Rewrite Your Life Change Your Handwriting Change Your Life:

Rewrite Your Life Sheila Kurtz, Marilyn Lester, 1998-08-15 By working with the nuances of one's handwriting to represent more positive traits a person can steer his or her mind to think in a more productive and self-assured way Graphology expert Sheila Kurtz tells readers how to make this innovative method work for them **Your Handwriting Can Change Your Life** Vimala Rodgers, 2013-04-16 When we purposefully change our handwriting we introduce attitudes that can improve our relationships give us the impetus to achieve and take risks and simply bring out the best in us This is because our handwriting is a reflection of our innermost thoughts and feelings When we fall in love survive a serious illness or change careers our view of life is dramatically altered and as a result our handwriting patterns change Conversely desired transformations can result from intentionally changing the way specific letters are written Stick to that diet by changing the letter T Avoid being overlooked for that well-deserved promotion by changing the letter G Reduce stress and cease juggling too many things at once by changing the letter S Overcome shyness or stage fright by changing the letter A Included is an enlightening assessment test that identifies those personality traits requiring attention *Your Handwriting Can Change Your Life* profoundly reveals that the key to making dreams come true is as simple as putting pen to paper *Choose Your Story, Change Your Life* Kindra Hall, 2022-01-11 The things we tell ourselves affect how well or poorly our path in life goes It's time to flip the script on the internal stories you tell yourself and live life on your terms Most of the self stories you tell yourself the kind of person you say you are and the things you are capable of are invisible to you because they have become such a part of your everyday mental routine that you don't even recognize they exist Yet these self stories influence everything you do everything you say and everything you are *Choose Your Story Change Your Life* will help you take complete control of your self stories and create the life you've always dreamed you'd have Author Kindra Hall offers up a new window into your psychology one that travels the distance from the frontiers of neuroscience to the deep inner workings of your thoughts and feelings In *Choose Your Story Change Your Life* Kindra will help you Uncover the truth of how you have created the life you have Challenge everything you think you know about how your life has been built Uncover the clear steps you can take to create the life you want Take control of your self story to become the author of who you are and Live your life in a way you never have before This eye-opening but applicable journey will transform you from a passive listener of these limiting unconscious thoughts to the definitive author of who you are and everything you want to be Changing your life is as simple as choosing better stories to tell yourself If you can change your story you can change your life *Leaders*, 2000
