Regarding Emma Photographs Of American Women And Girls:

Regarding Emma Melissa Ann Pinney, 2003 For more than fifteen years Melissa Ann Pinney has been making photographs of girls and women from infancy to old age to portray how feminine identity is constructed taught and communicated Her work depicts not only the rites of American womanhood a prom a wedding a baby shower a tea party but the informal passages of girlhood combing a doll's hair doing laundry with a mother smoking a cigarette at a state fair With each view we gain a greater understanding of the connections between mother and daughter and by extension the larger world of family friends and society Pinney's approach to interpreting girlhood became more complicated and complex when her daughter Emma was born eight years ago Emma's childhood evoked in Pinney her own girlhood and gave her work new meaning and purpose Ultimately *Regarding Emma* shares with all of us the incremental and the ritualistic changes that take place in a woman's life over time Her photographs are artistic and social documents that reveal the subtle and bold aspects of feminine identity documents whose reach will extend well beyond the walls of America's leading galleries and museums into the hearts and homes of everyday Americans Melissa Ann Pinney is making powerful art In matters of light color and composition she is flawless But these are not simply constructions of elements These photographs bear witness to the speed at which the little girl becomes the old woman to the fleeting breathless beauty of childhood to life itself which leaves us stunned in its wake Ann Patchett from the Foreword Melissa Ann Pinney provides a compelling portrait of American girls as they make their way from infancy to adulthood Using her daughter's childhood as a point of departure she traces the complex terrain of adolescence and budding femininity The results are photographs marked by empathy and grace Sylvia Wolf Sondra Gilman Curator of Photography Whitney Museum of American Art New York City These photographs by Melissa Ann Pinney impart a sense of the special and sacred everyday rituals we take for granted She appreciates at once the transient nature of what she finds and its gravity Her pictures describe so well the wonder and beauty and centrality of the things we know best and the people we see often Sandra S Phillips Curator of Photography San Francisco Museum of Modern Art Melissa Ann Pinney's record of life with her daughter Emma adds a new and touching chapter to our knowledge of the lives of women and girls Adam Gopnik author of *Paris to the Moon* and a staff writer for *The New Yorker* Melissa Pinney's passionate painstaking investigation of the stages of women's lives is impressive for its rigor and courage Her themes aren't imposed on the pictures or on the women men and children who people them instead they arise from her attentive study of particularities of the ways human lives are etched on the surfaces of faces and the positions of bodies in real spaces and places mundane but radiant When she turns from the lives of others to her own life the shift is seamless but the volume swells the emotions grow more pointed and the paradoxes more painful joyous and direct This is remarkable work by an artist at the height of her powers Peter Bacon Hales author of *William Henry Jackson and the Transformation of the American Landscape* **Popular Photography**, 2005-05 [Photographer's Forum](#), 2003 **Nimo's War, Emma's War** Cynthia Enloe, 2010-06-02 Nimo

Maha Safah Shatha Emma Danielle Kim Charlene In a book that once again blends her distinctive flair for capturing the texture of everyday life with shrewd political insights Cynthia Enloe looks closely at the lives of eight ordinary women four Iraqis and four Americans during the Iraq War Among others Enloe profiles a Baghdad beauty parlor owner a teenage girl who survived a massacre an elected member of Parliament the young wife of an Army sergeant and an African American woman soldier Each chapter begins with a close up look at one woman's experiences and widens into a dazzling examination of the larger canvas of war's gendered dimensions Bringing to light hidden and unexpected theaters of operation prostitution sexual assault marriage ethnic politics sexist economies these stories are a brilliant entryway into an eye opening exploration of the actual causes costs and long range consequences of war This unique comparison of American and Iraqi women's diverse and complex experiences sheds a powerful light on the different realities that together we call perhaps too easily the Iraq war

The Treacherous Selfie John Milan Dudeff, 2021-06-15 Simon Northstrum the primary software engineer for the Martian rovers is beginning to lose faith in God Then he learns that answered prayers and granted wishes can bring unintended consequences Beings known as the Dominion choose Simon to be their human vessel using him to remind humankind why we exist They have determined that cell phones impede humans from listening to our souls stories which they helped create before we were born The Dominion seek to teach humanity that we are all connected to one another and are intended to master life lessons News anchors Bill Hemmer and Martha MacCallum are the harbingers of the Dominion's invasion helping humankind to see how every thought word and action causes ripples throughout the world Something may seem inconsequential to us but can cause a tsunami for others Simon must examine where he stands in his life story and he must get people all over the world to put their phones down so we can connect soulfully with one another and discover true character This novel tells the story of a man chosen to lead humanity away from its electronics saturated existence and build new purposeful lives

Material Feminisms: New Directions for Education Carol Taylor, Gabrielle Ivinson, 2018-02-02 Material Feminisms New Directions for Education provides a range of powerful theoretical and innovative methodological examples to illuminate how new material feminism can be put to work in education to open up new avenues of research design and practice It poses challenging questions about the nature of knowledge production the role of the researcher and the critical endeavour arising from inter and post disciplinarity Working with diffractive methodologies and new materialist ecological epistemologies the book offers resources for hope which widen the scope for how educational problems are interrogated and provides a political counter movement to neo positivist outcomes based approaches within education Inspired by writers such as Barad Bennett and Deleuze and Guattari the book makes a radical break with cognitive dualist and universal conceptions of human subjectivity and intelligence in education By taking

its starting point as the co constitutiveness of discourse materiality corporeality and place the book foregrounds educational practices as material enactments of multiple non linear entangled affective and relational forces It offers new insights into how gender class and ethnicity are constituted in and by material assemblages that are often submerged or unseen This book is an essential starting place for those intrigued by what new theoretical accounts of materiality posthumanism and affect can offer educational research Diffractive methodologies challenge readers to take a fuller range of actors into account than in objective humanist methodologies and in so doing to pay closer attention to what data is It invites researchers to engage with long standing feminist concerns about power and knowledge production in research processes This book was originally published as a special issue of Gender and Education

Resources in Women's Educational Equity, *American Education*, 1973 **Emma's Postcard Album** Faith Mitchell, 2022-12-21

BCALA 2023 Outstanding Contribution to Publishing Citation Award winner The turn of the twentieth century was an extraordinarily difficult period for African Americans a time of unchecked lynchings mob attacks and rampant Jim Crow segregation During these bleak years Emma Crawford a young African American woman living in Pennsylvania corresponded by postcard with friends and family members and collected the cards she received from all over the country Her album spanning from 1906 to 1910 and analyzed in Emma's Postcard Album becomes an entry point into a deeply textured understanding of the nuances and complexities of African American lives and the survival strategies that enabled people to make a way from no way As snippets of lived experience eye catching visual images and reflections of historical moments the cards in the collection become sources for understanding not only African American life but also broader American history and culture In Emma's Postcard Album Faith Mitchell innovatively places the contents of this postcard collection into specific historic and biographical contexts and provides a new interpretation of postcards as life writings a much neglected aspect of scholarship Through these techniques a riveting world that is far too little known is revealed and new insights are gained into the perspectives and experience of African Americans Capping off these contributions the text is a visual feast illustrated with arresting images from the Golden Age of postcards as well as newspaper clippings and other archival material

Openings Sabra Moore, 2016-10-25 This intricate memoir of New York City's women's art movement features 950 photographs and artworks that pushed the era's social change *Art Journal*, 1960 **Girl/Friend Theology** Dori

Grinenko Baker,2023-10-15 Images of God are rooted in us for better but sometimes for worse Adolescent girls and genderqueer teenagers often pay a heavy price when those images are oppressive But the best God images serve to free us all The work can be hard but Girl Friend Theology invites us to the work with joy playfulness and shared commitment Author Dori Baker updates her original work with expanded perspective added voices and stories and an ongoing dedication to liberating faith

The Gender of Photography Nicole Hudgins,2020-09-02 It would be unthinkable now to omit early female pioneers from any survey of photography s history in the Western world Yet for many years the gendered language of American British and French photographic literature made it appear that women s interactions with early photography did not count as significant contributions Using French and English photo journals cartoons art criticism novels and early career guides aimed at women this volume will show why and how early photographic clubs journals exhibitions and studios insisted on masculine values and authority and how Victorian women engaged with photography despite that dominant trend Focusing on the period before 1890 when women were yet to develop the self assurance that would lead to broader recognition of the value of their work this study probes the mechanisms by which exclusion took place and explores how women practiced photography anyway both as amateurs and professionals Challenging the marginalization of women s work in the early history of photography this is essential reading for students and scholars of photography history and gender studies
