Steinberg analyzes the social dynamic between Russian society and its military over time Through a focus on civil military relations he demonstrates that both the Tsarist and Soviet regimes were built on and ultimately dependent upon the support of the military Case studies of significant battles are also used throughout the volume to reveal insights into the roles missions and capabilities of the Russian military since 1689 *The Russian Military and the Creation of Empire* is a vital study for all students of modern Russia and the history of modern warfare *Catherine the Great* Virginia Rounding, 2008-01-22 RA great thumping triumph of a book *S London Telegraph* this is the first comprehensive modern biography of Catherine the Great to explore her both as a woman and empress *The Routledge Companion to European History Since 1763* Chris Cook, John Stevenson, 2005 *The Routledge Companion to European History since 1763* is a compact and highly accessible
