## **Refugees Of Revolution German Fort Germ:**

Imperial Germany and the Industrial Revolution Thorstein Veblen, 1915      *A Hessian Diary of the American Revolution* Johann Conrad Döhla, 1993 This unique diary written by one of the thirty thousand Hessian troops whose services were sold to George III to suppress the American Revolution is the most complete and informative primary account of the Revolution from the common soldier's point of view. Johann Conrad Döhla describes not just military activities but also events leading up to the Revolution, American customs, the cities and regions that he visited, and incidents in other parts of the world that affected the war. He also evaluates the important military commanders, giving readers an insight into how the enlisted men felt about their leaders and opponents. Private Döhla crossed the Atlantic Ocean in 1777 as a private in the Ansbach Bayreuth contingent of Hessian mercenaries. His American sojourn began in June 1777 in New York. Then, after several months on Staten Island and Manhattan, the Ansbach Bayreuth regiments traveled to the thriving seaport of Newport, Rhode Island, where they spent more than a year before the British forces evacuated the area. The Ansbach Bayreuth regiments returned briefly to the New York New Jersey area before they were sent to reinforce the English command in Virginia. Eventually, Döhla participated in the battle of Yorktown, of which he provides a vivid description, before enduring two years as a prisoner of war after Cornwallis's surrender. Bruce E. Burgoyne has provided an accurate translation, helpful notes for scholars and general readers, and an introduction on the Ansbach Bayreuth regiments and the history of Johann Conrad Döhla and his diary. This first edition of the diary in English will delight all who are interested in the American Revolution and the thirteen original colonies.

*Migration and the Refugee Dissensus in Europe* Nicos Trimikliniotis, 2019-09-25 This book provides an explanation for the fundamental disagreement pertaining to immigration and asylum in Europe. Since the collapse of consensus with the end of the Cold War, immigration and asylum have increasingly emerged as a central socio-political issue in Europe. The present work attempts to move beyond the complexity of managing migratory flows by focusing on the most daunting issues arising from the response to the refugee crisis in Europe. This debate is intimately connected to borders, security, belonging, citizenship, and labour precarity, inequality. The book addresses some crucial dimensions related to the migration and asylum dissensus by providing an integrated frame of analysis from the point of view of resistance rather than that of power. It connects notions of belonging and the migrant integration with the processes of de-democratisation, racist populism, citizenship, and authoritarian migration regimes and contributes towards a theory of the asylum and immigration dissensus by examining the potential for transition towards a society of equality and rights. The author proposes that the encounters with surplus populations in Europe, which result in the multiplication of liminal regimes as well as spaces for resistance, generate potential for social imaginaries promising a society unimaginable in previous epochs. This book will be of much interest to students of migration and border studies, global governance, European politics, and International Relations.

Pampuch,2024-04-22 The presence of Africans in the German Democratic Republic is very rarely thought of in connection with the experience of exile Instead Africans in the GDR are predominantly viewed through the prism of educational and labor migration While such research has undoubtedly produced valuable insights it often fails to adequately account for the implicit Eurocentrism methodological nationalism and anti communist bias inherent in Western knowledge production This study offers a different approach Through biographical portrayal it unfolds the life stories of African freedom fighters who lived in exile in the GDR and ultimately remained in reunified Germany with the main case study being a Malawian activist who was expelled from East to West Berlin Recounting his experiences along with those of some South African exiles chief among them a former medical worker for the ANC s armed wing the study ethnographically reconstructs the multiple entanglements between the Second and Third worlds from the vantage point of the politically displaced within the concrete historical contexts of African decolonization the struggle against the Malawian Banda dictatorship and the struggle against South African apartheid
