Rewolucja Russian Poland 1904 1907:

Rewolucja: Russian Poland, 1904-1907 , **Rewolucja** Robert E. Blobaum, 2016-11-01 The revolution of 1905 in the Russian ruled Kingdom of Poland marked the consolidation of major new influences on the political scene As he examines the emergence of a mass political culture in Poland Robert E Blobaum offers the first history in any Western language of this watershed period Drawing on extensive archival research to explore the history of Poland s revolutionary upheavals Blobaum departs from traditional interpretations of these events as peripheral to an essentially Russian movement that reached a climax in the Russian Revolution of 1917 He demonstrates that although Polish independence was not formally recognized until after World War I the social and political conditions necessary for nationhood were established in the years around 1905

Imperial Russian Rule in the Kingdom of Poland, 1864-1915 Malte Rolf, 2021-11-02 Translated by Cynthia Klohr After crushing the Polish Uprising in 1863 1864 Russia established a new system of administration and control Imperial Russian Rule in the Kingdom of Poland 1864 1915 investigates in detail the imperial bureaucracy s highly variable relationship with Polish society over the next half century It portrays the personnel and policies of Russian domination and describes the numerous layers of conflict and cooperation between the Tsarist officialdom and the local population Presenting case studies of both modes of conflict and cooperation Malte Rolf replaces the old unambiguous freedom loving Poles vs oppressive Russians narrative with a more nuanced account and does justice to the complexity and diversity of encounters among Poles Jews and Russians in this contested geopolitical space At the same time he highlights the process of provincializing the center the process by which the erosion of imperial rule in the Polish Kingdom facilitated the demise of the Romanov dynasty itself *Poland, 1918-1945* Peter Stachura, 2004-06-17 Based on extensive range of Polish British German Jewish and Ukranian primary and secondary sources this work provides an objective appraisal of the inter war period Peter Stachura demonstrates how the Republic overcame giant obstacles at home and abroad to achieve consolidation as an independent state in the early 1920s made relative economic progress created a coherent social order produced an outstanding cultural scene advanced educational opportunity and adopted constructive and even handed policies towards its ethnic minorities Without denying the defeats suffered by the Republic Peter Stachura demonstrates that the fate of Poland after 1945 with the imposition of an unwanted Soviet dominated Communist system was thoroughly undeserved **The Bolsheviks and the Russian Empire** Liliana Riga, 2012-11-12 This comparative historical sociology of the Bolshevik revolutionaries offers a reinterpretation of political radicalization in the last years of the Russian Empire Finding that two thirds of the Bolshevik leadership were ethnic minorities Ukrainians Latvians Georgians Jews and others this book examines the shared experiences of assimilation and socioethnic exclusion that underlay their class universalism It suggests that imperial policies toward the Empire s diversity radicalized class and ethnicity as intersectional experiences creating an assimilated but excluded elite lower class Russians and middle class minorities universalized particular exclusions as they

disproportionately sustained the economic and political burdens of maintaining the multiethnic Russian Empire The Bolsheviks social identities and routes to revolutionary radicalism show especially how a class universalist politics was appealing to those seeking secularism in response to religious tensions a universalist politics where ethnic and geopolitical insecurities were exclusionary and a tolerant imperial imaginary where Russification and illiberal repressions were most keenly felt Origins of the First World War Gordon Martel,2013-11-14 The Origins of the First World War summarises and analyses the policies issues and crises that produced the cataclysm of war in 1914 The position of each of the great powers is clearly explained including their place in the system of alliances that dominated international politics *An Chunggŭn: His Life and Thought in His Own Words* Jieun Han, Franklin Rausch,2020-07-20 In *An Chunggŭn His Life and Thought in his own Words* Jieun Han and Franklin Rausch provide a complete translation of all of An s writings and excerpts from his trial and appeal Though An is most famous for killing It Hirobumi the contents of this volume show that there was much more to him than that For instance far from being anti Japanese An thought deeply about how China Japan and Korea could work together to build a regional peace that would eventually spread throughout the world Now for the first time all of An s extant writings have been assembled together into an English translation that includes annotations and an introduction that places An and his works in their historical context This translation was funded by the Institute of Korean Studies Yonsei University *The Devil's Chain* Keely Stauter-Halsted,2015-12-21 In the half century before Poland s long awaited political independence in 1918 anxiety surrounding the country s burgeoning sex industry fueled nearly constant public debate The Devil s Chain is the first book to examine the world of commercial sex throughout the partitioned Polish territories uncovering a previously hidden conversation about sexuality gender propriety and social class Keely Stauter Halsted situates the preoccupation with prostitution in the context of Poland s struggle for political independence and its difficult transition to modernity She traces the Poles growing anxiety about white slavery venereal disease and eugenics by examining the regulation of the female body the rise of medical authority and the role of social reformers in addressing the problem of paid sex Stauter Halsted argues that the sale of sex was positioned at the juncture of mass and elite cultures affecting nearly every aspect of urban life and bringing together sharply divergent social classes in what had long been a radically stratified society She captures the experiences of the impoverished women who turned to the streets and draws a vivid picture of the social milieu that shaped their choices The Devil s Chain demonstrates that discussions of prostitution and its attendant disorders sexual deviancy alcoholism child abuse vagrancy and other related problems reflected differing visions for the future of the Polish nation

The Russo-Japanese War in Global Perspective John Steinberg,2006-12-01 Like Volume one Volume two of *The Russo Japanese War in Global Perspective* examines the Russo Japanese War in its military diplomatic social political and cultural context In this volume East Asian contributors focus on the Asian side of the war to flesh out the assertion that the Russo Japanese War was in fact World War Zero the first global conflict of the 20th century The contributors demonstrate that the
