Private Equity Funds James M. Schell, Pamela Lawrence Endreny, Kristine M. Koren, 2024-08-28 Outstanding practical guide that gives attorneys investment professionals tax practitioners and corporate lawyers the tools they need to handle any aspect of a private investment fund

Venture Capital Milford B. Green, 2012-11-12 First published in 1990 this is the first text to offer a geographic and regional study of venture capitalism Although the importance of this type of capitalism in creating and nurturing small firms has long been recognized it does not have a uniform global character Drawing on previously unused data Green's book offers a geographic comparison which displays the diverse forms of venture capitalist markets from the well established to the newly emerging and the rapidly disappearing

Making the American Century Bruce J. Schulman, 2014 In this volume a group of distinguished historians revisit and revise many of the chestnuts of American political history Blurring the boundaries between political cultural and economic history the contributors raise penetrating questions and challenge readers understanding of the broader narrative of twentieth century U S history

American Work Values Paul Bernstein, 1997-01-01 Examines broad shifts in American work values from their Calvinist origins to present controversies involving work welfare and affirmative action

The New Industrial Geography Trevor Barnes, Meric S Gertler, 2002-01-04 Drawing on the theoretical resources of institutional economics The New Industrial Geography opens new perspectives in economic geography In its focus on historical and geographical context institutional embeddedness and tacit rules and formal regulations institutional economics is shown to be the perfect basis for understanding the profound economic and geographical changes of the last two decades and on which also to build a new kind of industrial geography Issues covered include the retheorization of the geography of industrial districts the analysis of institutional thickness and the economic geographical effects of institutional rigidity and sclerosis the economic geographical consequences of new regulatory bodies and policies and the geographically situated character of institutions and regulatory frameworks and the effects of separating them from their originating context the development of new strategies for achieving more equitable forms of regional development
