Boca, 2022-12-05 My mom used to tell us to me and my sister stories about the heroes of the legends and their mythical animals As a young child I read many fairy tales I was always amazed of their world And then I started to wonder if they were only fantasy I travelled inside these stories throughout my mind and the more I read the more they seemed real to me I felt alive just imagining that I am a part of their world where I was always welcomed by everything and everybody My sister was always my companion in all my travels and she always took good care of me Before I knew it I grew up and I was blessed with a wonderful child His innocence and beautiful heart reminded me of our childhood where innocence was the name of our world My son was and is an inspiration for a fantasy world of my own Just for my him I decided to bring the myths and legends into our world I decided to give them life This book is a blend of magic fantasy and reality Here is the place where I brought together the mythical animals heroes stories about underworld life reality and magic The legends are so real in my book you feel like they were always part of us I always imagined reading stories to my grandchildren when they will go to bed at night I hope someday my wish will come true It is a happy book with happy ending In fact this is not the end it is the beginning of an adventure of a lifetime and never ending knowledge Cognitive Linguistics Vyvyan Evans, Melanie

turns up he volunteers his services to the local police who need all the help they can get But because the universe likes a joke as much as the next sadistic megalomaniac Peter soon comes to realize that dark secrets underlie the picturesque fields and villages of the countryside and there might just be work for Britain's most junior wizard after all Soon Peter's in a vicious race against time in a world where the boundaries between reality and fairy have never been less clear The Rift S.A. Especially once he learns about Demons He d always thought they were another abstract concept a stand in for ultimate evil But if centaurs and dryads are real then Demons surely are as well And the one thing all the Mages of the City agreed on was that practicing Wild Magic corrupted a Mage Turned him into a Demon Would that be Kellen s fate Deep in Obsidian Mountain the Demons are waiting Since their defeat in the last great War they ve been biding their time sowing the seeds of distrust and discontent between their human and Elven enemies Very soon now when the Demons rise to make war there will be no alliance between High and Wild Magic to stand against them And all the world will belong to the Endarkened At the Publisher s request this title is being sold without Digital Rights Management Software DRM applied **Nemesis is**
