Rights Concepts In Social Thought

Franz-Xaver Kaufmann

Rights Concepts In Social Thought:

Relating Humanities and Social Thought Abraham Edel, 2019-01-22 In the current atmosphere of controversy about modes of interpreting literature historical influences in science and subtle ideologies in social theory Abraham Edel confronts the institutionalized separation of the humanities and the sciences the segregation of disciplines through structures that rest on entrenched dualisms and the isolations reenforced by habits of the academy and its struggles over turf Edel s search for connections carried out not only theoretically but through a series of particular studies spanning major disciplines from philosophy and social theory to jurisprudence biography and cultural anthropology leads into uncharted waters He faces the startling conclusion that the clue to answering internal questions characteristically turns out to come from trans discipline relations This fourth volume of Edel s Science Ideology and Value focuses in a Deweyan vein on the functional requirements at the base of the social sciences and humanities alike discipline structures are subject to change development and decay and even to categorial shifts as well as to readjustments At the same time Edel s philosophical naturalism helps diagnose the obstacles to research that stem from imposed dualisms such as theory and practice subjectivity and objectivity fact and value individual and society as well as social contrasts of elite and mass Normative structures are to be held responsible to inquiry and a self conscious exploratory practice is needed to minimize the risks of arbitrary closures For those who wish to get beyond sloganeering in the world of education humane learning and the social and historical sciences this book is a must

Human Rights: Concept and Standards Janusz Symonides, 2017-09-19 Presenting reflections on the historical perspectives and philosophical foundations of human rights this book provides a detailed analysis of civil and political rights as well as the rights of persons belonging to such vulnerable groups as women children and minorities indigenous people refugees displaced persons and migrant workers

Housing Philosophy Yoric Irving-Clarke, 2022-12-30 This book addresses key issues in housing policy through the lens of the philosophical concepts that underpin them It is intended to be an introduction to philosophical subjects and how they relate to key housing issues and deals with the concepts with enough rigour and depth to be of use to undergraduate and postgraduate students and teachers Both practitioners in the housing sector and academics researching housing related subjects often use terms such as fairness social justice tenure property home and others as if there is a single agreed meaning for these terms But these terms can be highly contested and there are multiple viewpoints for each of them that could change how we approach them and how we therefore create interpret and implement policies and procedures This book aims to introduce certain concepts and provide guidance and stimulate thinking around how they make an impact on real world policy Each section opens with a relevant case study designed to highlight the philosophical concepts to be discussed and coverage ranges from homelessness to the role of government and the state to house prices value and property rights This book will be of interest to students at both undergraduate and postgraduate levels studying housing qualifications or philosophy sociology politics governance and social policy it will be of particular use

for those interested in the application of philosophical concepts to a real world policy area with clear consequences

Science, Ideology, and Value: Analyzing concepts in social science Abraham Edel, The problem created by diverse and competing modes of conceptual analysis that have been employed in the social disciplines is the topic of this first volume of the Science Ideology and Value series How such conflicts are to be interpreted is the main philosophical task of this book The introductory essay is an extended philosophical overview of major modes of analysis Changing modes of analysis are also correlated with changes in the theory of definition The conclusion is that a creative attitude toward analysis rather than the conflict of hardened schools is required in contemporary social science The first part of the book consists of papers analyzing selected concepts in the social disciplines both scientific and normative The second part consists of chapters on theoretical issues of values and methods in analyzing social concepts Edel treats in particular the controversy over values in social science against claims of a value free science as a research issue and develops a systematic framework for detecting and locating values in political science and again to judicial decision An introduction to each paper gives the social and philosophical context in which it was written assesses its modes of analysis in comparison to the lessons of the overview in the introductory essay and speculates occasionally on the consequences of integrated more comprehensive modes

Encyclopedia of Social Theory George Ritzer, 2004-08-11 Click Additional Materials for downloadable samples The Encyclopedia of Social Theory is an indispensable reference source for anyone interested in the roots of contemporary social theory It examines the global landscape of all the key theories and the theorists behind them presenting them in the context needed to understand their strengths and weaknesses Theories covered include Critical Theory Enlightenment Ethnomethodology Exchange Theory Feminism Marxist Theory Multiculturalism Phenomenology Postmodernism Rational Choice Structural Fundamentalism Led by internationally renowned scholar George Ritzer the Encyclopedia of Social Theory draws together a team of more than 200 international scholars covering the developments achievements and prospects of social theory from its inception in the 18th century to the present Understanding that social theory can both explain and alter the social world this two volume set serves as not only a foundation for learning but also an inspiration for creative and reflexive engagement with the rich range of ideas it contains Key Themes American Social Theory British Social Theory Comparative and Historical Theory Cultural Theory Economic Sociology Feminist Theory French Social Theory German Social Theory Macrosociological Theories Marxist and Neo Marxist Approaches Method and Metatheory Network and Exchange Theories Other Multiple National Traditions Politics and Government Postmodern Theory Psychoanalytic Theory Schools and Theoretical Approaches Symbolic Interaction and Microsociology Theorists Topics and Concepts in Social Theory Key Features More than 300 entries from fourteen countries Master Bibliography Reader's Guide Extensive biographical coverage of major theorists Extensive cross referencing **Rights: Concepts and Contexts** Horacio Spector, 2017-05-15 Rights Concepts and Contexts contains the central works of recent scholarship on the nature of rights with contributions by

some of the most prominent contemporary theorists in moral legal and political philosophy including Joseph Raz Robert Alexy Jeremy Waldron Morton Horwitz Stephen Darwall Margaret Gilbert David Lyons and Aharon Barak With approaches ranging from the political to the historical and from the analytical to the critical this collection touches on the major conceptual and practical questions of this important field what is the nature and grounding of human rights How should conflicts of rights best be analyzed Are rights best understood in terms of choice benefits or some hybrid of the two What are the connections between rights and duties and between rights and justice The collection also offers useful introductions to emerging issues in rights theory such as the purported bipolarity of rights

Encyclopedia of Information Science and Technology Mehdi Khosrow-Pour, Mehdi Khosrowpour, 2009 This set of books represents a detailed compendium of authoritative research based entries that define the contemporary state of knowledge on technology Provided by publisher

European Foundations of the Welfare State Franz-Xaver Kaufmann, 2012-06-01 While social welfare programs often inspired by international organizations are spreading throughout the world the more far reaching notion of governmental responsibility for the basic well being of all members of a political society is not although it remains a feature of Europe and the former British Commonwealth The welfare state in the European sense is not simply an administrative arrangement of various measures of social protection but a political project embedded in distinct cultural traditions Offering the first accessible account in English of the historical development of the European idea of the welfare state this book reviews the intellectual foundations which underpinned the road towards the European welfare state formulates some basic concepts for its understanding and highlights the differences in the underlying structural and philosophical conditions between continental Europe and the English speaking world

George Herbert Mead's Concept of Society Jean-François Côté, 2015-12-03 This book offers a new look at Mead's concept of society in an attempt to reconstruct its significance for sociological theory Chapter 1 offers a critical genealogical reading of writings from early articles to the latest books where Mead articulates his views on social reform social psychology and the gradual theorization of self and society Chapter 2 pays attention to the phylogenetic and ontogenetic processes at work in both the self and society by comparing Mead's social psychology with Freudian and Lacanian psychoanalysis Chapter 3 brings together all the elements that are part of the structures of self and society within a topological and dialectical schematization of their respective and mutual relations Chapter 4 is devoted to the passage of Mead's views from social psychology to sociology with a critical look at Herbert Blumer's developments in symbolic interactionism as the presumed main legitimate heir of Mead's social psychology Chapter 5 examines how Mead's general philosophical views fit within the new epistemological context of contemporary society based on communication and debates on postmodernity

A History of Social Thought Emory Stephen Bogardus, 1922

Encyclopedia of Ethics Lawrence C. Becker, Charlotte B. Becker, 2013-10-18 The editors working with a team of 325 renowned authorities in the field of ethics have revised expanded and updated this classic encyclopedia Along with the addition of 150 new entries all of the original

articles have been newly peer reviewed and revised bibliographies have been updated throughout and the overall design of the work has been enhanced for easier access to cross references and other reference features New entries include Cheating Dirty hands Gay ethics Holocaust Journalism Political correctness and many more **Rights, Groups, and Self-Invention**

Eric J. Mitnick, 2018-01-18 Group differentiated rights or rights that attach on the basis of membership in a particular social or cultural group are an increasingly common and controversial aspect of modern pluralistic legal systems Eric Mitnick offers the first comprehensive treatment of this important form of right The book describes and critically assesses the group differentiated form of right from within analytical constitutive and liberal theory It further examines the extent to which group differentiated rights constitute aspects of human identity and it asks whether this should be a cause for concern from the perspective of liberal theory The more detailed normative work advanced in the book contextually applies the constitutive understanding of rights and the principles of liberal membership to particular examples of group differentiated citizenship Such examples range from ascriptive statuses such as slavery and alienage to more affirmative classifications such as those apparent in the contexts of civil unions and affirmative action finally to the claims of religious and other cultural groups for official recognition and accommodation of group based beliefs and practices **The New Social Theory Reader** Steven

Seidman, Jeffrey C. Alexander, 2001 This comprehensive reader will give undergraduate students a structured introduction to the writers and works which have shaped the exciting and yet daunting field of social theory Throughout the text key figures are placed in debate with each other and the editorial introductions give an orienting overview of the main points at stake and the areas of agreement and disagreement between the protagonists The first section sets out some of the main schools of thought including Habermas and Honneth on New Critical Theory Bourdieu and Luhmann on Institutional Structuralism and Jameson and Hall on Cultural Studies Thereafter the reader becomes issues based looking at Justice and Truth Nationalism Multiculturalism Globalisation gender sexuality race post coloniality The New Social Theory Reader is an essential companion for students who will not just use it on their theory course but return to it again and again for theoretical foundations for substantive subjects and issues **Christianity and Human Rights** John Witte, Jr, Frank S. Alexander, 2010-12-23

Combining Jewish Greek and Roman teachings with the radical new teachings of Christ and St Paul Christianity helped to cultivate the cardinal ideas of dignity equality liberty and democracy that ground the modern human rights paradigm Christianity also helped shape the law of public private penal and procedural rights that anchor modern legal systems in the West and beyond This collection of essays explores these Christian contributions to human rights through the perspectives of jurisprudence theology philosophy and history and Christian contributions to the special rights claims of women children nature and the environment The authors also address the church's own problems and failings with maintaining human rights ideals With contributions from leading scholars including a foreword by Archbishop Desmond Tutu this book provides an authoritative treatment of how Christianity shaped human rights in the past and how Christianity and human rights continue

to challenge each other in modern times The Natural Law Foundations of Modern Social Theory Daniel Chernilo,2013-01-31 Daniel Chernilo offers an original reconstruction of the history of universalism in modern social thought from Hobbes to Habermas **Translation and Interpreting as Social Interaction** Claire Y. Shih,Caiwen Wang,2024-01-11 Adopting the tripartite theory of social psychology as its theoretical framework this book advocates that the three components of social interaction affect behaviour and cognition underpin the daily activities of translators and interpreters In particular it argues that the affect or emotion of translators and interpreters should not be overlooked or treated as a separate entity but as a crucial link between their mental process cognition and physical process behaviour This central theme of the intertwining nature of the affect behaviour and cognition of translators and interpreters is examined theoretically empirically and methodologically with contributions from around the world featuring literary translation translator training and interpreters practice It is a timely contribution to the field of Translation Process Research where affect is increasingly recognised as playing a key role in translation and interpreting phenomena *Social Theory, Volume I* Roberta Garner,Black Hawk Hancock,2014-05-29 The third edition of this popular reader reflects considerable changes The framework for understanding theory as a set of conversations over time is maintained and deepened pairing classical with contemporary readings to illustrate the ways in which theory continues to be reinterpreted over time Volume I has been completely reorganized with new contextual and biographical materials surrounding the primary readings and end of chapter study guides that include key terms discussion questions and innovative classroom exercises The result is a fresh and expansive take on social theory that foregrounds a plurality of perspectives and reflects contemporary trends in the field while being an accessible and manageable teaching tool **Property and Power in Social Theory** Dick Pels,2002-08-26 Property and power perform a key role in social and political theories of class inequality and social stratification however theorists have yet clearly to define these concepts their mutual boundaries and scopes of application This book answers the property power puzzle by undertaking a broad historical inquiry into its intellectual origins and present day effects through a series of case studies including Marxism vs anarchism the fascist assertion of the primacy of the political social science as power theory the managerial revolution the knowledge society and the new intellectual classes **The Two Greatest Ideas** Linda Trinkaus Zagzebski,2023-06-27 In *The Two Greatest Ideas* Linda Zagzebski tells the history of two hugely impactful ideas and their crucial role in shaping human culture over the last two thousand years These ideas Zagzebski argues underlie virtually all of the intellectual innovations of human civilization yet are so simple they are almost invisible The first idea is that the human mind is capable of grasping the universe The second is that the human mind is capable of grasping itself Based on a series of lectures given in 2018 at Soochow University Zagzebski offers an ambitious big history narrative of the emergence and influence of these two ideas and the tension and conflict between them The idea that the human mind can grasp the universe had a significant influence on culture in many parts of the world in the first millennium BCE giving rise to

physics mathematics philosophy and most major religions In the early modern period however particularly in the West the idea that the human mind can grasp itself supplanted some of the wider focus and popularity of the idea that human mind can grasp the universe revealing something important was missing namely the subjectivity of minds This transformation was reflected in radical changes in philosophy political thought art literature religion and science In this book Zagzebski provides a new frame for understanding the intellectual underpinnings of Western culture and thought through an illuminating exploration of the history and contemporary legacy of these two great ideas including reflections on their history in Eastern thought Zagzebski also reveals the deep roots of some familiar divisions in contemporary culture e g autonomy versus harmony and rights versus responsibilities as they relate to the great ideas The book then concludes with a discussion of what reconciling the two great ideas might entail including the possibility of a third great idea *Human Right Concept*

Lucky Akaruese,2012-02-23 Human right concept including its assumed particulars was until the immediate post World War 11 era referred to as natural right and same derived from natural law a concept in philosophy discourse It has in todays world of politics and positive law among others assumed the status of universal core value presumed to bind together all human persons Despite the unanimity of opinions in terms of the assumed characteristics of the particulars of the universal human right divergences bedevil views on the assumed particulars of human right Such divergences largely emanate from weak knowledge of the historical evolution including the epistemological and logical foundation of natural human right This book gives an insightful overview of the historical foundation and the epistemology of natural human right including its being a logical derivative efflux from the humanness of every person which equally remain inherent in all persons It concludes with the view that all assumed human rights enunciated in the different global declarations and conventions constitute category mistake by virtue of their phenomenal and social characteristics

This is likewise one of the factors by obtaining the soft documents of this **Rights Concepts In Social Thought** by online. You might not require more time to spend to go to the book start as well as search for them. In some cases, you likewise complete not discover the broadcast Rights Concepts In Social Thought that you are looking for. It will utterly squander the time.

However below, following you visit this web page, it will be thus very easy to get as without difficulty as download lead Rights Concepts In Social Thought

It will not consent many era as we explain before. You can realize it though conduct yourself something else at house and even in your workplace. therefore easy! So, are you question? Just exercise just what we find the money for below as well as review **Rights Concepts In Social Thought** what you next to read!
