**Challenge of Bahá'u'lláh** Gary L. Matthews, 2005. Author Gary Matthews documents why he believes that the Revelation of Baha u llah is divine in origin representing a unique summons of unequalled importance to humanity. The book contains discussions of Baha i prophecies concerning historical events and scientific discoveries. Among the events and discoveries discussed are the fall of the Ottoman Empire, the worldwide erosion of ecclesiastical authority, the Holocaust and the development of nuclear weapons. A new and updated edition. The previous edition George Ronald was a limited release and not offered to the U S trade consumer market. **Seeking Faith** Nathan Rutstein, 2002. Many people express a need for spiritual fulfillment but are troubled or at best put off by what is often and loosely called organized religion. This is especially true today when once venerated institutions and trusted public figures have become subjects of investigation, sources of disappointment and worse. People fear becoming victims of crime and alter their daily lives to avoid it. Terrorism committed in the name of religion and political causes painfully reminds us of how human capacities can be turned with devastating results against ourselves. At times much of the world appears to be in a state of decay and sources of spiritual strength seem scattered and elusive. Nathan Rutstein understands this. His book *Seeking Faith: Is Religion Really What You Think It Is* describes his personal search for purpose and meaning in life, a search that led him to the Baha i Faith and its distinctive perspective on the past, its reassuring understanding of the present and its confident vision of the future. **The Hidden Words** Baha'u'llah, 2002. A collection of lyrical gem-like verses of scripture that convey timeless spiritual wisdom clothed in the garment of brevity. *The Hidden Words* is one of the most important and cherished scriptural works of the Baha i Faith. Revealed by Baha u llah, the founder of the religion, the verses are a perfect guidebook to walking a spiritual path and drawing closer to God. They address themes such as turning to God, humility, detachment and love to name but a few. These verses are among Baha u llah's earliest and best known works, having been translated into more than seventy languages and read by millions worldwide. This edition will offer many readers their first introduction to the vast collection of Baha i scripture. **The Reality of Man** Terry Cassiday, Chris Martin, 2005. *The Reality of Man* presents a glimpse of the unique depth, range and creative potency of Baha u llah's writings on such fundamental questions as: What is a human being? What is the purpose of human existence? Where did we come from? Is there a God? What is God like? Do we each have a preordained

role or mission in life Is there life after death Are some religions true and others false How can one evaluate religions This compilation provides a sample of the Baha'i religion's vast teachings on the nature of man and answers these questions and more

**Questions from Christians** Thom Thompson, 2002-05-30 In Questions from Christians a conversation between a Christian and a Bahai Christians find answers to questions about the Bahai Faith and Bahaullah and His Teachings In addition to learning why Bahais accept Bahaullah as the Return of the Spirit of Christ Christians can learn what Bahaullah taught about God Jesus Christ the Virgin Birth the Bible Life after Death Sin Forgiveness and the Time of the End Christians are introduced to Bahaullah as The Father of all Mankind Who has come to lead all men and women of the earth into an ingathering and unification of the human race This is wonderful material not only will it bring countless Christians to the point of accepting Bahaullah but it also will I am convinced help countless Bahais to develop a new reverence for Christ and a heightened sense of connectedness to their Christian brothers and sisters Gary Matthews author of *He Cometh with Clouds* Where was this book when I was going through my tribulations of religious questioning Thompson gently guides one along a path where dogmatic beliefs gradually expand into a new realm of appreciation and understanding

Dr Bernard Nebel author of *Nebels Elementary Education* ***The Book of Certitude***, 2003 The *Kitáb-i-Íqán* The Book of Certitude is one of the most important scriptural works in the Baha'i Faith In it Baha'u'llah gives a sweeping overview of religious truth explaining the underlying unity of the world's religions describing the universality of the revelations humankind has received from the Prophets of God illuminating their fundamental teachings and elucidating allegorical passages from the New Testament and the Qur'an that have given rise to misunderstanding among religious leaders practitioners and the public
