folklore texts that had been collected by the noted Hungarian Turkologist Ign c K nos during World War I specifically from
Russian Muslim prisoners of war in Hungarian camps The collection consists of 38 fairy tales and a partial version of the
Chora batir epic The tales featuring padishahs their sons and naive boys exhibit the enchanting diversity of Crimean Tatar
folk imagination The introductory study delves into linguistic aspects then the next chapter explicates the transcription
system s phonetic nuances It is followed by an English translation which reflects K nos Hungarian translation in a much
ameliorated and revised form A sizable trilingual Crimean Tatar English Russian glossary follows covering the entire Crimean
Tatar material collected by K nos It becomes evident that dialectal features cannot be sharply separated across the tales
since the Crimean dialects are highly mixed in character distinguished only by the different proportions of northern Kipchak
and southern Oghuz elements The present volume while preserving valuable pieces of Crimean Tatar folklore and offering
linguistic insights also opens a unique window into a distant time and culture **The Railway Times** ,1905 As you like
