Rise Of The British Presidency:

The Rise of the British Presidency Michael Foley, 1993 Examines the new resources strategies and motivations of British political leadership and argues that they have produced a British presidency Foley asserts that the nature of the premiership has altered and that British and American premiership are developing on a parallel *The British Presidency* Michael Foley, 2000 The Premiership of Tony Blair has not only reaffirmed previous trends towards leader centered parties and governments it has provided a decisive change in the development of a British presidency The strategies and techniques designed to secure and expand Blair s public outreach together with the priority attached to the prime minister s personal pledges and individual vision have propelled the office into new dimensions of independence Michael Foley argues that the ascendancy of Blair is not an aberration but rather a culmination of trends that have established vigorous leadership as a key criterion of political evaluation and governing competence This edition is completely up to date including the first convincing analysis of Tony Blair s leadership style The Oxford Handbook of Political Executives Rudy B. Andeweg, Robert Elgie, Ludger Helms, Juliet Kaarbo, Ferdinand Müller-Rommel, 2020-07-30 Political executives have been at the centre of public and scholarly attention long before the inception of modern political science In the contemporary world political executives have come to dominate the political stage in many democratic and autocratic regimes The Oxford Handbook of Political Executives marks the definitive reference work in this field Edited and written by a team of world class scholars it combines substantive stocktaking with setting new agendas for the next generation of political executive research *British Government and the Constitution* Colin Turpin, Adam Tomkins, 2011-09-01 Like the immensely successful previous edition of this highly respected work this new edition has been jointly prepared and thorough updated by Colin Turpin and Adam Tomkins It takes fully into account constitutional developments under the coalition government and examines the most recent case law of the Supreme Court the European Court of Justice and the European Court of Human Rights While it includes extensive material and commentary on contemporary constitutional practice the book covers the historical traditions and the continuity of the British constitution as well as the current tide of change Designed principally for law students the book includes substantial extracts from parliamentary and other political sources as well as from legislation and case law making it ideal for politics and government students With its fresh design it provides a full yet accessible account of the British constitution at a fascinating moment in its ongoing development **British Government and Politics** Duncan Watts, 2012-02-22 Your handy guide to the British political system The International Handbook of Public Administration and Governance Andrew Massey, Karen Johnston, 2015-04-30 The International Handbook of Public Administration and Governance is a ground breaking volume with eminent scholars addressing the key questions in relation to how international governments can solve public administration and governance challenges in The British Prime Minister in an Age of Upheaval Mark Garnett, 2021-03-11 In this timely book Mark Garnett provides a bracing reassessment of the role of the

British Prime Minister from Margaret Thatcher's controversial tenure to Boris Johnson's attempt to confront a pandemic with a ministerial team created to face the very different challenge of Brexit. Taking a thematic approach, Garnett explores the impact of major political developments and personalities on key aspects of prime ministerial functions as party leader, Cabinet maker, chief diplomat and electoral talisman. Much of the controversy over the position of Prime Minister he concludes arises from a confusion between the occupant's inescapable political prominence and his or her often limited ability to achieve positive policy outcomes. With both David Cameron and Theresa May forced to resign since 2016, the book questions whether the nature of the job has become a deterrent for politicians who are motivated by a desire to serve the British public, opening the way for individuals with much less laudable motivations.

British Government and the Constitution Alison L. Young, 2021-04 Places constitutional law in its legal, historical and political context using contemporary examples.

Churchill to Major: The British Prime Ministership since 1945 R.L. Borthwick, Martin Burch, Philip Giddings, 2016-09-16 This text summarizes the research on and experiences of democratic legislatures around the world. It focuses on what legislatures are and what they do as both consequence of and contributor to democratic self-government.

Margaret Thatcher and Ronald Reagan J. Cooper, 2012-10-10 A new exploration of the relationship between the Margaret Thatcher and Ronald Reagan administrations in domestic policy. Using recently released documentary material and extensive research interviews, James Cooper demonstrates how specific policy transfer between these political soul mates was more limited than is typically assumed.

Mastering British Politics F.N. Forman, Nicholas Baldwin, 2007-08-09 Containing all the information and analysis needed to understand the British system of Government and politics, *Mastering British Politics* is an essential text. This fifth edition has been fully revised and updated to reflect the results of and developments since the 2005 General Election.

The Rise and Fall of British Policy for Membership of Europe John S.F. Wright, 2024-08-17 This is a book about policy change that focusses on a single case study: the rise and fall of the British policy for membership of European institutions. It traces the establishment of British identity as a European Member State and the meaning of the country's participation in the block in 1973 to its deterioration through the 1980s, 1990s and 2000s, ending with its eventual failure at the 2016 referendum. Considering the abject state into which the meaning and identity of the pro-European policy had fallen by that time, the book argues that while David Cameron might have lost his June referendum by a slender 1.8% majority, he should have lost by a whole lot more. It also raises important implications for understanding the nature and dynamics of policy change in UK politics and beyond. It will appeal to scholars and students of political theory, public policy, British and European politics.

The Core Executive in Britain Martin J. Smith, 1999-01-20 The study of central government has been dominated by the recurring questions of Prime Ministerial versus Cabinet government and civil service versus ministerial power. Using the idea of power dependence, this book challenges these simplicities to provide a definitive assessment of and introduction to power and policy at the core of British

political life It undermines traditional approaches by demonstrating that power in the core executive is complex and flows between actors and institutions The Prime Minister can only exercise power with the support of the Cabinet and ministers and officials are often partners rather than competitors **Exploring British Politics** Mark Garnett, Philip

Lynch, 2014-06-03 Concise comprehensive and accessible Exploring British Politics presents an insightful approach to British politics with a special emphasis on developments since the 2010 general election and the formation of Britain's first coalition government since 1945 Designed to stimulate critical analysis and provoke lively debate it provides new perspectives on two key themes the health of British democracy and the transition from traditional models of government to more flexible forms of governance **Red, White, and Kind of Blue?** David Schneiderman, 2015-10-06 Situated between two different

constitutional traditions those of the United Kingdom and the United States Canada has maintained a distinctive third way federal parliamentary and flexible Yet in recent years it seems that Canadian constitutional culture has been moving increasingly in an American direction Through the prorogation crises of 2008 and 2009 its senate reform proposals and the appointment process for Supreme Court judges Stephen Harper's Conservative government has repeatedly shown a tendency to push Canada further into the US constitutional orbit Red White and Kind of Blue is a comparative legal analysis of this creeping Americanization as well as a probing examination of the costs and benefits that come with it Comparing British Canadian and American constitutional traditions David Schneiderman offers a critical perspective on the Americanization of Canadian constitutional practice and a timely warning about its unexamined consequences *The British Prime Minister in the Core Executive* Birgit Bujard, 2018-07-21 This book examines the UK prime minister's political leadership in the domestic executive By offering a comparative study of the political leadership of James Callaghan Margaret Thatcher John Major and Tony Blair with regard to European monetary policy it challenges the thesis that British prime ministers today have more power resources and autonomy than their predecessors giving them a greater capacity to act Taking key European monetary policy decisions by the British government between 1976 and 2007 as empirical cases the book assesses the extent to which the political leadership of each prime minister was affected by the cabinet the parliamentary party as well as the media and the extent to which he or she was able to manage these factors It becomes clear from this analysis that prime ministerial predominance is not as frequent as suggested while collective leadership does not represent a return to cabinet government Moreover particularly the party in government affects the prime minister's leadership by shaping his or her options on appointments and therefore the composition of the core executive and through its behaviour in parliament e.g. through rebellions or the threat of them *New Labour at the Centre* Andrew Hindmoor, 2004-11-11 Taking as its starting point Anthony Downs seminal work *An Economic Theory of Democracy* this book draws upon insights generated within economics political psychology and the study of rhetoric to examine the way in which New Labour achieved and maintained its electoral hegemony from 1994 Journalists and politicians routinely attribute New Labour's electoral success to its occupation of the

centre ground This book is interested in the question of how New Labour moved to the right and towards the centre The obvious answer to this question is that New Labour moved by changing its policies Against this the book contends that changes in policy cannot in themselves constitute a complete explanation of changes in spatial position They cannot do so because there is no pre given and fixed relationship between policies and position such that the rejection of one policy and the adoption of another moves a party from one position to another Policies are not immutably left wing right wing or centrist and so given that the position a party is thought to occupy is a function of the policies to which it is committed parties are not immutably left wing right wing or centrist either The relationship between policy and position and thereby between parties and position is constructed and is in part constructed by parties themselves New Labour did not simply move to the centre It had to persuade the media voters and other parties that it had moved to the centre New Labour achieved and maintained its electoral hegemony not simply by changing one set of policies for another It achieved and maintained its hegemony by successfully constructing its policies as centrist

Comparative Politics Daniele Caramani, 2008 Comparative Politics provides a comprehensive introduction to political systems around the world It covers methods and theories the nation state institutions actors and processes policies and recent changes

The British Constitution Anthony King, 2007 In the nineteenth century Walter Bagehot wrote a classic account of the British constitution as it had developed during Queen Victoria's reign arguing that it was not at all what people thought it was Anthony King argues that the same is true at the beginning of this century The author maintains that while the new British constitution is a mess there is no going back now Grappling with the thorniest issues facing the British polity head on he offers a trenchant analysis of the increasingly divergent relationship between England Scotland and Wales in the light of devolution and a devastating critique of the reformed House of Lords The book is a Bagehot for the 21st Century and essential reading for anyone with an interest in the nature and future of British political life

The Philosophy and Methods of Political Science Keith Dowding, 2015-11-23 This original account of the role of philosophy and methodology in political science gets back to the basics of studying politics Cutting through long standing controversies across different theoretical camps within the discipline Dowding provides an innovative and pluralistic argument for the benefits and drawbacks of different approaches He offers an analysis of and a counterbalance to debates over causal explanation defending a scientific realist perspective that is open to entirely different methods Following an introduction to the major isms of modern political science and international relations the book takes an incisive look at the nature of explanations and generalizations theory testing mechanisms causation process tracing interpretation and conceptual analysis It enables students of political science methodologies and related disciplines to apply sharp analysis and in depth philosophical understanding to their study of political events and structures Concluding with chapters on normative political philosophy and the vocation of the political scientist this is a thought provoking and wide ranging text that will make essential reading and will undoubtedly shape the field

While this might not be the Rise Of The British Presidency full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Rise Of The British Presidency eBooks, including some

popular titles.

FAQs About Rise Of The British Presidency Books

What is a Rise Of The British Presidency PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Rise Of The British Presidency PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Rise Of The British Presidency PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Rise Of The British Presidency PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Rise Of The British Presidency PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
