Ritual In Industrial Society A Sociological Analysis Of Ritualism In Modern England:

Ritual in Industrial Society Robert Bocock, 2020-01-10 Originally published in 1974 *Ritual in Industrial Society* is based on several years research including interviews and observations into the importance of ritual in industrial society within modern Britain The book addresses how identity and meaning for people of all occupations and social classes can be derived through rituals and provides an expansive and diverse examination of how rituals are used in society including in birth marriage and death The book offers an examination into the use of symbolic action in the body to articulate experiences which words cannot adequately handle and suggests that this enables modern men and women to overcome the mind body splits which characterise modern technological society In addition to this the book examines ritual as a tool for articulating and sharing religious experiences a point often overlooked by more intellectual approaches to religion in sociology In addition to this the book covers an exploration into ritual in social groups and how this is used to develop a sense of belonging among members The book will be of interest to sociologists as well as academics of religion and theology social workers and psychotherapists *Rituals and Ceremonies in Popular Culture* Ray Broadus Browne, 1980 This collection of essays examines various rituals and ceremonies in American popular culture including architecture religion television viewing humor eating and dancing **Transformations** Grant David McCracken, 2008-05-12 The reinvention of identity in today's world **The Growth of Religious Diversity - Vol 1** Gerald Parsons, 2012-11-12 This two volume set considers the role and significance of religion in post war Britain focusing in particular upon the closely inter related themes of the decline of a specifically Christian Society and the emergence of a culturally and religiously plural society Three core questions are examined in depth to what extent and in what ways has religion remained a significant factor in British culture and society in the period since 1945 what role does religion play in interpreting and understanding the development of a multi cultural and multi ethnic society in post war Britain and to what extent has Britain remained or ceased to be a religious society during this period Volume 1 *Traditions* analyses the history and development of the major religious groups present in Britain in the period since 1945 The major religious traditions examined include the traditional Christian churches Judaism Islam Hinduism Sikhism Afro Caribbean religious groups New Religious Movements and the implicit religion of the silent majority who remain detached from organised religion but are by no means simply secular Volume 2 *Controversies* explores some of the challenges tensions and controversies presented by the emergence of an increasingly religiously plural society in Britain since 1945 In particular it focuses on the impact of religious pluralism on both the Christian churches and other religious traditions the relationship between communal and national identities and religion women and religion and the relationship between religion and changing attitudes to personal and especially sexual morality *The Growth of Religious Diversity: Traditions* Gerald Parsons, 1993 These two volumes consider the significance of religion in post war Britain concentrating on the decline of the specifically Christian Society and the emergence of a culturally and religiously plural society *The*

Politics of National Celebrations in the Arab Middle East Elie Podeh, 2011-06-30 The first systematic study of the role of celebrations and public holidays in the Arab Middle East

Conspiracy Theorizing Gerald Arbuckle, 2024-05-01 Conspiracy Theorizing explore how should individuals with the Christian faith should react to conspiracy theories their untruths and their dangers This book outlines the way that conspiracy theories are the fundamental basis for this stigmatization and scapegoating It goes further to explain that scapegoating is fostering extreme divisions within in societies and between nations with each side often demonizing the other This book states how conspiracy theories satisfy people s needs for certainty security and a positive self image in a world they feel is disintegrating Uncovering deeper when the comforting securities of cultures crumble paranoia makes sense This book demonstrates that an inability to live with uncertainty and ambiguity draws people to conspiracy theories when they validate their apprehensions The commentary in this book also validates that since conspiracy theories can never be verified by objective research and truths they are one of the most problematic subjects to expose This book aims to answer these questions What are conspiracy theories Why do they arise especially in times of cultural upheavals Are they harmful What do the Christian Scriptures say about them Readers that are interested in religion Christianity and conspiracy theories would enjoy this book

Teaching New Religious Movements David G. Bromley, 2007-05-25 Since its inception around 1970 the study of New Religious Movements NRMs has evolved into an established multidisciplinary field At the same time both the movements and the scholars who study them have been the subjects of intense controversy In this volume a group of senior NRM scholars who have been instrumental in the development of the field will offer pivotal essays that present the basics of NRM scholarship along with guidance for teachers on classroom use The book is organized topically around subjects that are both central to the study of NRMs and likely to be useful to non specialists Part I contains examinations of the definitional boundaries of the area of study varying disciplinary perspectives on NRMs unique methodological ethical problems encountered in the study of NRMs and the controversies that have confronted scholars studying NRMs and the movements themselves Part II examines a series of topics central to teaching about NRMs the larger sociocultural significance of the movements their distinctive symbolic and organizational features the interrelated processes of joining and leaving NRMs the organization of gender roles in NRMs media and popular culture portrayals of the movements the occurrence of corruption and abuse within movements and violence by and against NRMs Part III provides informational resources for teaching about NRMs which are particularly important in a field where knowing the biases of sources is crucial With its interdisciplinary approach the volume provides comprehensive accessible information and perspectives on NRMs It is an invaluable guide for instructors navigating this scholarly minefield

The Sacred in

Exile Gillian McCann, Gitte Bechsgaard, 2017-09-08 This book addresses the fact that for the first time in history a large segment of the population in the western world is living without any form of religious belief While a number of writers have examined the implications of this shift none have approached the phenomenon from the perspective of religious studies The authors examine what has been lost from the point of view of sociology psychology and philosophy of religion The book sits at the nexus of a number of important debates including the role of religion in public life the connection between religion and physical and psychological well being and the implications of the loss of ritual in terms of maintaining communities *With God on their Side* Timothy Chandler, Tara Magdalinski, 2005-07-12 Sport and religion are cultural institutions with a global reach Each is characterised by ritualised performance and by the ecstatic devotion of its followers whether in the sports arena or the cathedral of worship This fascinating collection is the first to examine in detail the relationship between these two cultural institutions from an international religiously pluralistic perspective It illuminates the role of sport and religion in the social formation of collective groups and explores how sport might operate in the service of a religious community The book offers a series of cutting edge contemporary historical case studies wide ranging in their social and religious contexts It presents important new work on the following fascinating topics sport and Catholicism in Northern Ireland Shinto and sumo in Japan women sport and the American Jewish identity religion race and rugby in South Africa sport and Islam in France and North Africa sport and Christian fundamentalism in the US Muhammad Ali and the Nation of Islam *With God on their Side* is vital reading for all students of the history sociology and culture of sport It also presents important new research material that will be of interest to religious studies students historians and anthropologists *The Pandemic and the People of God* Arbuckle, Gerald A., 2021-10-20 Draws from anthropology and theology to provide an analysis of the role of the church in responding to the COVID 19 pandemic *Christly Gestures* Brett Webb-Mitchell, 2003 The church is not only the central place of Christian worship but also a place of faith filled education *Christly Gestures* reframes the very meaning of religious education exploring what the form and content of Christian learning would look like if local churches truly saw themselves as the body of Christ Author Brett Webb Mitchell begins with the writings of Paul using them to clarify the biblical image of Christ's body as the community of believers Taking this powerful analogy to heart he suggests that Christian education must not only nurture the minds and spiritual lives of church members but also educate their bodies into the Christly gestures performing acts of faith that imitate Jesus and embody the gospel in daily life In the quest for a richer more relevant understanding of Christian education Webb Mitchell provides meaningful answers to questions concerning the purpose context ways and means of educating Christians today **The Craft of Ritual Studies** Ronald L. Grimes, 2014 Readership Students and scholars of ritual studies religious studies anthropology **Fundamentalism at Home and Abroad** Gerald A. Arbuckle, 2017-05-05 For most people fundamentalism in the modern world has become synonymous with a radical form of Islam but fundamentalism in many shapes and forms is also very much present in Western societies Yes fundamentalist

economic political nationalistic and religious movements are aplenty in the West Using the lens of cultural anthropology Gerald A Arbuckle examines fundamentalist attitudes and movements in this book exploring why they arise and how readers can constructively respond to them

The Oxford Handbook of Religion, Conflict, and Peacebuilding Atalia Omer,R. Scott Appleby,David Little,2015-03-02 This volume provides a comprehensive and interdisciplinary account of the scholarship on religion conflict and peacebuilding Looking far beyond the traditional parameters of the field the contributors engage deeply with the legacies of colonialism missionary activism secularism orientalism and liberalism as they relate to the discussion of religion violence and nonviolent transformation and resistance Featuring numerous case studies from various contexts and traditions the volume is organized thematically into five different parts It begins with an up to date mapping of scholarship on religion and violence and religion and peace The second part explores the challenges related to developing secularist theories on peace and nationalism broadening the discussion of violence to include an analysis of cultural and structural forms In the third section the chapters explore controversial topics such as religion and development religious militancy and the freedom of religion as a keystone of peacebuilding The fourth part locates notions of peacebuilding in spiritual practice by focusing on constructive resources within various traditions the transformative role of rituals youth and interfaith activism in American university campuses religion and solidarity activism scriptural reasoning as a peacebuilding practice and an extended reflection on the history and legacy of missionary peacebuilding The volume concludes by looking to the future of peacebuilding scholarship and the possibilities for new growth and progress Bringing together a diverse array of scholars this innovative handbook grapples with the tension between theory and practice cultural theory and the legacy of the liberal peace paradigm offering provocative elastic and context specific insights for strategic peacebuilding processes

Understanding Society and Knowledge Nico Stehr,2023-07-01 Understanding Society and Knowledge proposes that knowledge rather than nature violence or power provides the basis of and the driving force behind human action in modern society It demonstrates how the legally enforced restricted use of knowledge enables the transformation of the knowledge society into knowledge capitalism

Catholic Identity or Identities? Gerald A. Arbuckle,2013-10-15 How can Catholic leaders effectively train and form members of our institutions in the Gospel values that are the ultimate foundation of Catholic identities Internationally recognized author educator and facilitator Gerald A Arbuckle argues that it is time to acknowledge that the programs and processes used in the past are inadequate to our postmodern age The systems previously used to educate the staffs of our hospitals universities schools and other institutions rarely succeed today Although didactic teaching and discursive learning have their place they cannot be the primary method for forming identities Catholic Identity or Identities will assist a wide range of people bishops theologians pastoral workers institutional leaders and staffs and more in their various ministries Arbuckle draws on several disciplines including Scripture theology and history but in particular cultural anthropology to explain the importance of refounding adult formation for Catholic ministries and

the practical ways to achieve it
