Scandalous Witness Lee C. Camp,2020-03-10 Christian identity is in moral and political crisis scandalized by the many ways in which it has been coopted and misrepresented Addressing this painful reality Lee Camp writes that Christianity in America has been made into a bad public joke because of our failure to rightly understand what Christianity is From this provocative claim Camp s manifesto makes the convincing case that a renewed Christian politic is more essential than ever one that is neither left nor right nor religious but a prophetic way of life modeled after Jesus of Nazareth Camp s robust vision exposes modern parodies of faith the American concept of Christian values for one and challenges Christians to rethink who they are and how they participate in the modern world Authentic gospel truth is a scandal to the American myth he argues and we are called to be scandalous witnesses

Pleasures of Modern Life Andrea K. Henderson, 2008-03-20 An exploration of the Romantic obsession with power submission and masochism through readings of Byron Keats Burney and others *The Undead Mother* Christina

Wieland, 2018-03-29 A state of mourning is something that the late twentieth century has been uniquely unable to achieve A culture based on the interchangeability of products and people a throw away culture is not conducive to mourning Inanimate objects have replaced human ideals A culture of virtual reality which finds it difficult to distinguish between the living and the inanimate has been created a culture of the undead This culture is not grounded on human relationships but in the destruction of them In this book Christina Wieland offers the reader a far reaching and devastating critique of masculinity

femininity and contemporary culture Drawing inspiration from the work of Melanie Klein the author demonstrates how the Western psyche is based upon denial of the power of the mother and the elevation of the father into a repressive authoritarian figure This act of universal matricide has wrought havoc throughout Western culture As Wieland graphically illustrates both women and men are denied the opportunity to mourn their separation from the mother but must contend instead with the guilt that surrounds her murder and the ever present terror of her vengeful return as the undead mother Reappraising masculinity and femininity the author revisits a wide and fascinating range of myths fairytales and stories Her critique casts new light on the writings of Freud Klein Kristeva and Irigaray Her vivid presentations of clinical material also show how the undead mother makes her presence felt in the consulting room and the steps which can be taken towards more genuine reparative mourning
