The Rise and Fall of Social Psychology Augustine Brannigan, 2004

Augustine Brannigan, 2017-07-05 This unflinching effort critically traces the attempt of social psychology over the past half century to forge a scientific understanding of human behavior based on the systematic use of experiments Having examined the record from the inception of the field to the present Brannigan suggests that it has failed to live up to its promise that social psychologists have achieved little consensus about the central problems in the field that they have failed to amass a body of systematic non trivial theoretical insight and that recent concerns over the ethical treatment of human subjects could arguably bring the discipline to closure But that is not the disastrous outcome that Brannigan hopes for Rather going beyond an apparent iconoclasm the author explores prospects for a post experimental discipline It is a view that admits the role of ethical considerations as part of scientific judgment but not as a sacrifice of but an extension of empirical research that takes seriously how the brain represents information and how these mechanisms explain social behaviors and channel human choices and appetites What makes this work special is its function as a primary text in the history as well as the current status of social psychology as a field of behavioral science The keen insight touched by the gently critical styles of such major figures as Philip Zimbardo Morton Hunt Leon Festinger Stanley Milgram Alex Crey Samuel Wineburg Carol Gilligan David M Buss among others makes this a perfect volume for students entering the field and no less a reminder of the past as well as present of social psychology for its serious practitioners

sociology at the University of Calgary He is the author of *The Social Basis of Scientific Discoveries* and of various social science publications

The Journal of Abnormal Psychology and Social Psychology, 1921 **Altruism in Humans** Charles Daniel Batson, 2011 We send money to help famine victims halfway around the world We campaign to save whales and oceans We stay up all night to comfort a friend with a broken relationship People will at times risk even lose their lives for others including strangers Why do we do these things What motivates such behavior Altruism in Humans takes a hard science look at the possibility that we humans have the capacity to care for others for their sakes rather than simply for our own Based on an extensive series of theory testing laboratory experiments conducted over the past 35 years this book details a theory of altruistic motivation offers a comprehensive summary of the research designed to test the empathy altruism hypothesis and considers the theoretical and practical implications of this conclusion Authored by the world's preeminent scholar on altruism this landmark work is an authoritative scholarly resource on the theory surrounding altruism and its potential contribution to better interpersonal relations and a better society

Social Inequality & The Politics of Representation Celine-Marie Pascale, 2013 This anthology critically analyzes how cultures around the world make social categories of race class gender and sexuality meaningful in particular ways The collection uses a wide range of readings to examine how contemporary issues of race class gender and sexuality are constructed mobilized and transformed Unlike many books in this area the U S is not analytical center

The Journal of Social Forces, 1922 **Social Forces**, 1928 *Public Affairs Information Service Bulletin*, 1921 **Research Handbook on Social Influence** Radmila Prislin, 2025-02-12 This timely Research Handbook provides an in depth exploration of the scholarly understanding of social influence Expanding on classic characterisations and themes such as conformity majority and minority persuasion compliance and authority this book examines how people exert and react to social influence in dynamic interpersonal and group settings

PAIS Bulletin, 1921

The Oxford Handbook of Prosocial Behavior David A. Schroeder, William G. Graziano, 2015 The Oxford Handbook of Prosocial Behavior provides a comprehensive review of the current literature on when and why people act to benefit others It provides a comprehensive overview of the field to give both the casual reader and the neophyte to the field some perspective about fundamental questions what why when and who relative to prosocial behavior Taking a multi level approach the chapters represent the broad spectrum of this multi faceted domain Topics range from micro level analyses involving evolutionary and comparative psychological factors to macro level applications such as reducing intergroup conflicts and ethnic genocide Between these extremes the contributors all internationally recognized in their field offer their perspectives on developmental processes that may predispose individuals to empathize with and respond to the needs of others individual differences that seem to interact with situational demands to promote helping and the underlying motivations of those helping others They explain volunteerism intragroup cooperation and intergroup cooperation to move the analysis from the individual to group level phenomena They extend the consideration of this topic to include support of pro environmental

actions means to encourage participation in medical clinical trials and the promotion of world peace The ways that gender interpersonal relationships race and religion might affect decisions to give aid and support to others are also addressed The final chapter offers a unique view of prosocial behavior that encourages researchers and readers to take an even broader consideration of the field to search for a prosocial consilience **Bulletin of the Public Affairs Information Service** Public Affairs Information Service,1927 Daughters of Rahab Margaret Eletta Guider,1995 Employing the biblical narrative of Rahab the Harlot as a framework Guider recounts the 500 year history and social meaning of prostitution in Brazil She then tracks the Brazilian church s increasing consciousness of the issues and its determination to address the plight of prostitutes as marginalized women as victims not sinners Yet Guider shows that the church s sponsorship from 1974 to 1990 of eight national encounters for marginalized women inexorably revealed the limits of liberation for a church that in the last analysis could sooner abandon its class privileges than its doctrinal patrimony especially its historical legacy concerning women Primary documents are also included BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved *A Silvan Tomkins Handbook* Adam J. Frank,Elizabeth A. Wilson,2020-08-04 An accessible guide to the work of American psychologist and affect theorist Silvan Tomkins The brilliant and complex theories of psychologist Silvan Tomkins 1911 1991 have inspired the turn to affect in the humanities social sciences and elsewhere Nevertheless these theories are not well understood A Silvan Tomkins Handbook makes his theories portable across a range of interdisciplinary contexts and accessible to a wide variety of contemporary scholars and students of affect A Silvan Tomkins Handbook provides readers with a clear outline of Tomkins s affect theory as he developed it in his four volume masterwork *Affect Imagery Consciousness* It shows how his key terms and conceptual innovations can be used to build robust frameworks for theorizing affect and emotion In addition to clarifying his affect theory the Handbook emphasizes Tomkins s other significant contributions from his broad theories of imagery and consciousness to more focused concepts of scenes and scripts With their extensive experience engaging and teaching Tomkins s work Adam J Frank and Elizabeth A Wilson provide a user friendly guide for readers who want to know more about the foundations of affect studies

American Anthropologist ,1922 **Social Problems** John Stimson,Ardyth Stimson,1991 **Morality, Rationality and Efficiency** Richard M. Coughlin,2016-09-16 The papers in this collection were selected from nearly 200 that were presented at the 50 sessions of the second annual International Conference on Socio Economics held at The George Washington University in Washington D C March 1990 They reflect the great interest that socio economics has inspired in the few years since the Society for the Advancement of Socio Economics was founded in 1989 The papers represent the stimulating dialogue among psychologists sociologists political scientists philosophers economists and students of finance and business administration The authors are communicating across the frontiers of established disciplines to address enduring questions on economic theory and policy and they aim to liberate the study of economics from the straitjacket of the

neoclassical approach *Psychoanalytic Perspectives on a Turbulent World* Halina Brunning, Mario Perini, 2018-05-08 This article is intended to contribute to our understanding of the December 2001 collapse of Enron The existing literature on Enron s demise falls largely into two broad areas involving either micro psychological explanations or macro accounts that emphasize the workplace and its environment this paper is an exploratory study that focuses on a new interpretation which links the two areas more closely together It is proposed that Enron s culture was influenced by both micro and macro factors an experience of unsuccessful paternal authority figures within the family history of Enron s leaders coupled with an experience of problematic government and regulatory regimes associated with the gas industry Drawing on concepts from psychoanalysis and its application to organizational dynamics it is argued that these micro and macro factors helped to generate an Oedipal mindset in Enron s leaders according to which external authority was seen to be weak and not worthy of respect and that this contributed to Enron s demise Implications for theory are examined A Text-book in the Principles of Education Ernest Norton Henderson, 1910
