sexual social and epistemological boundaries implicit in nineteenth century America's obsession with death while also seeking to give a voice to the strategies by which these boundaries were interrogated and displaced Topics include race and gender based investigations into the textual representation of death imaginative constructions and re constructions of social practice with regard to loss and memorialisation and literary re conceptualisations of death forced by personal and national trauma     *American Boy's Life of Theodore Roosevelt* Edward Stratemeyer, 2020-08-11 Reproduction of the original American Boy's Life of Theodore Roosevelt by Edward Stratemeyer
