Studies presents a unified and comprehensive vision of its field and its new directions It is designed to demonstrate in action the rich interplay between gender and other markers of social position and dis privilege such as race class ethnicity and nationality Presents a unified and comprehensive vision of gender studies and its new directions injecting a much needed infusion of new ideas into the field Organized thematically and written in a lucid and lively fashion each chapter gives insightful consideration to the differing views on its topic and also clarifies each contributor s own position Features original contributions from an international panel of leading experts in the field and is co edited by the well known and internationally respected David Theo Goldberg *Academic Lives* Cynthia G. Franklin,2012-03 Since the early 1990s there has been a proliferation of memoirs by tenured humanities professors Although the memoir form has been discussed within the flourishing field of life writing academic memoirs have received little critical scrutiny Based on close readings of memoirs by such academics as Michael B rub Cathy N Davidson Jane Gallop bell hooks Edward Said Eve Sedgwick Jane Tompkins and Marianna Torgovnick *Academic Lives* considers why so many professors write memoirs and what cultural capital they carry Cynthia G Franklin finds that academic memoirs provide unparalleled ways to unmask the workings of the academy at a time when it is dealing with a range of crises including attacks on intellectual freedom discontentment with the academic star system and budget cuts Franklin considers how academic memoirs have engaged with a core of defining concerns in the humanities identity politics and the development of whiteness studies in the 1990s the impact of postcolonial studies feminism and concurrent anxieties about pedagogy and disability studies and the struggle to bring together discourses on the humanities and human rights The turn back toward humanism that Franklin finds in some academic memoirs is surreptitious or frankly nostalgic others however posit a wide ranging humanism that seeks to create space for advocacy in the academic and other institutions in which we are all unequally located These memoirs are harbingers for the critical turn to explore interrelations among humanism the humanities and human rights struggles Queer Experimental Literature Teagan Bradway,2017-05-09 This volume argues that postwar writers queer the affective relations of reading through experiments with literary form Tyler Bradway conceptualizes bad reading as an affective politics that stimulates queer relations of erotic and political belonging in the event of reading These incipiently social relations press back against legal economic and discursive forces that reduce queerness into a mode of individuality Each chapter traces the affective politics of bad reading against moments when queer relationality is prohibited obstructed or destroyed from the pre Stonewall literary obscenity debates through the AIDS crisis to the emergence of neoliberal homonormativity and the gentrification of the queer avant garde Bradway contests the common narrative that experimental writing is too formalist to engender a mode of social imagination Instead he illuminates how queer experimental literature uses form to redraw the affective and social relations that structure the heteronormative public sphere Through close readings informed by affect theory *Queer Experimental Literature* offers new perspectives on writers such as William S Burroughs Samuel R Delany Kathy Acker Jeanette Winterson

Eve Kosofsky Sedgwick Alison Bechdel and Chuck Palahniuk Queer Experimental Literature ultimately reveals that the recent turn to affective reading in literary studies is underwritten by a para academic history of bad reading that offers new idioms for understanding the affective agencies of queer aesthetics Queer Jewish Groups in Europe (1972-1990s) Jan Wilkens, 2025-03-31 In the 1970s queer Jews became excited by the developments of the Gay Liberation Movement in both the US and Europe Until then they were not able to express their queerness in Jewish communities and hoped for new inclusive spaces Yet they quickly realized that the movement was not as welcoming as anticipated Thus they started to organize in February 1972 the world's first queer Jewish group became publicly visible in London with its symposium The Jewish Homosexual in Society The Jewish Gay Group began tackling the exclusion of non heteronormative Jews in British Jewish and queer communities Soon after two more queer Jewish groups formed Beit Haverim House of Friends in Paris and Sjalhomo a neologism of shalom and homosexual in Amsterdam Besides their goal of emancipation these groups brought together their members based on shared experiences as both Jewish and queer opening up much needed spaces for social encounters The groups also established a Europe wide support network that enabled international collaboration for more than a decade This study archives these groups histories and that of their network By doing so it broadens prevalent narratives of Europe's post World War II Jewry and queers the discipline of Jewish History **Cultural Studies Review** Chris Healy and Stephen Muecke (eds), 2008 The October 2008 Cultural Studies Review is a special issue focusing on cultures of panic particularly recent examples of moral panic arising from issues of race gender and sexuality The diverse essays deal with men of Middle Eastern appearance the trial of Private Kovko the aftermath of Hurricane Katrina the use of Ritalin concerns around children and sexuality in Australia and arts funding in the United States during the culture wars The moral panic has centrally to do with the behaviour of crowds particularly the virtual crowds created by the mass media It's a mechanism of expulsion and thus at the same time of group solidarity It's also a particularly powerful genre of the tabloid media in its identification and shaming of deviant social groups it rigidly defines and reinforces moral norms and is complicit with political strategies of consolidation and othering which create and depend on a sense of horror at refugees who wilfully throw their children overboard or push in to the front of the queue at paedophiles grooming children over the internet at drug crazed criminals and bingeing teenagers The challenge is to move beyond the realisation that moral panics are not rationally constructed to an analysis of the passional bases of the social order and to an understanding of how our politics might deal with this without itself falling into the contagion of panic The diverse collection of essays gathered together in this edition takes up that challenge Arranging Grief Dana Luciano, 2007-11-01 2008 Winner MLA First Book Prize Charting the proliferation of forms of mourning and memorial across a century increasingly concerned with their historical and temporal significance Arranging Grief offers an innovative new view of the aesthetic social and political implications of emotion Dana Luciano argues that the cultural plotting of grief provides a distinctive insight into the nineteenth century

American temporal imaginary since grief both underwrote the social arrangements that supported the nation's standard chronologies and sponsored other ways of advancing history Nineteenth century appeals to grief as Luciano demonstrates diffused modes of sacred time across both religious and ostensibly secular frameworks at once authorizing and unsettling established schemes of connection to the past and the future Examining mourning manuals sermons memorial tracts poetry and fiction by Harriet Beecher Stowe William Apress James Fenimore Cooper Catharine Maria Sedgwick Susan Warner Harriet E Wilson Herman Melville Frances E W Harper Frederick Douglass Abraham Lincoln Elizabeth Keckley and Ralph Waldo Emerson Luciano illustrates the ways that grief coupled the affective body to time Drawing on formalist Foucauldian and psychoanalytic criticism Arranging Grief shows how literary engagements with grief put forth ways of challenging deep seated cultural assumptions about history progress bodies and behaviors

Queer Times, Queer Becomings E. L. McCallum, Mikko Tuhkanen, 2011-11 Queer theory essays on time and becoming in the fields of literature philosophy film and performance

All Our Stories Are Here Brady Harrison, 2009-01-01 This wide ranging collection of essays addresses a diverse and expanded vision of Montana literature offering new readings of both canonical and overlooked texts Although a handful of Montana writers such as Richard Hugo A B Guthrie Jr D Arcy McNickle and James Welch have received considerable critical attention sizable gaps remain in the analysis of the state's ever growing and ever evolving canon The twelve essays in *All Our Stories Are Here* not only build on the exemplary foundational work of other writers but also open further interpretative and critical conversations Expanding on the critical paradigms of the past and bringing to bear some of the latest developments in literary and cultural studies the contributors engage issues such as queer ambivalence in Montana writing representations of the state in popular romances and the importance of the University of Montana's creative writing program in fostering the state's literary corpus The contributors also explore the work of writers who have not yet received their critical due take new looks at old friends and offer some of the first explorations of recent works by well established artists *All Our Stories Are Here* conveys a sense of continuity in the field of Western literary criticism while at the same time challenging conventional approaches to regional literature

The Routledge Handbook of Classics and Queer Theory Ella Haselswerdt, Sara H. Lindheim, Kirk Ormand, 2023-09-29 New directions in queer theory continue to trouble the boundaries of both queerness and the classical leading to an explosion of new work in the vast and increasingly uncharted intersection between these disciplines which this interdisciplinary volume seeks to explore This handbook convenes an international group of experts who work on the classical world and queer theory The discipline of Classics has been involved with and implicated in queer theory from the start By placing front and center the rejection of heteronormativity queer theory has provided Classics with a powerful tool for analyzing non normative sexual and gender relations in the ancient West while Classics offers queer theory ancient material such as literature visual arts and social practices that challenges a wide range of modern normative categories The collection demonstrates the vitality of this particular moment in queer

classical studies featuring an expansive array of methodologies applied to the interdisciplinary field of Classics Embracing the indeterminacy that lies at the core of queer studies the essays in this volume are organized not by chronology or genre but rather by overlapping categories under the following rubrics queer subjectivities queer times and places queer kinships queer receptions and ancient pasts queer futures The Routledge Handbook of Classics and Queer Theory offers an invaluable collection for anyone working on queer theory especially as it applies to premodern periods it will also be of interest to scholars engaging with the history of sexuality both in the ancient world and more broadly

The Passions of John Addington Symonds Shane Butler, 2022-11-10 John Addington Symonds Bristol 1840 Rome 1893 was one of Victorian Britain's most prolific authors with works that included poems translations travel essays and scholarly studies on topics ranging from classical literature to the Renaissance to the poetry of his contemporaries Today however he is usually remembered for his long unpublished Memoirs a major early monument of queer life writing and for two privately printed secretly circulated essays one of which includes the earliest printed appearance in English of the word homosexual This new word first coined in German has long provided a useful milestone for historians of sexuality charting the emergence not only of new typologies but of whole new regimes of knowledge But what of the rest of Symonds's vast body of work This book returns to Symonds not as the origin of a now familiar history but as a far more complex thinker with an ambitious vision of the queerness of the world itself and of what it means to live in it

identifies ways in which Job's wife visually aligns with medieval images of Satan. The volume explores portrayals of Job and his wife in publications on marriage and gender roles in the sixteenth and seventeenth centuries moving onto an investigation of William Blake's sharp artistic divergence from the common tradition in his representation of Job's wife as a shrew. In the exploration of societal portrayals of Job and his Wife throughout history this book discovers how arguments about marriage intertwine with not only gender roles but also with political, social and historical movements. **Someone** Michael Lucey, 2019-04-05. Imagine trying to tell someone something about yourself and your desires for which there are no words. What if the mere attempt at expression was bound to misfire to efface the truth of that ineluctable something. In *Someone* Michael Lucey considers characters from twentieth century French literary texts whose sexual forms prove difficult to conceptualize or represent. The characters expressing these misfit sexualities gravitate towards same sex encounters. Yet they differ in subtle but crucial ways from mainstream gay or lesbian identities whether because of a discordance between gender identity and sexuality practices specific to a certain place and time or the fleetingness or non exclusivity of desire. Investigating works by Simone de Beauvoir, Colette, Jean Genet and others, Lucey probes both the range of same sex sexual forms in twentieth century France and the innovative literary language authors have used to explore these evanescent forms. As a portrait of fragile sexualities that involve awkward and delicate maneuvers and modes of articulation, *Someone* reveals just how messy the ways in which we experience and perceive sexuality remain even to ourselves.
