Ridin Through:

Songs of the Cattle Trail and Cow Camp John Avery Lomax, 1931-01-01 The Songs of the Cattle Trail and Cow Camp does not purport to be an anthology of Western verse As its title indicates the contents of the book are limited to attempts more or less poetic in translating scenes connected with the life of a cowboy The volume is in reality a by product of my earlier collection Cowboy Songs and Other Frontier Ballads In the former book I put together what seemed to me to be the best of the songs created and sung by the cowboys as they went about their work In making the collection the cowboys often sang or sent to me songs which I recognized as having already been in print although the singer usually said that some other cowboy had sung the song to him and that he did not know where it had originated For example one night in New Mexico a cowboy sang to me in typical cowboy music Larry Chittenden s entire Cowboys Christmas Ball since that time the poem has often come to me in manuscript form as an original cowboy song The changes usually it must be confessed resulting in bettering the verse which have occurred in oral transmission are most interesting Of one example Charles Badger Clark s High Chin Bob I have printed following Mr Clark s poem a cowboy version which I submit to Mr Clark and his admirers for their consideration In making selections for this volume from a large mass of material that came into my ballad hopper while hunting cowboy songs as a Traveling Fellow from Harvard University I have included the best of the verse given me directly by the cowboys other selections have come in through repeated recommendation of these men others are vagrant verses from Western newspapers and still others have been lifted from collections of Western verse written by such men as Charles Badger Clark Jr and Herbert H Knibbs To these two authors as well as others who have permitted me to make use of their work the grateful thanks of the collector are extended As will be seen almost one half of the selections have no assignable authorship I am equally grateful to these unknown authors
