Marlborough Marathon: One Street Against a Developer J. L. Granatstein, 1971 **Marlborough Marathon: One Street Against a Developer** J. L. Granatstein, 1971 *The Heart of Toronto* Daniel Ross, 2022-04-01 From the 1950s to the 1970s downtown North America was reconfigured for the suburban age Municipal officials planned renewal schemes merchant groups lobbied for street improvements developers built bigger and taller Everywhere attention turned to the problems and possibilities at the commercial and civic heart of cities The Heart of Toronto follows one such example of reinvention downtown Yonge Street Efforts to keep pace with or even lead urban change included the street's conversion into a car free public space a clean up campaign targeting the sex industry and the construction of North America's largest urban shopping mall These revitalization projects were all connected to wider trends of postwar decentralization economic restructuring and cultural transformation Interweaving histories of development civic activism and corporate clout The Heart of Toronto widens our understanding of the actors and power dynamics involved in remaking downtown in Canada's largest city a process that is far from over **How We Changed Toronto** John Sewell, 2015-09-21 By the mid 1960s Toronto was well on its way to becoming Canada's largest and most powerful city One real estate firm aptly labelled it Boomtown Expressways subways shopping centres high rise apartments and skyscraping downtown office towers were transforming the city City officials were cheerleaders for unrestricted growth All this progress had a price Heritage buildings were disappearing Whole neighbourhoods were being destroyed by city hall itself in the name of urban renewal and high rise developers Many idealistic young Torontonians didn't like what they saw At a time when political activism was in the air they engaged in local politics Recently graduated lawyer John Sewell was one of many He joined his friends working for local residents in areas targeted for demolition by city hall Others were fighting the Spadina expressway planned to push its way through the city to the lakeshore Still others were saving Toronto's Old City Hall from demolition This was the modest start of a twelve year transformation of Toronto chronicled in John Sewell's new book Bringing together a fascinating cast of characters from cigar chomping developers to Jane Jacobs and David Crombie from a host of ordinary citizens to some of the world's most innovative architects and planners Sewell describes the conflict filled period when Toronto developed a whole new approach to city government civic engagement and planning policies Sewell went from activist organizer to high profile opposition politician to leading light of a bare reform majority at city hall to become Toronto's mayor Along the way he sparked the rethinking of an amazing array of old ideas not just about how cities should grow but about race relations attitudes toward the LGBT community and the role of police His defeat in the city's 1980 election marked the end of a decade of dramatic transformation but the changes this reform era produced are now entrenched in Toronto but in other Canadian cities too How We Changed Toronto is the inside story of activist idealists who set out to change the world and did right in their own backyard **Problems of Change in Urban Government** M.O. Dickerson, S. Drabek, John Woods, 2006-01-01 In

1911 one of every three Canadians lived in urban areas today three out of four do This growth has raised serious issues in urban government How should power and authority be distributed among differing often competing urban interests How can municipal governments obtain the funds they need to satisfy the increased demand for community and social services How much should citizens participate At a conference held in Banff on alternate forms of urban government academics and practitioners considered these and other pressing urban problems Problems of change in urban government presents the results of the conference along with other related essays The contributors are Lloyd Axworthy Meyer Brownstone Stephen Clarkson J A Johnson James Lorimer Allan O'Brien T J Plunkett Louise Quesnel Ouellet Paul Tennant and the volume editors

The Canadian Forum, 1974 *Urban Sociology in Canada* Peter McGahan, 2013-10-22 Urban Sociology in Canada Second Edition introduces the fundamentals of the theoretical structure of Canadian urban studies The book is comprised of 11 chapters that are organized into six parts The text provides census data of various Canadian cities along with urban empirical studies to help illustrate the generalization and concepts The book first covers the classical foundations of urban sociology and then proceeds to discussing the growth of urban system The third part talks about the process of entrance to the urban system while the fourth part deals with the spatial shape of the urban system The last two parts tackle urbanism and the regulation of urban system respectively The book will be of great use to social scientists who involve urban population as the main demographics of their research study City Politics, Canada Jim Lightbody, 2005-12-01 City Politics Canada is an introduction to the basic politics and core policies of today's city halls While the book surveys classic discussions and accurately describes municipal institutions in Canada it also explains why particular policies assume the specific shape they do James Lightbody draws on over thirty years experience researching and participating in city politics to argue that transparent accountability from local public officials related to specific policies and the general condition of the community is an important and desired end for democratic city government Arguments for change within city politics are insufficient if the result is that everyone has a say but no one is accountable In following this theme throughout the book Lightbody examines the various facets of metropolitan politics in a lively and engaging manner and explains why city politics are important to all Canadians Provincial agenda setting is viewed through the lens of the urban political landscape as are the reasons behind the Toronto Megacity 1996 and Montreal's consolidation Finally the book expands its discussion to explore the global reach of the urban phenomenon and the impact of world practices on Canada's metropolitan cities The ultimate hope for this book is that readers as citizens will be better able to understand the basic politics and core policies of today's city halls and will be better equipped to participate effectively in the processes by which those policies are made

The Tiny Perfect Mayor Jon Caulfield, 1974-01-01 When David Crombie won his surprise victory in the 1972 mayoralty race in Toronto everyone thought it was a victory for citizen activism and for a saner approach to urban development Was it This book examines Crombie's performance on a range of major issues housing highrises downtown development

environmental matters Toronto Island subways and expressways Caulfield contends that despite the efforts of a cadre of committed reform oriented civic politicians Crombie s mayoralty largely buttressed the status quo and the old guard politicians he fought so hard to defeat in the first place *The Tiny Perfect Mayor* is a pointed critical examination of one of Canada s most prominent civic politicians of the 1970s *The Movable Airport* Sandra Budden, Joseph Albert Ernst, 1973
