

Rights Concepts In Social Thought Series

**Henry J. Steiner, Philip Alston, Ryan
Goodman**

Rights Concepts In Social Thought Series:

Rights: Concepts and Contexts Horacio Spector, 2017-05-15 *Rights Concepts and Contexts* contains the central works of recent scholarship on the nature of rights with contributions by some of the most prominent contemporary theorists in moral legal and political philosophy including Joseph Raz Robert Alexy Jeremy Waldron Morton Horwitz Stephen Darwall Margaret Gilbert David Lyons and Aharon Barak With approaches ranging from the political to the historical and from the analytical to the critical this collection touches on the major conceptual and practical questions of this important field what is the nature and grounding of human rights How should conflicts of rights best be analyzed Are rights best understood in terms of choice benefits or some hybrid of the two What are the connections between rights and duties and between rights and justice The collection also offers useful introductions to emerging issues in rights theory such as the purported bipolarity of rights

Welfare Norman P. Barry, 1999 This is the second edition of a well established study of perhaps the most controversial and contested concept in the social sciences The book traces the historical origins of welfare to eighteenth century sources in moral and social philosophy and shows how in the evolution of the concept doctrines of welfare have been associated with a variety of social philosophies including utilitarianism rights individualism and collectivism The result is a well rounded text for students of politics sociology and social policy and an essential reference for researchers as well as those with a wider interest in the welfare state

Property and Justice Zhang Wenxi, 2023-11-30 This book attempts to answer the question what on earth is the Marxist political philosophy The author discusses Karl Marx's vision of the good life and the good society focusing in particular on the interrelationship between property and justice Strictly speaking the subject of this book should not be placed within an a priori conceptual framework which essentially focuses on academic notions of the good society good government and justice However for the purposes of this book Marxist political philosophy namely communism is already embodied in two aspects This book argues that it is the noisy and confusing modern political philosophy that obscures the actualization of human nature unfolded by the Marxist political philosophy before us The book will be essential reading for students and scholars of philosophy Marxism Chinese studies and Chinese Marxist philosophy

Culture and the Thomist Tradition Tracey Rowland, 2003-09-02 *Culture and the Thomist Tradition* examines the crisis of Thomism today as thrown into relief by Vatican II and synthesises the theological critiques of modernity to be found in the works of Alasdair MacIntyre and the Radical Orthodoxy circle

Catholicism, Liberalism, and Communitarianism Kenneth L. Grasso, Gerard V. Bradley, Robert P. Hunt, 1995 This book makes a very ambitious proposal The proposal is that Catholic social thought can contribute significantly to revivifying the American experiment in liberal democracy That there is a need and urgent need for such a revival is today widely recognized by thinkers across the political and philosophical spectrum Some of the essays here are polemical and others apologetic but the book taken all in all is a proposal As such it must make its case sometimes in conversation with and sometimes against other proposals that are advanced in the public square of

democratic discourse Foreword **International Human Rights in Context** Henry J. Steiner, Philip Alston, Ryan Goodman, 2008 Completely revised and updated to bring it up to date with recent events this popular textbook incorporates a wide range of carefully edited materials from both primary and secondary sources **Marxism and Morality** Nicholas Churchich, 2022-01-01 Karl Marx promised in the preface to his Economic and Philosophic Manuscripts of 1844 that he would write an independent pamphlet on ethics Although he never did so in his later writings he discussed morality extensively Later commentators were more concerned with other aspects of Marx's thought and largely neglected this area As a result Nicholas Churchich's exposition of Marx's thoughts on morality has become the standard work on the subject Thoroughly researched well reasoned and balanced in its argument Marxism and Morality presents a comprehensive and critical analysis of Marx's and Engel's ideas on morality and ethics analysing both strengths and weaknesses Churchich examines morality in its bourgeois and proletarian forms the origin and development of moral ideas moral values and standards egoism and altruism He explores the role of religion and science in communist ethics and discusses the ends and means in the struggle for a classless society Praised by those on both sides of the political divide for his objectivity Churchich's approach remains the definitive evaluation of the ethical arguments of Marxism **Hegel's Ethics of Recognition** Robert R. Williams, 1998-02-10 In this significant contribution to Hegel scholarship Robert Williams develops the most comprehensive account to date of Hegel's concept of recognition Anerkennung Fichte introduced the concept of recognition as a presupposition of both Rousseau's social contract and Kant's ethics Williams shows that Hegel appropriated the concept of recognition as the general pattern of his concept of ethical life breaking with natural law theory yet incorporating the Aristotelian view that rights and virtues are possible only within a certain kind of community He explores Hegel's intersubjective concept of spirit Geist as the product of affirmative mutual recognition and his conception of recognition as the right to have rights Examining Hegel's Jena manuscripts his Philosophy of Right the Phenomenology of Spirit and other works Williams shows how the concept of recognition shapes and illumines Hegel's understandings of crime and punishment morality the family the state sovereignty international relations and war A concluding chapter on the reception and reworking of the concept of recognition by contemporary thinkers including Derrida Levinas and Deleuze demonstrates Hegel's continuing centrality to the philosophical concerns of our age **Essential Concepts in Sociology** Anthony Giddens, Philip W. Sutton, 2021-05-04 Social life is in a constant process of change and sociology can never stand still As a result contemporary sociology is a theoretically diverse enterprise covering a huge range of subjects and drawing on a broad array of research methods Central to this endeavour is the use of core concepts and ideas which allow sociologists to make sense of societies though our understanding of these concepts necessarily evolves and changes This clear and jargon free book introduces a careful selection of essential concepts that have helped to shape sociology and continue to do so Going beyond brief dictionary style definitions Anthony Giddens and Philip W Sutton provide an extended discussion of each

concept which sets it in historical and theoretical context explores its main meanings in use introduces relevant criticisms and points readers to its ongoing development in contemporary research and theorizing Organized in ten thematic sections the book offers a portrait of sociology through its essential concepts ranging from capitalism identity and deviance to the digital revolution environment postcolonialism and intersectionality It will be essential reading for all those new to sociology as well as anyone seeking a reliable route map for a rapidly changing world The Militant Worker Scott Lash,1984 This is a consummately polemical yet ultimately plausible endeavor to recast our theoretical empirical and historical understanding of social class The author demonstrates that neither technology nor skill nor wage level is the prime determinant of militancy Instead it is ideological and organizational forms **Classical and Contemporary Social Theory** Tim Delaney,2024-03-22 The second edition of Classical and Contemporary Social Theory provides wraparound coverage of the classical social theorists and influential sociological schools of thought in the contemporary period Explained carefully and clearly throughout Tim Delaney reviews the key concepts and contributions from brilliant classical social thinkers and recent sociological thought spanning over 500 years of source material He weaves together profiles of leading theorists thorough descriptions of major academic and intellectual perspectives and discussion of prevailing themes of interest that have concerned theorists and sociologists throughout time and will likely continue to do so in the future The book emphasizes methods of investigation and application in its overview of the field by challenging readers to think about problems critically and in relation to key sociological theories and to also apply their sociological understanding to real everyday events In this new edition Delaney revisits the classical period and highlights the special contributions of American social theorists and their impact on the diversity of thought leading into the contemporary era He attends to later schools of thought and weaves in important updates related to critical race theory and globalization With updated context and further applications the second edition of Classical and Contemporary Social Theory is a perfect addition to combined courses in social theory

Feminism Beyond Left and Right Holly Lawford-Smith,2025-07-14 An unquestioned assumption of contemporary politics is that the left owns minority groups in the sense that the left exclusively champions the interests of minorities and is for that reason owed the allegiance of minorities This in turn gives rise to the sense of dissonance created by right wing dissenters the black social conservative the gay ultra nationalist the female libertarian the poor pro capitalist This same dissonance exists for women and feminism creating a default assumption that a feminist is a left wing woman We don t make a distinction between left wing feminists and feminists we don t need to There s nothing a philosopher loves more than an unquestioned assumption and in this book political philosopher Holly Lawford Smith systematically dismantles the assumption that feminism is an exclusively left wing project Once dismantled the path is clear to a new set of questions Who counts as a feminist in the first place If women from anywhere on the political spectrum can be feminists who is it that feminists should or shouldn t be working with And what can be said more generally about the ethics of alliances and

coalitions In *Feminism Beyond Left and Right* Lawford Smith makes the case for non partisan feminism feminism outside the constraints of the left right political spectrum a feminism for and about all women as women The SAGE Encyclopedia of Business Ethics and Society Robert W. Kolb,2018-03-27 Spans the relationships among business ethics and society by including numerous entries that feature broad coverage of corporate social responsibility the obligation of companies to various stakeholder groups the contribution of business to society and culture and the relationship between organizations and the quality of the environment **Concept Formation in Social Science (Routledge Revivals)** William

Outhwaite,2010-10-22 First published in 1983 this book examines the problems of concept formation in the social sciences and in particular sociology from the standpoint of a realistic philosophy of science Beginning with a discussion of positivistic hermeneutic rationalist and realistic philosophies of science Dr Outhwaite argues that realism is best able to furnish rational criteria for the choice and specification of social scientific concepts A realistic philosophy of science therefore acts as his reference point for the dialectical presentation of alternative accounts **Practical Necessity, Freedom, and History**

David James,2021 By means of careful analysis of relevant writings by Hobbes Rousseau Kant Hegel and Marx David James argues that the concept of practical necessity is key to understanding the nature and extent of human freedom Practical necessity means being or believing oneself to be constrained to perform certain actions in the absence whether real or imagined of other more attractive options or by the high costs involved in pursuing other options Agents become subject to practical necessity as a result of economic social and historical forces over which they have or appear to have no effective control and the extent to which they are subject to it varies according to the amount of economic and social power that one agent possesses relative to other agents The concept of practical necessity is also shown to take into account how the beliefs and attitudes of social agents are in large part determined by social and historical processes in which they are caught up and that the type of motivation that we attribute to agents must recognize this Practical Necessity Freedom and History From Hobbes to Marx shows how Rousseau Kant Hegel and Marx in contrast to Hobbes explain the emergence of the conditions of a free society in terms of a historical process that is initially governed by practical necessity The role that this form of necessity plays in explaining history necessity invites the following question to what extent are historical agents genuinely subject to both practical and historical necessity **Critical theory and legal autopoiesis** Gunther Teubner,2019-05-10

This volume collects and revises the key essays of Gunther Teubner one of the world s leading sociologists of law Written over the past twenty years these essays examine the dark side of functional differentiation and the prospects of societal constitutionalism as a possible remedy Teubner s claim is that critical accounts of law and society require reformulation in the light of the sophisticated diagnoses of late modernity in the writings of Niklas Luhmann Jacques Derrida and select examples of modernist literature Autopoiesis deconstruction and other post foundational epistemological and political realities compel us to confront the fact that fundamental democratic concepts such as law and justice can no longer be based

on theories of stringent argumentation or analytical philosophy We must now approach law in terms of contingency and self subversion rather than in terms of logical consistency and rational coherence *Forum and Column Review* ,1915 The Forum Loretta Sutton Metcalf,Walter Hines Page,Joseph Mayer Rice,Frederic Taber Cooper,Arthur Hooley,George Henry Payne,Henry Goddard Leach,1915 Current political social scientific education and literary news written about by many famous authors and reform movements **Forum** ,1915 Philosophical Theory and the Universal Declaration of Human Rights William Sweet,2003 Philosophical Theory and the Universal Declaration of Human Rights examines the relations and interrelations among theoretical and practical analyses of human rights Edited by William Sweet this volume draws on the works of philosophers political theorists and those involved in the implementation of human rights The essays although diverse in method and approach collectively argue that the language of rights and corresponding legal and political instruments have an important place in contemporary social political philosophy Published in English

Unveiling the Magic of Words: A Review of "**Rights Concepts In Social Thought Series**"

In some sort of defined by information and interconnectivity, the enchanting power of words has acquired unparalleled significance. Their capability to kindle emotions, provoke contemplation, and ignite transformative change is actually awe-inspiring. Enter the realm of "**Rights Concepts In Social Thought Series**," a mesmerizing literary masterpiece penned by a distinguished author, guiding readers on a profound journey to unravel the secrets and potential hidden within every word. In this critique, we shall delve to the book is central themes, examine its distinctive writing style, and assess its profound affect the souls of its readers.

Rights Concepts In Social Thought Series Introduction

In the digital age, access to information has become easier than ever before. The ability to download Rights Concepts In Social Thought Series has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Rights Concepts In Social Thought Series has opened up a world of possibilities. Downloading Rights Concepts In Social Thought Series provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Rights Concepts In Social Thought Series has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Rights Concepts In Social Thought Series. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Rights Concepts In Social Thought Series. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Rights Concepts In Social Thought Series, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites

they are downloading from. In conclusion, the ability to download Rights Concepts In Social Thought Series has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Rights Concepts In Social Thought Series Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Rights Concepts In Social Thought Series is one of the best book in our library for free trial. We provide copy of Rights Concepts In Social Thought Series in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Rights Concepts In Social Thought Series. Where to download Rights Concepts In Social Thought Series online for free? Are you looking for Rights Concepts In Social Thought Series PDF? This is definitely going to save you time and cash in something you should think about. If you trying to find then search around for online. Without a doubt there are numerous these available and many of them have the freedom. However without doubt you receive whatever you purchase. An alternate way to get ideas is always to check another Rights Concepts In Social Thought Series. This method for see exactly what may be included and adopt these ideas to your book. This site will almost certainly help you save time and effort, money and stress. If you are looking for free books then you really should consider finding to assist you try this. Several of Rights Concepts In Social Thought Series are for sale to free while some are payable. If you arent sure if the books you would like to download works with for usage along with your computer, it is possible to download free trials. The free guides make it easy for someone to free access online library for download books to your device. You can get free download on free trial for lots of books

categories. Our library is the biggest of these that have literally hundreds of thousands of different products categories represented. You will also see that there are specific sites catered to different product types or categories, brands or niches related with Rights Concepts In Social Thought Series. So depending on what exactly you are searching, you will be able to choose e books to suit your own need. Need to access completely for Campbell Biology Seventh Edition book? Access Ebook without any digging. And by having access to our ebook online or by storing it on your computer, you have convenient answers with Rights Concepts In Social Thought Series To get started finding Rights Concepts In Social Thought Series, you are right to find our website which has a comprehensive collection of books online. Our library is the biggest of these that have literally hundreds of thousands of different products represented. You will also see that there are specific sites catered to different categories or niches related with Rights Concepts In Social Thought Series So depending on what exactly you are searching, you will be able to choose ebook to suit your own need. Thank you for reading Rights Concepts In Social Thought Series. Maybe you have knowledge that, people have search numerous times for their favorite readings like this Rights Concepts In Social Thought Series, but end up in harmful downloads. Rather than reading a good book with a cup of coffee in the afternoon, instead they juggled with some harmful bugs inside their laptop. Rights Concepts In Social Thought Series is available in our book collection an online access to it is set as public so you can download it instantly. Our digital library spans in multiple locations, allowing you to get the most less latency time to download any of our books like this one. Merely said, Rights Concepts In Social Thought Series is universally compatible with any devices to read.
