Rites Of Autumn A Falconers Journey Across The American West:

The Rites of Autumn Dan O'Brien, 1988 The highly acclaimed true story of a falconer and falcon and of the bonds among humans animals and the natural world **Falconry**, 1990 **Falconry**. Emma Ford, 1998 **Wild Idea** Dan O'Brien, 2014-07-10 For more than forty years the prairies of South Dakota have been Dan O'Brien's home Working as a writer and an endangered species biologist he became convinced that returning grass fed free roaming buffalo to the grasslands of the northern plains would return natural balance to the region and reestablish the undulating prairie lost through poor land management and overzealous farming In 1998 he bought his first buffalo and began the task of converting a little cattle ranch into an ethically run buffalo ranch aWild Idea is a book about how good food choices can influence federal policies and the integrity of our food system and about the dignity and strength of a legendary American animal It is also a book about people the daughter coming to womanhood in a hard landscape the friend and ranch hand who suffers great tragedy the venture capitalist who sees hope and opportunity in a struggling buffalo business and the husband and wife behind the ranch who struggle daily wondering if what they are doing will ever be enough to make a difference At its center Wild Idea is about a family and the people and animals that surround them O'Brien trying to build a healthy life in a big beautiful and sometimes dangerous land aa Not Just Any Land John Price, 2007-11-01 Blending elements of memoir literary criticism and nature writing an anthology of essays including conversations with such regional authors as Linda Hasselstrom Dan O'Brien and William Least Heat Moon offers an evocative portrait of the endangered prairie environment his own quest for a new relationship with the natural life of the prairie and the region's personal and environmental legacy Reprint Special Bibliography Series, 1957 **Updating the Literary West**, 1997 Western writers says Thomas J Lyon in his epilogue to Updating the Literary West have grown up with the frontier myth but now find themselves in the early stages of creating a new western myth The editors of the Literary History of the American West TCU Press 1987 hoped that the first volume would begin not conclude their exploration of the West's literary heritage Out of this hope comes Updating the Literary West a comprehensive reference anthology including essays by over one hundred scholars A selected bibliography is included with each piece In the ten years since publication of LHAW western writing has developed a significantly larger presence in the national literary stream A variety of cultural viewpoints have developed along with new tactics for literary study New authors have risen to prominence and the range of subjects has changed and widened Updating the Literary West looks at topics ranging from western classics to cowboys and Cadillacs and considers children's literature ethnicity environmental writing gender issues and other topics in which change has been rapid since publication of LHAW This volume again affirms the West's literary legitimacy status hard earned by the Western Literary Association and the lasting place of popular western writing as part of the growing and changing literary and American experience An excellent reference for a wide range of readers and an invaluable resource for scholars and libraries Selected list of contributors James

Maguire Fred Erisman Susan J Rosowski Gerald Haslam Tom Pilkington A Carl Bredahl Richard Slotkin John G Cawelti Robert F Gish Ann Ronald Mick McAllister **Stolen Horses** Dan O'Brien, 2010-09-01 McDermot Nebraska is a pleasant scenic western cattle town situated in the Pawnee River valley just the place for people seeking refuge from their hectic city lives It is also just the place for those who have made their homes on this haunting prairie since the late nineteenth century Ideal for both McDermot means everything to those native inhabitants and something very different to those who are looking for a new life As the native residents wrestle with the arrival of outsiders a local journalist uncovers a medical scandal epitomizing the problems facing the divided community After the death of two men it falls to the ancient but powerful district attorney to mediate a resolution between the clashing interests of the new and the old West And the Thurston family descended from the town's first citizen sets out in its own way to fight the forces threatening to destroy it This is the story of new and old interests colliding of small western plains towns confronting the forces of progress Buffalo for the Broken Heart Dan O'Brien, 2007-12-18 For twenty years Dan O'Brien struggled to make ends meet on his cattle ranch in South Dakota But when a neighbor invited him to lend a hand at the annual buffalo roundup O'Brien was inspired to convert his own ranch the Broken Heart to buffalo Starting with thirteen calves short necked golden balls of wool O'Brien embarked on a journey that returned buffalo to his land for the first time in more than a century and a half Buffalo for the Broken Heart is at once a tender account of the buffaloes first seasons on the ranch and an engaging lesson in wildlife ecology Whether he's describing the grazing pattern of the buffalo the thrill of watching a falcon home in on its prey or the comical spectacle of a buffalo bull wallowing in the mud O'Brien combines a novelist's eye for detail with a naturalist's understanding to create an enriching entertaining narrative Mice in the Freezer, Owls on the Porch Helen McGavran Corneli, 2002-12-01 Mice in the Freezer Owls on the Porch is in many ways a love story about a quiet scientist and his flamboyant wife but also about their passions for hunting for wild lands and for the grouse and raptor species that they were instrumental in saving from destruction From the papers and letters of Frederick and Frances Hamerstrom the reminiscences of contemporaries and her own long friendship with this extraordinary couple who were her neighbors Helen Corneli draws an intimate picture of Fran and Hammy from childhood through the genesis and maturation of a romantic creative and scientific relationship Following the Hamerstroms as they give up a life of sophisticated convention and comfort for the more civilized as Aldo Leopold would have it pleasures of living and conducting on the spot research into diminishing species Corneli captures the spirit of the Hamerstroms their profession and the natural and human environments in which they worked A nuanced account of the labors adventures and achievements that distinguished the Hamerstroms over the years and that inspired a generation of naturalists this book also provides a dramatic account of conservation history over the course of the twentieth century particularly in Wisconsin during the eventful years from the 1920s through the 1970s *Cool North Wind* Stephen Steubner, 2002-03 When you're around him you feel like a bit of a disciple a There are a few people in this world who
