California Kinship Terminologies Edward Winslow Gifford,1922 *Wealth and Poverty in Close Personal Relationships* Susan Millns,Simone Wong,2017-07-14 At a time of global and domestic economic crisis the financial aspects of domestic and familial relationships are more important and more strained than ever before The focus of this book is on the distribution of wealth and poverty in traditional and non traditional familial relationships The volume takes an interdisciplinary approach to

explore the way in which money matters are structured and governed within close personal relationships and the extent to which they have an impact on the nature and economic dynamics of relationships. As such the key areas of investigation are the extent to which participation in the labour market, unpaid caregiving, inheritance, pensions and welfare reform have an impact on familial relationships. The authors also explore governmental and legal responses by investigating the privileging of certain types of domestic relationships through fiscal and non fiscal measures and the differential provision on relationship breakdown. The impact of budget and welfare cuts is also examined for their effect on equality in domestic relationships.

La Violencia and the Hebrew Bible Susanne Scholz, Pablo R. Andiñach, 2016-05-11 Exegetically noteworthy and culturally theologically relevant. Violence in its wide range of horrifying expressions is real in people's lives and biblical interpreters must take violence in the world seriously to arrive at relevant ideas about the place of the Bible in the world. Each essay addresses people's experiences of violence in the study of the Bible through the context of *la violencia*, the Spanish noun referring to the brutal repressive and murderous policies of state sponsored violence practiced in many South and Central American and Caribbean countries during the twentieth century that external powers such as the USA often endorsed and fostered. The volume represents an important contribution to biblical studies and to the field of Latino studies. The contributors are Cheryl B Anderson, Pablo Andiñach, Nancy Bedford, Lee Cuellar, Steed V Davidson, Serge Frolov, Renata Furst, Julia M O'Brien, Todd Penner, Jos Enrique Ramirez, Ivoni Richter, Reimer and Susanne Scholz. Features twelve essays by scholars living and working on the American continent. Articles reveal the complex historical, political and cultural conditions on the American continent that have contributed to our understanding of violence in the Bible. Focus on themes of racial, social and cultural violence.
