from Shamanism to Science

WILLARD JOHNSON

# Riding The Ox Home A History Of Meditation From Shamanism To Science

**Colleen Mauro**

## **Riding The Ox Home A History Of Meditation From Shamanism To Science:**

*Riding the Ox Home* Willard L. Johnson, 1986      *The Oxford Handbook of Meditation* Miguel Farias, David Brazier, Mansur Lalljee, 2021 A state of the art guide to meditation science and history its facts and myths Covers the development of meditation practices across the world exploring how the varieties of meditation techniques were created in different cultural and religious contexts Explores ethical social and religious implications and discusses controversial topics Book jacket      **Psychology of Meditation** S.K. Kiran Kumar, 2002      *Hypnosis and Meditation* Amir Raz, Michael Lifshitz, 2016 Research over the past decade has helped to demystify hypnosis and meditation bringing these practices into the scientific and clinical mainstream Yet while hypnosis and meditation overlap on many levels few scientific accounts have explored their complementary rapprochement Despite cultural and historical differences hypnosis and meditation share common phenomenology cognitive processes and potential therapeutic merits This book provides a synthesis of knowledge concerning the bridging of hypnosis and meditation The authors adopt a trans disciplinary approach considering cultural historical and philosophical perspectives to elucidate contemporary questions in cognitive neurobiological and clinical science The book explores the relationship between hypnosis and meditation in five progressive sections Part 1 investigates historical cultural and philosophical issues to contextualize the scientific study of contemplative practices Part 2 presents a range of views concerning the similarities and differences between hypnosis and meditation Part 3 explores the psychological and cognitive mechanisms at work Part 4 integrates recent brain imaging findings to unravel the neural underpinnings Finally part 5 examines how juxtaposing hypnosis and meditation can enhance clinical applications Hypnosis and Meditation is a valuable resource to both specialists as well as interested lay readers and paves the road to a more unified science of how attention influences states of brain body and consciousness      **International Meditation Bibliography, 1950-1982** Howard R. Jarrell, 1985 See Reviews      Meditation Domyo Sater Burk, 2016-02-09 Relieve stress and improve your understanding of yourself with the ultimate meditation guide for beginners While meditation is viewed in many ways it is essentially the slowing down of your thoughts in order to achieve awareness Most meditation practitioners use it as a means of focusing their thoughts and relaxing in their space and mind Many use it as a daily form of prayer Meditation can help focus your thinking lower your stress levels lower risks for medical issues such as high blood pressure glucose levels and heart disease and is considered to be preventative medicine It promotes mind body balance and fitness mindfulness and creativity Idiot s Guides Meditation offers a concise easy to grasp primer on the numerous types of meditation and how to practice them This book includes The definition and fundamental basics of meditation Preparing to meditate what when and where to meditate Tips for dealing with distractions while meditating Working meditation into your daily life Types of meditation Zen Vipassana breathing Tibetan Buddhist mindfulness Jewish meditation Christian prayer Sufi meditation and Native American meditation The physical and mental benefits of each type of meditation Mind body connection dealing with

emotional challenges and habitual patterns Meditation in adults and children Healing meditation dealing with pain

**Virtual Realism** Michael Heim,2000-04-13 Virtual reality has introduced what is literally a new dimension of reality to daily life But it is not without controversy Indeed some say that a collision is inevitable between those passionately involved in the computer industry and those increasingly alienated from and often replaced by its applications Opinions range from the cyberpunk attitude of Wired magazine and Bill Gates s commercial optimism to the violent opposition of the Unabomber Now with Virtual Realism readers have a thought provoking guide to the cyberspace backlash debate and the implications of cyberspace for our culture Michael Heim offers a comprehensive introduction to virtual reality and a provocative commentary on its present and future impact on our lives Heim describes the fascinating and important industrial and military uses of virtual reality as well as its artistic and entertainment applications He argues that we must balance the idealist s enthusiasm for computerized life with the need to ground ourselves more deeply in primary reality This uneasy balance he calls virtual realism

**Poetic Leaps in Zen'S Journey of Enlightenment** Yong Zhi,2012-08-09 While the philosophical discussion of Zen spirituality reaches its limit poetry offers an effective expression of the sublime experiences From a poetic perspective enlightenment is understood as poetic leaps in the spiritual journey which brings people from the habitually or conventionally established world toward new horizons of consciousness This leap is a breakthrough in the overall consciousness rather than a progression in contemplative thought Therefore it cannot be adequately described through abstract representation but poetry can metaphorically capture this leap and reveal both the spiritual meaning and the practical wisdom of enlightenment This book will take you on this fantastic journey of enlightenment

*The Mystic Heart* Wayne Teasdale,2010-10-06 Drawing on experience as an interreligious monk Brother Wayne Teasdale reveals the power of spirituality and its practical elements He combines a profound Christian faith with an intimate understanding of ancient religious traditions

*Homeostatic Control of Brain Function* Detlev Boison,Susan Masino,2016 Homeostatic Control of Brain Function offers a broad view of brain health and diverse perspectives for potential treatments targeting key areas such as mitochondria the immune system epigenetic changes and regulatory molecules such as ions neuropeptides and neuromodulators Loss of homeostasis becomes expressed as a diverse array of neurological disorders Each disorder has multiple comorbidities with some crossing over several conditions and often disease specific treatments remain elusive When current pharmacological therapies result in ineffective and inadequate outcomes therapies to restore and maintain homeostatic functions can help improve brain health no matter the diagnosis Employing homeostatic therapies may lead to future cures or treatments that address multiple comorbidities In an age where brain diseases such as Alzheimer s or Parkinson s are ever present the incorporation of homeostatic techniques could successfully promote better overall brain health Key Features include A focus on the homeostatic controls that significantly depend on the way one lives eats and drinks Highlights from emerging research in non pharmaceutical therapies including botanical medications meditation diet

and exercise Incorporation of homeostatic therapies into existing basic and clinical research paradigms Extensive scientific basic and clinical research ranging from molecules to disorders Emerging practical information for improving homeostasis Examples of homeostatic therapies in preventing and delaying dysfunction Both editors Detlev Boison and Susan Masino bring their unique expertise in homeostatic research to the overall scope of this work This book is accessible to all with an interest in brain health scientist clinician student and lay reader alike Earthly Immortalities Peter Moore,2019-06-15 In this thought provoking book Peter Moore examines the often overlooked issues concerning human mortality the fragile ways in which the dead can be said to live on in earthly terms through their children their work the memories of others their possessions and even their bodies Such earthly immortalities raise a host of fascinating questions about our attitudes toward life and toward the world we leave behind us when we die To what extent does the meaning we find in our lives depend upon the assumption there will always be a new generation to continue the human adventure What would it be like if science were able to extend life indefinitely and is this something already enshrined in the doctrine of reincarnation Can we solve our anxieties about mortality by learning that life is worth living precisely because we do not live forever In a generous and eloquent account these and more are the questions *Earthly Immortalities* seeks to answer *Spiritual Telepathy* Colleen Mauro,2015-04-15 Colleen Mauro founded Intuition A Magazine for the Higher Potential of the Mind to introduce readers to the emerging field of intuition development In her new book she takes readers beyond the intuition basics and introduces them to the next step a more advanced form of intuitive perception called spiritual telepathy This book provides the ancient mind training techniques that will allow you to access the wisdom and guidance of your own soul These techniques once taught in the ancient mystery schools come from a body of knowledge called the Ageless Wisdom The Wisdom teachings tell us that the soul is our gateway to the higher worlds Through the soul we have access to the universal or divine mind where information on all subjects can be found In the past it s been only the special people our saints shamans and spiritual leaders who have had access to the higher worlds Colleen assures us that we can all gain access to that universal wellspring of inspiration and knowledge **Loitering at the Gate to Eternity** Louisa Oakley Green,2013-07 Author Louisa Oakley Green didn t believe in psychic phenomena when she met her husband Stephen Now twenty years later this self described psychic bystander from New Jersey shares haunting tales from family friends and strangers who see life through the veil of clairvoyance and mediumship In *Loitering at the Gate to Eternity* Green chronicles the psychic tales of everyday people from school teachers and business professionals to blue collar workers from children to senior citizens as well as four gifted psychic professionals Some have had only one psychic experience in their lives while others are guided by them daily Green offers engrossing insights into the world of clairvoyance out of body experiences and the peculiar penchant deceased relatives and friends have for sharing burdens and celebrations Providing credence to the belief that everyone possesses psychic ability though some seem to have a more natural affinity than others *Loitering at the Gate to Eternity* chronicles

Green's journey from skeptic to believer through more than one hundred paranormal stories involving her husband, his family and friends

Huichol Mythology Robert Mowry Zingg, 2004-10 Best known for their ritual use of peyote, the Huichol people of west central Mexico carried much of their original belief system into the twentieth century unadulterated by the influence of Christian missionaries. Among the Huichol, reciting myths and performing rituals pleases the ancestors and helps maintain a world in which abundant subsistence and good health are assured. This volume is a collection of myths recorded by Robert Zingg in 1934 in the village of Tuxpan and is the most comprehensive record of Huichol mythology ever published. Zingg was the first professional anthropologist to study the Huichol, and his generosity toward them and political advocacy on their behalf allowed him to overcome tribal sanctions against divulging secrets to outsiders. He is fondly remembered today by some Huichols who were children when he lived among them. Zingg recognized that the alternation between dry and wet seasons pervades Huichol myth and ritual as it does their subsistence activities, and his arrangement of the texts sheds much light on Huichol tradition. The volume contains both aboriginal myths that attest to the abiding Huichol obligation to serve ancestors who control nature and its processes and Christian inspired myths that document the traumatic effect that silver mining and Franciscan missions had on Huichol society. First published in 1998 in a Spanish language edition, *Huichol Mythology* is presented here for the first time in English with more than 40 original photographs by Zingg accompanying the text. For this volume, the editors provide a meticulous historical account of Huichol society from about 200 A.D. through the colonial era, enabling readers to fully grasp the significance of the myths free of the sensationalized interpretations found in popular accounts of the Huichol. Zingg's compilation is a landmark work indispensable to the study of mythology, Mexican Indians, and comparative religion.

*Soma* David L. Spess, 2000-08-01 The definitive work on the ancient Hindu soma rituals mentioned in the Vedas and debated by scholars for decades. The first book to identify the mysterious soma plant. A breakthrough book that reenvisioned the role of psychoactive plants in religion. Soma has been shrouded in mystery for centuries. It is simultaneously a sacred hallucinogenic plant used in secret rituals, a personified God, and an important cosmological principle. Summarizing all previous research on the subject, David Spess goes far beyond his predecessors and shows that soma provides an important key to the understanding of the earliest systemized methods of medicine, psychology, magic, rejuvenation, longevity, and alchemy. Most significant is that his intensive research provides the most compelling case yet for actual identification of the plants that served as the basis for the divine hallucinogen *Nelumbo nucifera*, the sacred lotus of India, as well as some members of the *Nymphaea* genus. With the renewed interest in the ritual use of psychoactive substances, shamanism, psychic phenomena, and alternative modalities of healing, *Soma* provides a much needed bridge between Eastern and Western esoteric traditions. Contained within the enigmatic verses about soma in the Rig Veda is a secret about ourselves and the nature of our relationship to the world and cosmos. *Soma* makes this knowledge available to us once again.

Reinventing Religion Peter Moore, 2020-10-07 Many of us, proponents and critics alike, commonly make

assumptions about religion We may presume that religion is mainly about having beliefs or being good or that it is concerned with spiritual rather than material issues or that religious ideas and practices are meant to be somehow timeless Such views Peter Moore argues work only to obscure the truth that religion is essentially humanity's quest to become fully human This enlightening exposition questions our very understanding of faith and contends that religions should remain open to reinventing themselves both practically and intellectually rediscovering neglected traditions and finding new ways forward Written with subtlety and passion this book gets to the heart of ongoing debates about the validity and purpose of religion

**Meditation for the Modern Man** P. K. Sholapurwala, 2015-05-18 The book gives detailed knowledge about what meditation is and what it is not It defines the fine nuances and intricacies of the art of meditation and points the reader to the true path of conscious evolution building a higher self awakening self awareness and self analysis It stresses the fact that meditation can lead to transmutation of the self it can be a form of therapy or cleansing and ultimately leads to living a good life out of free will The word cognitive meditation is used to explain in detail the cognitive abilities of nonself awareness and their limitations It further goes on to explain the perception achieved by self awareness or the I The book has a separate section on meditation techniques and gives a point by point method which can be followed to achieve success A lot is explained about the obstacles faced during developing this meditation technique and elaborate examples and solutions are explained to overcome the same A detailed explanation of the differences between cognitive meditation and other meditation techniques and goals is presented in an easy to understand format Cognitive meditation is more scientific in nature not scrambled with religion and hence the author feels more suitable for the modern society

**Energy SourceBook** Jill Henry, 2004 Polarity therapy chakra work meditation feng shui and other energy healing methods

**Turning Points in Religious Studies** Ursula King, 2016-10-06 Religious Studies was first introduced as a new discipline in universities and colleges around the world in the 1960s This discipline brought about a reorientation of the study of religion created new perspectives and influenced all sectors of education The essays presented in this volume provide a clear and comprehensive overview of the history of Religious Studies as an academic discipline the turning points it faces and the directions it might take in the future The work is organised in three sections The first presents a succinct case study of the historical development of Religious Studies in Britain The second considers the development of Religious Studies throughout the world in its major constituents including Hinduism Buddhism Sikhism traditional African religions Christianity Islam and new religious movements in Africa the study of truth and dialogue in religion science and the rediscovery of religious experience mysticism The third section looks to developments in Religious Studies in particular at religion in relation to the arts gender information technology and to Religious Studies in a global perspective

**The Art of Resistance** Shelley Drake Hawks, 2017-11-20 The Art of Resistance surveys the lives of seven painters Ding Cong 1916 2009 Feng Zikai 1898 1975 Li Keran 1907 89 Li Kuchan 1898 1983 Huang Yongyu b 1924 Pan Tianshou 1897 1971 and Shi Lu 1919 82 during China's

Cultural Revolution 1966 1976 a time when they were considered counterrevolutionary and were forbidden to paint Drawing on interviews with the artists and their families and on materials collected during her visits to China Shelley Drake Hawks examines their painting styles political outlooks and life experiences These fiercely independent artists took advantage of moments of low surveillance to secretly paint by candlelight In doing so they created symbolically charged art that is open to multiple interpretations The wit courage and compassion of these painters will inspire respect for the deep emotional and spiritual resonance of Chinese art Art History Publication Initiative For more information visit <http://arthistorypi.org/books/art-of-resistance>

Right here, we have countless book **Riding The Ox Home A History Of Meditation From Shamanism To Science** and collections to check out.
