Rise Of The Parti Quebecois 1967 76:

The Rise of the Parti Québécois 1967-76 John T. Saywell, 1977 *René Lévesque and the Parti Québécois in Power* Graham Fraser, 2001 A biography of one of the most charismatic politicians that Quebec and Canada has ever known Graham Fraser paints a vivid portrait of one of the most dynamic political figures of the 20th century René Levesque describes the origins of the Parti Quebecois and gives a graphic account of key events that still resonate in Canadian political life Quebec's language law the 1980 referendum and the patriation of the constitution This second edition contains a new preface in which Fraser completes the story of the last months of the Parti Quebecois government and the period leading up to Levesque's death in 1987 detailing how Levesque's leadership continues to mark his successors **The Rise of the Parti Québécois, 1967-76**, 1977 Managing Terrorism and Insurgency Cameron I. Crouch, 2009-09-10 This book examines how governments can weaken the regenerative capabilities of terrorist and insurgent groups The exploration of this question takes the form of a two tier examination of three insurgent actors whose capacity to regenerate weakened in the past the Front de libération du Québec FLQ of Canada the Movimiento de Liberación Nacional Tupamaros MLN T of Uruguay and the Provisional Irish Republican Army PIRA of Northern Ireland during the mid 1970s At the first level of its examination the book investigates the extent to which the regenerative capacities of the FLQ MLN T and PIRA weakened because of an increase in attrition and a decrease in recruitment The primary objectives of this analysis are to uncover whether a declining intake of recruits played a lesser equal or greater role than a burgeoning loss of personnel in weakening the capacities to regenerate of the three insurgent actors and in turn to shed greater light on the broader validity of the prevailing view in conflict studies that a decrease in recruitment is more important than an increase in attrition in effecting the corrosion of an insurgent actor's capacity to regenerate At the second level of its exploration the book assesses the effectiveness of five of the most prominent policy prescriptions in the literature and insurgent recruitment and attrition ameliorating grievances selective repression discrediting insurgent ideology improving intelligence collection and restricting civil liberties This book will be of much interest to students of terrorism and counter terrorism conflict studies strategic studies and security studies in general Cameron Crouch is currently an Analyst at Allen Consulting Group an Australian economics and public policy consulting firm He has a PhD from the Strategic and Defence Studies Centre at The Australian National University **The Rise of the Parti Québécois 1967-76**, 1967 Political Support in Canada Richard A. Preston, E. Donald Briggs, 1983 All governments require popular support and in democracies this support must be maintained by noncoercive means This book analyzes the question of political support in Canada a country in which the maintenance of the integrity of the political community has been and continues to be in the words of the editors the single most salient aspect of the country's political life The nature of popular support is first considered in broad theoretical terms then from the standpoint of those agents most responsible for maintaining support in Canadian democracy then as influenced by particular issues and policies and

finally as it affects and is affected by the separatist movement in Quebec *Partisan Odysseys* Nelson Wiseman, 2020-05-12

In *Partisan Odysseys* Nelson Wiseman sets out to survey the history of Canada's political parties. Uncovering distinctive motifs and events in Canadian party politics from pre Confederation to the present, Wiseman shows how parties have adjusted, adapted, and reinvented themselves in response to significant social and economic changes, as well as how parties have in turn shaped or reinforced these social forces. The book begins by tracing the rise of four different types of parties in the nineteenth century; by the end of the century, the Conservative and Liberal parties that continue to this day were firmly established. The book also explores nationalism, minority governments, third parties, and the reconfiguration of party positions. Wiseman concludes by examining changes in the way Canada's ever-evolving parties have operated and the rise of the modern party as a nimble, enterprising institution compared to its historical antecedent. Substantial yet accessible, *Partisan Odysseys* will enlighten students, scholars, and general readers alike. *University Press Books for Secondary School Libraries*, 1978 **Canadian Books in Print**, 1985 **Canada Votes, 1935-1988** Frank B. Feigert, 1989

This work updates and enhances Howard Scarrow's *Canada Votes* 1962 with complete election data from the constituency level through the province, region, and nation for more than a half century of Canadian political life. Since the benchmark election of 1935, Frank Feigert adds a description of the circumstances of all the elections, and he gives background descriptions of the electoral systems in each province and territory. The result is a compendium of data and analysis that can be found nowhere else and which will be an invaluable sourcebook for students of Canadian political behavior. *The Symbolic State* Karlo Basta, 2021-11-15

The nation-state is a double sleight of hand, naturalizing both the nation and the state encompassing it. No such naturalization is possible in multinational states. To explain why these countries experience political crises that bring their very existence into question, standard accounts point to conflicts over resources, security, and power. This book turns the spotlight on institutional symbolism. When minority nations in multinational states press for more self-government, they are not only looking to protect their interests; they are asking to be recognized as political communities in their own right. Yet satisfying their demands for recognition threatens to provoke a reaction from members of majority nations who see such changes as a symbolic repudiation of their own vision of politics. Secessionist crises flare up when majority backlash reverses symbolic concessions to minority nations. Through a synoptic historical sweep of Canada, Spain, Yugoslavia, and Czechoslovakia, *The Symbolic State* shows us that institutions may be more important for what they mean than for what they do. A major contribution to the study of comparative nationalism and secession, comparative politics, and social theory, *The Symbolic State* is particularly timely in an era when the power of symbols, exemplified by Brexit, the Donald Trump presidency, and the rise of the Black Lives Matter movement, is reshaping politics. *Remaining Loyal* David McGrane, 2014-10-01

When social democratic politicians in the 1990s moderated their ideas and policies as part of a turn towards the third way, they were assailed as traitors to the cause. *Remaining Loyal* demonstrates that while third way social democrats in Quebec and

Saskatchewan supplemented certain social democratic ideas with more right wing economic programs their public policies remained true to the original spirit of social democracy Drawing on a range of archival resources David McGrane traces the evolution of social democracy in Quebec and Saskatchewan from their respective origins in social Catholic thought and agrarian protest movements at the turn of the twentieth century to the most recent Parti Québécois and New Democratic Party governments In doing so he reconstructs the public policies of traditional social democracy from the postwar era and the third way in the 1990s and early 2000s and finds both differences and continuities McGrane contends that remaining loyal to core social democratic values is exactly what differentiates the third way from neo liberalism in Saskatchewan and Quebec The first historical comparison of social democracy in Saskatchewan and Quebec Remaining Loyal challenges how we think about the recent ideological evolution of left wing parties in Canada and the rest of the world **The Political**

History of Newfoundland, 1832-1864 Gertrude E. Gunn, 1966-12-15 Three decades of disorder followed the establishment of representative government in Newfoundland in 1832 The pressures and processes during these years have given Newfoundland a political history peculiarly its own This study examines the structure of the early political parties the causes of popular tumult and the effects of constitutional change during this colourful and complex period First published in 1966 this book is still the most comprehensive investigation of a crucial phase in Newfoundland's political development *The*

Dream of Nation Susan Mann, 2002 A synthesis of Quebec history from New France to the first referendum on sovereignty in 1980 Trade Unions and Separatism in Québec Ralph Peter Gützel, 1993 *Leadership et militantisme au Parti*

Québécois Éric Montigny, 2012-07-11 T00:00:00-04:00 La relation entre le chef du Parti québécois et sa base militante n'a jamais été simple Le chef fondateur René Lévesque a connu maintes contestations Son successeur Pierre Marc Johnson ne fut pas en mesure de survivre la défaite électorale de 1985 Jacques Parizeau a été contraint de démissionner après la défaite référendaire de 1995 La relation entre Lucien Bouchard et ses militants était complexe Bernard Landry et André Boisclair ont également connu des difficultés L'année 2011 aura été une année charnière pour le Parti québécois Pour comprendre les turbulences que connaît le Parti québécois sous le leadership de Pauline Marois il faut aller au-delà de la simple formule du parti qui défend ses chefs Il importe d'analyser l'évolution de sa démocratie interne l'évolution des objectifs partisans qu'il poursuit mais aussi l'évolution de la motivation de ses militants Afin de dépasser les idées et les perceptions reçues Éric Montigny propose dans cet ouvrage un cadre d'analyse qui permet de comprendre la trajectoire actuelle du Parti québécois Il invite aussi le lecteur à se familiariser avec les règles du jeu qui gouvernent la vie démocratique des militants au sein de ce parti Leadership et militantisme au Parti québécois. De Lévesque à Lisée. Édition revue et augmentée Éric

Montigny, 2018-11-01 T00:00:00-04:00 Fondé en 1968 le Parti québécois se retrouve 50 ans plus tard un moment critique de son parcours politique Il lutte aujourd'hui pour maintenir son statut de parti dominant un statut qu'il a hérité de René Lévesque Drôle d'anniversaire que celui de vivre sa crise de la cinquantaine Son déclin n'est cependant pas étranger à l'érosion du rêve qu'il a

su incarner auprès de la génération du baby boom Il découle aussi d'une certaine incapacité de renouveler son discours de s'adapter une société qui a profondément changé

Secessionism and Terrorism Glen Duerr, 2018-07-20 This book examines secessionist terrorism in a comparative context across Europe and Eurasia The volume seeks to uncover comparative linkages between terrorism and secessionism specifically examining terrorist organizations that also have a political goal of independence It examines a wide range of case studies including the IRA in Northern Ireland ETA in the Basque Country FLNC in Corsica and ARD in Brittany KLA in Kosovo PKK and TAK in Turkish Kurdistan and IK in Chechnya In doing so the book shows the linkages in terrorist tactics and demands as well as when and how ceasefires come into place Ultimately none of the terrorist organizations studied here has obtained their maximalist goal of gaining independence but each has caused significant bloodshed and has contributed to the debate on the future of governance in Europe and Eurasia The major strength of this format is to glean wider lessons on ethno nationalism as well as the causes and outcomes of terrorist actions Each case study also updates the literature on the individual cases to provide the most recent account of events in these countries This book will be of much interest to students of terrorism and political violence ethnic conflict nationalism European politics and International Relations in general

The Dynamics of Human Rights in United States Foreign Policy Natalie Kaufman Hevener, 2018-04-27 This book sets out the critical controversies which are necessary for an understanding of the nature of international human rights and their relation to U S foreign policy It considers the human rights policies pursued by the United States in international organizations
