Geyikdagi,1982-11-01 *International Business in the Middle East* Erdener Kaynak,2015-10-16 No detailed description available for *International Business in the Middle East* **Multinational Risk Assessment and Management** Wenlee Ting,1988-03-11 An inclusive treatment of political risk assessment aimed at a readership consisting of students of international business and executives of multinational firms concerned with this issue Ting examines the sociopolitical foundations of the issue approaches to political risk assessment found in the literature micro risk assessment associated with individual projects forms of business macro policy and exchange rates The author also considers host country investments applications of risk rating systems and integration of political risk assessment into a risk return calculus Extremely clear the book is more usable than earlier volumes Choice Ting argues that a preoccupation with catastrophic and revolutionary changes such as those that occurred in Iran and Nicaragua has skewed models of risk analysis away from the most significant and likely forms of political risk legal regulatory and technocratic changes in the host country toward the much rarer dramatic and cataclysmic event He proposes instead a model based on a micro or project specific analysis and demonstrates how to integrate this analysis and the information it generates into actual international planning and operational decisions abroad *Bulletin of the Public Affairs Information Service* Public Affairs Information Service,1983 **A Competitive Assessment of the U.S. International Construction Industry** ,1984 American Book Publishing Record ,1984-04 Global Corporate Finance: A Focused Approach (Fourth Edition) Suk Hi Kim,2023-11-02 *Global Corporate Finance A Focused Approach* 4th edition GCF4 introduces students and practitioners to the principles that are essential to the understanding of global financial problems and the policies that global business managers contend with The objective of this book is to equip current and future business leaders with the tools they need to interpret the issues to make sound global financial decisions and to manage the wide variety of risks that modern businesses face in a competitive global environment In line with its objective the book stresses practical applications in a concise and straightforward manner without complex treatment of theoretical concepts All the chapters in the 4th edition have been updated to include new materials eliminate unnecessary outdated materials and include more non US materials Each chapter contains the following four new items an opening mini case a global finance in practice a list of key terms at the end of each chapter and a closing mini case The GCF4 is suitable for appropriate courses no matter where in the world it is taught because it does not adopt any specific national viewpoint Moreover it is self contained and it combines theory and applications The earlier editions of the GCF4 have been adopted by many colleges universities and management development programs worldwide particularly because the book stresses practical applications in a user friendly format Supplementary materials are available to instructors who adopt this textbook These include *The Law and Policy of International Business, Selected Issues* John R.

This paper discusses key findings of the Detailed Assessment of Observance of the Basel Core Principles for Effective Banking Supervision BCP on the United States The U S federal banking agencies have improved considerably in effectiveness These improvements are reflected in the high degree of compliance with BCP in this current assessment Shortcomings have been observed particularly in the treatment of concentration risk and large exposures but they do not raise concerns overall about the authorities ability to undertake effective supervision These shortcomings should however be addressed if the United States is to achieve the standards of supervisory effectiveness expected of one of the most systemically important financial systems in the world
