Civil Rights United States. Congress. House. Committee on Rules, 1964 *The End of Reciprocity* Mark Osiel, 2009-03-09 Why should America restrain itself in detaining interrogating and targeting terrorists when they show it no similar forbearance Is it fair to expect one side to fight by more stringent rules than the other placing itself at disadvantage Is the disadvantaged side then permitted to use the tactics and strategies of its opponent If so then America's most controversial counterterrorism practices are justified as commensurate responses to indiscriminate terror Yet different ethical standards prove entirely fitting the author finds in a conflict between a network of suicidal terrorists seeking mass atrocity at any cost and a constitutional democracy committed to respecting human dignity

and the rule of law The most important reciprocity involves neither uniform application of fair rules nor their enforcement by a simple minded tit for tat Real reciprocity instead entails contributing to an emergent global contract that encompasses the law of war and from which all peoples may mutually benefit **The Corner Cupboard of Facts for Everybody** Robert Kemp Philp,1859 Records and Briefs of the United States Supreme Court ,1832 **COVID-19: Tackling Global Pandemics through Scientific and Social Tools** S.
