The Third Reich Thomas Childers, 2017-10-10 Based in part on documents seldom used by previous historians this history of the Third Reich shows how the dramatic improbable rise of the Nazis happened because of tragic miscalculations and blunders then documents what life was like for ordinary Germans as the Nazis precipitated the horrors of World War II and the Holocaust

Rise And Fall Of The Third Reich William L. Shirer, 1990 The classic history of Adolph Hitler's rise to power and his dramatic defeat

The Rise and Fall of the Third Reich William L. Shirer, 1991 Since its publication in 1960 William L. Shirer's monumental study of Hitler's German Empire has been widely acclaimed as the definitive record of this century's blackest hours The Rise and Fall of the Third Reich offers an unparalleled and thrillingly told examination of how Adolf Hitler nearly succeeded in conquering the world With millions of copies in print around the globe it has attained the status of a vital and enduring classic

The Rise and Fall of Adolf Hitler William L. Shirer, 2013-04-18 A concise and timely account of Hitler's and fascism's rise to power and ultimate defeat from one of America's most famous journalists American journalist and author William L. Shirer was a correspondent for six years in Nazi Germany and had a front row seat to Hitler's mounting influence His most definitive work on the subject The Rise and Fall of the Third Reich is a riveting account defined by first person experience interviewing Hitler watching his impassioned speeches and living in a country transformed by war and dictatorship Shirer was originally commissioned to write The Rise and Fall of Adolf Hitler for a young adult audience This account loses none of the immediacy of The Rise and Fall of the Third Reich capturing Hitler's ascendance from obscurity the horror of Nazi Germany's mass killings and the paranoia and insanity that marked the Führer's downfall This book is by no means simplified and is sure to appeal to adults as well as young people with an interest in World War II history For nearly 100 years William L. Shirer has spoken to us of fascism Nazis and Hitler He tells the unvarnished truth as he experienced it I figured this school type book wasn't going to tell me anything new But when I started reading I realized that I wasn't reading for the facts anymore I listened to his story and heard the urgency in his voice a voice from nearly 60 years ago telling us the truth about today Daily Kos

The Rise and Fall of the Third Reich William L. Shirer, 2011-10-11 History of Nazi Germany

A Brief History of The Third Reich Martyn Whittock, 2011-06-23 The abuse of power genocide the destruction of total war unimaginable cruelty and the suffering of millions were all central features of Hitler's Nazi regime Yet the Nazis were also highly successful in manipulating images and information they mobilized and engaged vast numbers of people caught the imagination of the young and appeared remarkably modern to many contemporary observers Was the Third Reich a throwback to a mythical past or a brutally modern and technologically advanced state Was Hitler a strong dictator who achieved his clear goals or was his chaotic style

of government symptomatic of a weak dictator unable to control the complex and contradictory forces that he had unleashed Was the Third Reich ruled by terror or largely supported by a compliant German population Was the genocide against the Jews a peculiarly German phenomenon or a uniquely German expression of a terrible wider trend Whittock explores these and other key questions interrogating the views of different historians and drawing on a wealth of primary sources from state sponsored art to diaries letters and memoirs of both perpetrators and victims to provide an overview of the complex evidence History should aim to put us firmly in touch with the lives of people living in the past and the issues they faced Whittock never loses sight of the individuals whose lives were caught up in these extraordinary events while also giving a lucid overview of the bigger picture

The Third Reich Thomas Childers, 2017-10-10 Riveting An elegantly composed study important and even timely Kirkus Reviews starred review history of the Third Reich how Adolf Hitler and a core group of Nazis rose from obscurity to power and plunged the world into World War II In the new definitive volume on the subject Houston Press Thomas Childers shows how the young Hitler became passionately political and anti-Semitic as he lived on the margins of society Fueled by outrage at the punitive terms imposed on Germany by the Versailles Treaty he found his voice and drew a loyal following As his views developed Hitler attracted like-minded colleagues who formed the nucleus of the nascent Nazi party Between 1924 and 1929 Hitler and his party languished in obscurity on the radical fringes of German politics but the onset of the Great Depression gave them the opportunity to move into the mainstream Hitler blamed Germany's misery on the victorious allies the Marxists the Jews and big business and the political parties that represented them By 1932 the Nazis had become the largest political party in Germany and within six months they transformed a dysfunctional democracy into a totalitarian state and began the

inexorable march to World War II and the Holocaust It is these fraught times that Childers brings to life the Nazis unlikely rise and how they consolidated their power once they achieved it Based in part on German documents seldom used by previous historians *The Third Reich* is a powerful reminder of what happens when power goes unchecked San Francisco Book Review This is the most comprehensive and readable one volume history of Nazi Germany since the classic *The Rise and Fall of the Third Reich* *The Holocaust* Marty Gitlin, 2011 Explores the background of the Holocaust including the events leading up to it the aftermath and casualties and the key people involved **The Rise and Fall of the Third Reich** William L. Shirer, 2014-10-22 The National Book Award winning historian s vivid and moving eyewitness account of the fall of France to Hitler s Third Reich at the outset of WWII The New York Times As an international war correspondent and radio commentator during World War II William L Shirer didn t just research the fall of France He was there In just six weeks he watched the Third Reich topple one of the world s oldest military powers and institute a rule of terror and paranoia Based on in person conversations with the leaders diplomats generals and ordinary citizens who both shaped the events and lived through them Shirer constructs a compelling account of historical events without losing sight of the human experience From the heroic efforts of the Freedom Fighters to the tactical military misjudgments that caused the fall and the daily realities of life for French citizens under Nazi rule this fascinating and exhaustively documented account brings this significant episode of history to life This is a companion effort to Shirer s *The Rise and Fall of the Third Reich* also voluminous but very readable reflecting once again both Shirer s own experience and an enormous mass of historical material well digested and assimilated Kirkus Reviews starred review [Hitler's Germany](#) Roderick Stackelberg, 2002-01-22 Hitler s Germany provides a comprehensive narrative history of Nazi Germany and sets it in the wider context of nineteenth and twentieth century German history Roderick Stackelberg analyzes how it was possible that a national culture of such creativity and achievement could generate such barbarism and destructiveness This second edition has been updated throughout to incorporate recent
