in the United States far outperforming many white and Asian subgroups Moreover there s a demonstrable arc to group success in immigrant groups it typically dissipates by the third generation puncturing the notion of innate group differences and undermining the whole concept of model minorities Mormons have recently risen to astonishing business success Cubans in Miami climbed from poverty to prosperity in a generation Nigerians earn doctorates at stunningly high rates Indian and Chinese Americans have much higher incomes than other Americans Jews may have the highest of all Why do some groups rise Drawing on groundbreaking original research and startling statistics The Triple Package uncovers the secret to their success A superiority complex insecurity impulse control these are the elements of the Triple Package the rare and potent cultural constellation that drives disproportionate group success The Triple Package is open to anyone America itself was once a Triple Package culture It s been losing that edge for a long time now Even as headlines proclaim the death of upward mobility in America the truth is that the old fashioned American Dream is very much alive but some groups have a cultural edge which enables them to take advantage of opportunity far more than others Americans are taught that everyone is equal that no group is superior to another But remarkably all of America s most successful groups believe even if they don t say so aloud that they re exceptional chosen superior in some way Americans are taught that self esteem feeling good about yourself is the key to a successful life But in all of America s most successful groups people tend to feel insecure inadequate that they have to prove themselves America today spreads a message of immediate gratification living for the moment But all of America s most successful groups cultivate heightened discipline and impulse control But the Triple Package has a dark underside too Each of its elements carries distinctive pathologies when taken to an extreme they can have truly toxic effects Should people strive for the Triple Package Should America Ultimately the authors conclude that the Triple Package is a ladder that should be climbed and then kicked away drawing on its power but breaking free from its constraints Provocative and profound The Triple Package will transform the way we think about success and achievement Family Dynamics and Romantic Relationships in a Changing Society Sifton, Nava R.,2017-02-08 As society changes and develops personal relationships can be significantly affected by evolving cultures By examining amorous and familial bonds in the present era a comprehensive understanding of relationship formation and development can be established Family Dynamics and Romantic Relationships in a Changing Society provides a thorough examination of the types of emotional relationships that different cultures participate in Highlighting innovative topics across a range of relevant areas such as LGBTQ relationships long distance relationships interracial dating and parental techniques this publication is an ideal resource for all academicians students librarians and researchers interested in discovering more about social and emotional interactions within human relationships *Studyguide for the Marriage and Family Experience* Cram101 Textbook Reviews,2013-05 Never HIGHLIGHT a Book Again Includes all testable terms concepts persons places and events Cram101 Just the FACTS101 studyguides gives all of the outlines highlights and quizzes for your textbook with optional online comprehensive practice
