Religion, Society, and the Individual John Milton Yinger, 1957 Religion and Society in Tension Charles Y. Glock, Rodney Stark, 1965

Religion in Society Ronald Johnstone, 2015-11-17 For junior senior level courses in Religion and Society in departments of Sociology and Religious Studies Using an unbiased balanced approach the 8th edition of this text puts religion in its social context by discussing the impact of society on religion and helps students understand the role and function of religion in society that occur regardless of anyone's claims about the truth or falsity of religious systems

Religion, Society and the Individual John Milton Yinger, 1957 **Religion and Society**, 1963 *Religion in Society* Ronald L. Johnstone, 2004 This book offers a sound analysis of religion as a social institution that is interdependent and in constant interaction with other societal units It helps readers understand the role and function of religion in society that occur regardless of anyone's claims about the truth or falsity of religious systems Balanced and unbiased it shows the sociology of religion as a subject that is rich and bountiful The focus is on American religious institutions but includes many examples of the interaction of religion

and society in other cultures both historic and contemporary readers will encounter major discussions of Islam and other non Western religions For sociologists clergy and researchers in the fields of religion and religious studies *Religion and Society in Interaction* Ronald L. Johnstone,1975 Post-Secular Society Peter Nynas,Mika Lassander,Terhi Utriainen,2012-08-14 Are we still secular If not what can one possibly mean by post secular The answers depend on what one considers secular as well as the people societies and institutions that one considers Post Secular Society argues for the experience of living in a secular world and a secular age and the experience of living without religion as a normal condition Religion in the Western world is often described as being marked to some degree by both innovation and disarray The past couple of decades have seen the emergence of reformulated versions of theories of secularization variants of rational choice and supply side models of religion and new theoretical perspectives on de secularization of religion In spite of these different approaches and perspectives a majority of scholars agree that the West is experiencing a general resurgence of religion and that the public visibility of religious actors and discourses is on the rise across most Western societies Post Secular Society discusses the changes in religion related to globalization as well as New Age and other forms of popular religion The contributors review religion that is rooted in the globalized political economy and the relationship of post secularism to popular and consumer culture They also detail current innovative discourse as a religious belief system discuss theories of the post secular religious and spiritual well being and consider healing practices in Finland and environmentalism *The Invisible Religion* Thomas Luckmann,2022-12-27 The Invisible Religion is a modern classic of social science Its influence goes well beyond sociology as it continues to inspire research in such diverse fields as sociology of knowledge ethnology theology sociology of religion and religious studies In this volume the author endeavours to answer one of the most important questions regarding religion in modern times Are Western societies indeed becoming more secular as they modernize His surprising answer is still part of the ongoing debates about secularization as he argues that rather than a decline of religion we are witnessing a shift from an older Church centered form to another invisible and still largely unexplored form of religion Explaining why focusing only on Church when discussing religion is inadequate this book presents a thorough case for reframing the question of the status of religion in modern life in a way that makes visible forms of religion hitherto unseen and sketches some aspects of this new form As such it will appeal to sociologists with interests in social theory religion and the secularization thesis *Religions/Globalizations* Dwight N. Hopkins,2001-10-03 A collection of essays demonstrating the ways diverse religious rituals symbols ethics and ideologies perform as primary planks in the construction of the public realm with particular focus on peripheral nations and politicized spiritualities of resist **Theories of Religion** Seth Daniel Kunin,Jonathan Miles-Watson,2006 This book provides a comprehensive selection of readings that relate to and explore the definition of religion The texts come from a wide range of approaches unified both by the questions they are addressing and their broadly social scientific perspective The disciplines covered include anthropology phenomenology psychology and

sociology The editors have also included some key texts relating to the feminist approach to and critique of religion The first section of the book includes some of the foundational texts such as materials by Marx Freud and Durkheim The remaining sections look at more recent discussions of the issues from the different disciplinary perspectives Each reading is introduced by a biographical sketch of the author The book also includes introductory discussions to each section that both raise the key issues developed in a particular discipline and address the disciplinary approaches from a more critical stance Theories of Religion A Reader is an invaluable critical resource accessible to a broad audience as well as students of theology and religious studies

Studying Religion and Society Titus Hjelm, Phil Zuckerman, 2013 How do you study religion and society In this fascinating book some of the most famous names in the field explain how they go about their everyday work of studying religions in the field They explain how the ideas for their projects and books have come together how their understanding of religion has changed over the years and how their own beliefs have affected their work They also comment on the changing nature of the field the ideas which they regard as most important and those which have not stood the test of time Lastly they offer advice to young scholars and suggest what needs to be done to enable the field to grow and develop further

Religion in Secular Society Bryan R. Wilson, 1966 *Religion in Contemporary Society* H. Paul Chalfant, Robert E. Beckley, C. Eddie Palmer, 1987 Religion and Society Gerrie Ter Haar, Yoshio Tsuruoka, 2007 Religion is a driving force of the twenty first century Here is a book that discusses every aspect of this fascinating subject proposing an agenda for future study The authors are leading scholars from all over the world *The Future of Religion and the Religion of the Future* Theodore John Rivers, 2011-11-25 In *The Future of Religion and the Religion of the Future* Theodore John Rivers explores the changing relationship between technology and religion Rivers draws upon his expertise in the fields of medieval and religious history to discuss how the promotion of Christianity and monasticism in the Middle Ages began a process that has lent religious undertones to the way in which we interact with modern technology Rivers ultimately suggests that the growing presence of technology makes it a likely candidate for the next religious form competing with all the major religions in place today World Religions and Islam Hamid Naseem Rafiabadi, 2003 This Book Is A Collection Of Valuable Articles Written By Eminent Scholars Belonging To Various Religious Denominations And Researchers And Teachers Of Islamic Studies The Book Is Also Meant To Cater The Requirements Of The Students Of Comparative Religions And Islamology Encyclopaedia of Religion and Ethics James Hastings, John Alexander Selbie, Louis Herbert Gray, 1917
