**Bibliografie van Th. P.H. Wortel, archivaris der gemeente Alkmaar, 1938-1968**, 1968      **Methodological Practices in Social Movement Research** Donatella della Porta, 2014-09-25 Social movement studies have grown enormously in the last few decades spreading from sociology and political science to other fields of knowledge as varied as geography history anthropology psychology economics law and others With the growing interest in the field there has been also an increasing need for methodological guidance for empirical research This volume addresses this need by introducing the main methods of data collection and data analysis as they have been used in past research on social movements Unlike other volumes the book offers a practical how to approach and not simply a review of the methodological literature Each author writes on a method they are very familiar with having used it extensively in their own work And each chapter presents specific discussions on every stage of research from research design to data collection and the use of the information gathered Throughout research dilemmas and choices are presented illustrated and discussed The volume offers an essential point of references for anyone undertaking research on social movements      **Research Ethics and Social Movements** Kevin Gillan, Jenny Pickerill, 2016-04-14 What ethical challenges are faced by researchers studying social and political movements Should scholars integrate their personal politics and identities into their research What role should activists have in shaping the purposes or processes of social scientific research How do changing political contexts affect the ethical integrity of a research project over time These are some of the live issues of research ethics that face students and scholars whose research subjects are located in contentious political terrain The contributors to this volume expose their own ethical thinking as they have met such challenges head on Each explores real dilemmas of ethical practice on the ground as they carry out research on social movements across the globe Authors examining pro democracy activists in Malaysia sanctions breakers in the Gaza Freedom Flotilla environmental health organisations in North America and much else find that the narrow confines of Research Ethics Committees and Institutional Review Boards offer little guidance on the questions that really matter They offer instead a demonstration of continual reflexivity that is both personal and political in its approach This book opens up debate on research ethics delineating key challenges and offering hopeful and practical ways forward for real world ethical social science This book was published as a special issue of Social Movement Studies      Popularizing Scholarly Research Patricia Leavy, 2021-08-31 In Popularizing Scholarly Research Working with Nonacademic Stakeholders Teams and Communities Leavy covers social movements ethical issues working with vulnerable populations outsider insider issues citizens juries community based research participatory action research research community art making theatre cross cultural research decolonizing methods team research and disaster research      **The Oxford Handbook of Methods for Public Scholarship** Patricia Leavy, 2019 The Oxford Handbook of Methods for Public Scholarship presents the first comprehensive overview of research methods and practices for engaging in public scholarship The handbook features a wealth of highly

respected interdisciplinary contributors as well as emerging scholars and chapters include robust examples from real world research in varied fields and cultures

**Social Movements and Activism in the USA** Stephen Valocchi, 2009-09-10 Social Movements and Activism puts front and center the stories rhetoric and emotions of progressive activists from Hartford Connecticut a post industrial city in neo liberal nation Resisting the impulse to flatten the myriad voices of activism but refusing to leave these voices without context Social Movements and Activism uses analytic concepts from social movement theory to assist these activists in telling us who they are why and how they do activism and what conflicts tensions and satisfactions they derive from it

Service Sociology and Academic Engagement in Social Problems A. Javier Treviño, Karen M. McCormack, 2016-04-01 This book challenges sociologists and sociology students to think beyond the construction of social problems to tackle a central question What do sociologists do with the analytic tools and academic skills afforded by their discipline to respond to social problems Service Sociology posits that a central role of sociology is not simply to analyse and interpret social problems but to act in the world in an informed manner to ameliorate suffering and address the structural causes of these problems This volume provides a unique contribution to this approach to sociology exploring the intersection between its role as an academic discipline and its practice in the service of communities and people With both contemporary and historical analyses the book traces the legacy characteristics contours and goals of the sociology of service shedding light on its roots in early American sociology and its deep connections to activism before examining the social context that underlies the call for volunteerism community involvement and non profit organisations as well as the strategies that have promise in remedying contemporary social problems Presenting examples of concrete social problems from around the world including issues of democratic participation poverty and unemployment student involvement in microlending disaster mitigation the organization and leadership of social movements homelessness activism around HIV AIDS and service spring breaks Service Sociology and Academic Engagement in Social Problems explores the utility of public teaching participatory action research and service learning in the classroom as a contribution to the community

**The Leftmost City** Richard Gendron, 2018-04-17 Almost all US cities are controlled by real estate and development interests but Santa Cruz California is a deviant case An unusual coalition of socialist feminists environmentalists social welfare liberals and neighborhood activists has stopped every growth project proposed by landowners and developers since 1969 and controlled the city council since 1981 Even after a 1989 earthquake forced the city to rebuild its entire downtown the progressive elected officials prevailed over developers and landowners Drawing on hundreds of primary documents as well as original previously unpublished interviews The Leftmost City utilizes an extended case study of Santa Cruz to critique three major theories of urban power Marxism public choice theory and regime theory Santa Cruz is presented within the context of other progressive attempts to shape city government and the authors findings support growth coalition theory which stresses the conflict between real estate interests and neighborhoods as the fundamental axis of urban politics The authors conclude their

analysis by applying insights gleaned from Santa Cruz to progressive movements nationwide offering a template for progressive coalitions to effectively organize to achieve political power      *Good Data* Angela Daly, Monique Mann, S. Kate Devitt, 2019-01-23 Moving away from the strong body of critique of pervasive bad data practices by both governments and private actors in the globalized digital economy this book aims to paint an alternative more optimistic but still pragmatic picture of the datafied future The authors examine and propose good data practices values and principles from an interdisciplinary international perspective From ideas of data sovereignty and justice to manifestos for change and calls for activism this collection opens a multifaceted conversation on the kinds of futures we want to see and presents concrete steps on how we can start realizing good data in practice      **The U.S. Women's Jury Movements and Strategic Adaptation** Holly J. McCammon, 2012-04-30 This book explores efforts by women to gain the right to sit on juries in the United States After they won the vote many organized women in the early twentieth century launched a new campaign to further expand their citizenship rights The work here tells the story of how women in fifteen states pressured lawmakers to change the law so that women could take a place in the jury box The history shows that the jury movements that tailored their tactics to the specific demands of the political and cultural context succeeded more rapidly in winning a change in jury law

The Top Books of the Year Rhyming Hope And History Activists Academics And Social Movement Scholarship The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous engrossing novels enthraling the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the engaging narratives that have captivated audiences this year. Rhyming Hope And History Activists Academics And Social Movement Scholarship : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Rhyming Hope And History Activists Academics And Social Movement Scholarship : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and thrilling novel that will keep you guessing until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
