*Cross-X* Joe Miller, 2007-10-02 In *Cross X* journalist Joe Miller follows the Kansas City Central High School s debate squad through the 2002 season that ends with a top ten finish at the national championships in Atlanta By almost all measures Central is just another failing inner city school Ninety nine percent of the students are minorities Only one in three graduate Test scores are so low that Missouri bureaucrats have declared the school academically deficient But week after week a crew of Central kids heads off to debate tournaments in suburbs across the Midwest and South where they routinely beat teams from top ranked schools In a game of fast talking wit and sheer brilliance these students close the achievement gap between black and white students an accomplishment that educators and policy makers across the country have been striving toward for years Here is the riveting and poignant story of four debaters and their coach as they battle formidable opponents from elite prep schools bureaucrats who seem maddeningly determined to hold them back friends and family who are mired in poverty and drug addiction and perhaps most daunting their own self destructive choices In the end Miller finds himself on a campaign to change debate itself certain that these students from the Eastside of Kansas City may be the saviors of a game that is intrinsic to American democracy

dozen countries and languages The studies examine the news media in America England and the Soviet Union in Nazi Germany and Fascist Italy in the Vatican in occupied countries like Romania Hungary Greece and Poland and in Palestine under the British Mandate By and large the news media in the Allied countries neglected the story while those in Nazi dominated countries treated news related to the Holocaust in a wholly tendentious way Thus the press for a variety of reasons did not cover the Holocaust one of the central events of the twentieth century As this book thoroughly demonstrates it was perhaps the greatest ethical professional and political failure of the news media during World War II If the press had been more responsible and had informed the public in the West early enough and thoroughly enough the history of the Holocaust might have been different and millions of victims might have survived Published in association with Yeshiva University Press     **Your Reading** National Council of Teachers of English, Urbana, IL.,1991 An annotated listing of books of fiction nonfiction poetry and drama recommended for junior high and middle school students
