Richard Hatfield The Seventeen Year Saga

Randy Richmond, Tom Villemaire

Richard Hatfield The Seventeen Year Saga:

Richard Hatfield Richard Starr, 1987 When New Brunswick Liberals crushed Richard Hatfield's Conservative government in the 1987 election winning every seat in the legislature it marked the end of a high flying political career comprehending everything from high performance sports cars to ignominious drug busts Richard Starr chronicles the dramatic events of Richard Hatfield's seventeen years as premier of New Brunswick The author recounts Hatfield's many legislative successes his reform of political party finance and French language legislation He chronicles the failures and scandals as well from the millions squandered on the Bricklin project to Hatfield's arrest for marijuana possession on the brink of the 1987 election *Richard Hatfield The Seventeen Year Saga* is a fascinating full account of the political career of one of Canada's most controversial leaders

In the Spirit of '68 Joel Belliveau, 2019-11-01 The 1960s were a victorious decade for francophones in New Brunswick who witnessed the election of the first Acadian premier and the opening of a French language university But in 1968 students took to the streets of Moncton demanding further concessions What provoked these students to spark a cultural revolution on par with those overtaking English Canada and Quebec Were they simply heirs to a long line of nationalists seeking more rights for francophones as older histories suggest or were they leftists whose demands echoed the ideas of student movements in Quebec English Canada the United States and France Belliveau argues that the student movement emerged in the late 1950s as an expression of the province's changing youth culture but then evolved as students drew inspiration from the ideas of the New Left shifting allegiance from liberalism to radical communitarianism and ultimately fuelling the fires of a new brand of Acadian nationalism in the 1970s

Big Worlds Jared J. Wesley, 2016-01-01 *The Acadians* James Laxer, 2010-05-14 An evocative and beautifully written history of some of Canada's earliest settlers and their search for a definitive home In 1604 a small group of migrants fled political turmoil and famine in France to start a new colony on Canada's east coast Their roughly demarcated territory included what are now Canada's Maritime provinces land that was fought over by the British and French empires until the Acadians were finally expelled in 1755 Their diaspora persists to this day *The Acadians* is the definitive history of a little known part of the North American past and the quintessential story of a people in search of their identity In the absence of a state what defines an Acadian is elusive and while today's Acadian community centred in New Brunswick is more confident than ever it is entering a contentious debate about its future James Laxer's compelling book brilliantly explores one of Canada's oldest and most distinct cultural groups and shows how their complex often tragic history reflects the larger problems facing Canada and the world today

The Age of Consequence Charles J. McMillan, 2022-04-07 Since the election of Pierre Trudeau in 1968 Canada has had nine prime ministers a series of minority governments as many as sixteen leaders of the opposition and a turnover of party leaders in provincial governments This rotation shows the vibrant nature of the Canadian political system which combines a measure of continuity and stability with change and policy innovation *The Age of Consequence* provides an insider's account of Canada's

political environment over the last fifty years Focusing on the key personalities leaders and political parties of the era Charles McMillan reveals the reality of policy change in a world in flux bound by institutional constraints and propelled by personalities that advance or derail policy initiatives Choosing four policy themes economic competitiveness social justice national reconciliation and constructive internationalism the book traces Canada s policy evolution As a federation Canada s political system is shaped by policy initiatives leadership campaigns national elections the planning and machinery of governance and the strengths of its various leaders from John Diefenbaker and Lester B Pearson to Justin Trudeau Based on McMillan s personal experience as senior policy advisor to Prime Minister Brian Mulroney as well as on interviews policy papers and memos *The Age of Consequence* sheds light on how public policy is made the conflicts facing senior members of the government and the unique burdens placed on prime ministers

The Yugo Jason Vuic,2024-03-26 Six months after its American introduction in 1985 the Yugo was a punch line within a year it was a staple of late night comedy By 2000 NPR s Car Talk declared it the worst car of the millennium And for most Americans that s where the story begins and ends Hardly The short unhappy life of the car the men who built it the men who imported it and the decade that embraced and discarded it is rollicking and astounding and one of the greatest untold business cum morality tales of the 1980s Mix one rabid entrepreneur several thousand good communists a willing U S State Department the shortsighted Detroit auto industry and improvident bankers shake vigorously and you ve got The Yugo The Rise and Fall of the Worst Car in History Brilliantly re-creating the amazing confluence of events that produced the Yugo Yugoslav expert Jason Vuic uproariously tells the story of the car that became an international joke The American CEO who happens upon a Yugo right when his company needs to find a new import or go under A State Department eager to aid Yugoslavia s nonaligned communist government Zastava Automobiles which overhauls its factory to produce an American ready Yugo in six months And a hole left by Detroit in the cheap subcompact market that creates a race to the bottom that leaves the Yugo at the bottom

Colossal Canadian Failures Randy Richmond,Tom Villemare,2002-09-01 Did you hear the one about the canal builder who forgot canals need water The battle where everyone ran away Or the boat made of ice and the town that mixed up time How about the shovel invented for soldiers with a hole in it *Colossal Canadian Failures* is a lighthearted look at Canada s unsung heroes the eccentrics the failures the misguided and the just plain overoptimistic who never met an idea they could resist no matter how crazy From engineering blunders to business and political failures and more *Colossal Canadian Failures* provides a muchneeded ego boost for anyone who thinks they ve said oops one too many times

Dream Car Dimitry Anastakis,2024-03-26 *Dream Car* tells the story of entrepreneur Malcolm Bricklin s fantastical 1970s era Safety Vehicle 1 SV1 audaciously launched during a tumultuous breakpoint in postwar history The tale of the sexy yet safe SV1 reveals the influence of automobiles on ideas about the future technology entrepreneurship risk safety showmanship politics sex gender business and the state as well as the history of the auto industry s birth decline and rebirth Written as an open road the book

The History of Canada Series - The Last Act: Pierre Trudeau Ron Graham, 2011-04-05 Between the morning of Wednesday November 4 and the morning of Thursday November 5 1981 a fateful drama unfolded that changed Canada forever In one last attempt to renew the constitution with the consent of the provinces Prime Minister Pierre Elliott Trudeau met behind closed doors in Ottawa with the ten premiers It was the culmination of more than five decades of constitutional wrangling and has been called the most important conference since the Fathers of Confederation got together in Quebec City in 1864 Faced with the threat of Quebec independence the ambitions of Western Canada and the provinces demands for more power Trudeau was embattled But he was fiercely determined to make Canadians fully independent and to entrench a Charter of Rights and Freedoms What happened that day still reverberates It severed the last important link to Canada s colonial past It guaranteed individual liberty and minority rights in the future It weakened the grip of the elites and gave ownership of the constitution to Canadians But it came at a price Quebec alone refused to sign the final deal Ren L vesque its separatist premier claimed he had been betrayed by his allies in the Gang of Eight The legend of the Night of the Long Knives took hold precipitating a series of events that came close to destroying the country Thirty years later author Ron Graham delivers a gripping account of the fractious debates and secret negotiations He uses newly uncovered documents and the candid recollections of many of the key participants to create a vivid record of that momentous twenty four hours Authoritative and engaging The Last Act is a remarkable combination of scholarly research and historical narrative
