Priest* Stephen Loudon, Leslie J. Francis, 2003-08-01 Based on a survey sent out to Catholic clergy in the UK this study is a major contribution from empirical theology towards interpreting the health and potential of the priesthood today The issues raised by this new study concern the nature and health of the priesthood a topic of most urgent concern at a time of clerical scandal and abuse The conclusions of this book are extremely revealing but fundamentally positive for anyone concerned with the future of the Christian Church at the start of a new millennium
