Preface All of art must come from the heart This must be true because the quality that makes art endure is the spiritual value that must be in art The art that comes most quickly from the heart and speaks most readily to the heart is the art of music in particular the art of solo and choral singing J F Williamson Lecture Summer 1959 The life and work of John Finley Williamson 1887 1964 is so complex and interesting that one volume could not possibly do him justice He was the founder of the Westminster Choir and the college that bears its name and was one of Americas choral pioneers in the early twentieth century His charismatic teaching of choral and vocal techniques helped revive singing in Americas churches and schools at a time when it was in decline I knew John Finley Williamson for a mere ten years from the time I was a teenager until his untimely death when I was twenty eight During that time I think I was able to know him as well as any of his many students 2014 marks fifty years since the passing of John Finley Williamson This volume describes both pictorially and through his lectures his worldwide influence on the choral and vocal arts
