Revue De L'institut Napoleon No 152 1989:

Revue de l'Institut Napoléon Institut Napoléon, 2016 **The Sèvres Porcelain Manufactory** Beatrice

Pannequin, Tamara Préaud, Karole Bezut, Antoine D'Albis, Bard Graduate Center for Studies in the Decorative Arts, Laurie Dahlberg, Anne Lajoix, Sylvie Millasseau, 1997-01-01 The tumultuous years of the French Revolution left France's prestigious decorative arts industries poised on the brink of ruin. It was not until after the fall of the monarchy and the ascendancy of the Consulat and Empire under Napoleon that they began to recover so that by the middle of the nineteenth century they stood at the pinnacle of their achievement. This book is the first in-depth study of the renowned porcelain works at Sèvres during its virtual rebirth under the 47-year direction of the scientist, teacher, and administrator Alexandre Brongniart. Some 110 working drawings from the Sèvres Archive are reproduced here for the first time in color. They celebrate the high skill of the artists whose work often documented contemporary events in France. There are table services in the Egyptian and Etruscan taste as well as individual pieces that recall Napoleonic military campaigns. There are also exquisite Neoclassical decorations using motifs such as birds, butterflies, and insects that reflect the century's early fascination with the natural sciences. The repertoire of nineteenth-century eclecticism is evident in the output of Sèvres from the revival of Gothic and Renaissance motifs to the outburst of naturalism. Eleven essays by leading authorities assess this dynamic period. **To Kidnap a Pope**

Ambrogio A. Caiani, 2021-01-01 A groundbreaking account of Napoleon Bonaparte, Pope Pius VII, and the kidnapping that would forever divide church and state. In the wake of the French Revolution, Napoleon Bonaparte, First Consul of France, and Pope Pius VII shared a common goal: to reconcile the church with the state. But while they were able to work together initially, formalizing an agreement in 1801, relations between them rapidly deteriorated. In 1809, Napoleon ordered the Pope's arrest. Ambrogio Caiani provides a pioneering account of the tempestuous relationship between the emperor and his most unyielding opponent. Drawing on original findings in the Vatican and other European archives, Caiani uncovers the nature of Catholic resistance against Napoleon's empire, charts Napoleon's approach to Papal power, and reveals how the Emperor attempted to subjugate the church to his vision of modernity. Gripping and vivid, this book shows the struggle for supremacy between two great individuals and sheds new light on the conflict that would shape relations between the Catholic church and the modern state for centuries to come.

Annales historiques de la Révolution française, tables du centenaire

1908-2007 Claude Coquard, 2008 Nouvelle histoire du Premier Empire, tome 1 Thierry Lentz, 2002-11-06 Cette grande synthèse en 3 volumes retrace l'histoire d'un empire et des réactions qu'il suscita en son temps. Empire au sens d'influence d'abord, celle que les idées, la culture et les ambitions hégémoniques françaises exercent sur cette époque, dans le prolongement du Grand Siècle du siècle des Lumières et bien sûr de la Révolution. C'est ainsi que l'aventure napoléonienne peut se replacer dans la longue durée. Empire au sens d'institution aussi, en ce que les gouvernants français imaginent des structures avec leur fonctionnement et leur unité politique afin de conquérir et d'organiser l'espace européen et au-delà pour réunir des peuples.

Losing a Kingdom, Gaining the World Ambrogio A. Caiani,2023-10-12 Despite its many crises especially in Western Europe there are 1 3 billion Catholics in the world today The Church remains a powerful but controversial institution In Losing a Kingdom Gaining the World Ambrogio A Caiani explores the epic history of the Roman Catholic Church Throughout the early modern period the Pope was a secular prince in central Italy Catholicism was not merely a religion but also a political force to be reckoned with After the French Revolution the Church retreated into a fortress of unreason and denounced almost every aspect of modern life The Pope proclaimed his infallibility the cult of the Virgin Mary and her apparitions became articles of faith the Vatican refused all accommodation with the modern state until a disastrous series of concordats with fascist states in the 1930s These dark days threatened the very existence of the Church But as Catholicism lost its temporal power it made significant spiritual strides and expanded across continents Between 1700 and 1903 it lost a kingdom but gained the world Ambitious and authoritative this is an account of the Church s fraught encounter with modernity in all its forms from liberalism socialism and democracy to science literature and the rise of secular culture
