

The background of the cover is a monochromatic purple-tinted image of a Renaissance painting. It depicts a man with a long, dark beard and hair, wearing a dark robe, looking towards the right. In the foreground, a woman's face is visible, looking down. Her hands are positioned near a small, ornate object on a surface. The overall style is characteristic of 16th-century Italian portraiture.

**Marriage in Italy, 1300-1650** Trevor Dean, K. J. P. Lowe, 2002-05-09 A collection of essays about marriage and the role of women in Renaissance Italy     *Marriage in Italy, 1300-1650* Trevor Dean, K. J. P. Lowe, 1998     **A Cultural History of Marriage in the Renaissance and Early Modern Age** Joanne M. Ferraro, 2021-11-18 Why marry The personal question is timeless Yet the highly emotional desires of men and women during the period between 1450 and 1650 were also circumscribed by external forces that operated within a complex arena of sweeping economic demographic political and religious changes The period witnessed dramatic religious reforms in the Catholic confession and the introduction of multiple Protestant denominations the advent of the printing press European encounters and exchange with the Americas North Africa and southwestern and eastern Asia the growth of state bureaucracies and a resurgence of ecclesiastical authority in private life These developments together with social religious and cultural attitudes including the constructed norms of masculinity femininity and sexuality impinged upon the possibility of marrying The nine scholars in this volume aim to provide a comprehensive picture of current research on the cultural history of marriage for the years between 1450 and 1650 by identifying both the ideal templates for nuptial unions in prescriptive writings and artistic representation and actual practices in the spheres of courtship and marriage rites sexual relationships the formation of family networks marital dissolution and the overriding choices of individuals over the structural and cultural constraints of the time A Cultural History of Marriage in the Renaissance and Early Modern Age presents an overview of the period with essays on Courtship and Ritual Religion State and Law Kinship and Social Networks the Family Economy Love and Sex the Breaking of Vows and Representations of Marriage     *Marriage Litigation in the Western Church, 1215-1517* Wolfgang P. Müller, 2021-09-16 Examines how late medieval church courts were used for marriage cases and how this varied dramatically across Europe

Women in Medieval Europe Jennifer Ward, 2014-06-11 Women in Medieval Europe were expected to be submissive but such a broad picture ignores great areas of female experience Between the thirteenth and fifteenth centuries women are found in the workplace as well as the home and some women were numbered among the key rulers saints and mystics of the medieval world Opportunities and activities changed over time and by 1500 the world of work was becoming increasingly restricted for women Women of all social groups were primarily engaged with their families looking after husband and children and running the household Patterns of work varied geographically In the northern towns women engaged in a wide range of crafts with a small number becoming entrepreneurs Many of the poor made a living as servants and labourers Prostitution flourished in many medieval towns Some women turned to the religious life and here opportunities burgeoned in the thirteenth century The Middle Ages are not remote from the twenty first century the lives of medieval women evoke a response today The medieval mother faced similar problems to her modern counterpart The sheer variety of women's experience in the later Middle Ages is fully brought out in this book     **Regional Variations in Matrimonial Law and**

**Custom in Europe, 1150-1600** Mia Korpiola, 2011-12-09 The book approaches medieval marriage law and custom from a comparative perspective Although concentrating on source material from one region some articles discuss the regionality and universality of matrimonial practices and norms Others compare several regions *The Sacred Home in Renaissance Italy* Abigail Brundin, Deborah Howard, Mary Laven, 2018-07-12 The Sacred Home in Renaissance Italy explores the rich devotional life of the Italian household between 1450 and 1600 Rejecting the enduring stereotype of the Renaissance as a secular age this interdisciplinary study reveals the home to have been an important site of spiritual revitalization Books buildings objects spaces images and archival sources are scrutinized to cast new light on the many ways in which religion infused daily life within the household Acts of devotion from routine prayers to extraordinary religious experiences such as miracles and visions frequently took place at home amid the joys and trials of domestic life from childbirth and marriage to sickness and death Breaking free from the usual focus on Venice Florence and Rome The Sacred Home investigates practices of piety across the Italian peninsula with particular attention paid to the city of Naples the Marche and the Venetian mainland It also looks beyond the elite to consider artisanal and lower status households and reveals gender and age as factors that powerfully conditioned religious experience Recovering a host of lost voices and compelling narratives at the intersection between the divine and the everyday The Sacred Home offers unprecedented glimpses through the keyhole into the spiritual lives of Renaissance Italians *Public Justice and the Criminal Trial in Late Medieval Italy* Joanna Carraway Vitiello, 2016-02-02 In Public Justice and the Criminal Trial in Late Medieval Italy Reggio Emilia in the Visconti Age Joanna Carraway Vitiello examines the criminal trial at the end of the fourteenth century Inquisition procedure in which a powerful judge largely controlled the trial process was in regular use in the criminal court at Reggio Yet during the period considered in this study technical procedural developments combined with the political realities of the town to create a system of justice that prosecuted crime but also encouraged dispute resolution Following the stages of the process including investigation denunciation the weighing of evidence and the verdict this study investigates the court's complex role as a vehicle for both personal justice and prosecution in the public interest **Finding the Family in Medieval and Early Modern Scotland** Elizabeth Ewan, Janay Nugent, 2017-03-02 In this interdisciplinary collaboration an international group of scholars have come together to suggest new directions for the study of the family in Scotland circa 1300-1750 Contributors apply tools from across a range of disciplines including art history literature music gender studies anthropology history and religious studies to assess creatively the broad range of sources which inform our understanding of the pre-modern Scottish family A central purpose of this volume is to encourage further studies in this area by highlighting the types of sources available as well as actively engaging in broader historiographical debates to demonstrate how important and effective family studies are to advancing our understanding of the past Articles in the first section demonstrate the richness and variety of sources that exist for studies of the Scottish family These essays clearly highlight the uniqueness feasibility and value of family studies for

pre industrial Scotland The second and third sections expand upon the arguments made in part one to demonstrate the importance of family studies for engaging in broader historiographical issues The focus of section two is internal to the family These articles assess specific family roles and how they interact with broader social forces issues In the final section the authors explore issues of kinship ties an issue particularly associated with popular images of Scotland to examine how family networks are used as a vehicle for social organization **Time, Space, and Women's Lives in Early Modern Europe**

Anne Jacobson Schutte, Thomas Kuehn, Silvana Seidel Menchi, 2001-09-01 This collection offers a variety of approaches to aspects of women's lives It moves beyond men's prescriptive pronouncements about female nature to women's lived experiences replacing the singular woman with plural women and illuminating female agency The contributors show that women's lives changed over the life course and differed according to region and social class They also demonstrate that in the early modern period the largely private spaces in women's lives were not enclosed worlds isolated from the public spaces in which men operated Contributors to this important collection are leading international scholars and offer strong substantial and archival based research *Women and Gender in Early Modern Europe* Merry E. Reynolds, John Witte, 2007-02-05 This 2007 book analyzes how why and when pre modern Europeans documented their marriages through property deeds marital settlements dotal charters church court depositions wedding liturgies and other indicia of marital consent The authors consider both the function of documentation in the process of marrying and what the surviving documents say about pre modern marriage and how people in the day understood it Drawing on archival evidence from classical Rome medieval France England Iceland and Ireland and Renaissance Florence Douai and Geneva the volume provides a rich interdisciplinary analysis of the range of marital customs laws and practices in Western Christendom The chapters include freshly translated specimen documents that bring the reader closer to the actual practice of marrying than the normative literature of pre modern theology and canon law

**Urania** Giulia Bigolina, 2007-11-01 Presented for the first time in a critical English edition *Urania* A Romance provides modern readers with a rare glimpse into the novel and novella forms at a time when narrative genres were not only being invented but in the hands of women like Giulia Bigolina 1518 1569 used as vehicles for literary experimentation The first known prose romance written by a woman in Italian Bigolina's *Urania* centers on the monomaniacal love of a female character falling into melancholy when her beloved leaves her for a more beautiful woman A tale that includes many of the conventions that would later become standards of the genre cross dressing travel epic skirmishes and daring deeds *Urania* also contains the earliest treatise on the worth of women Also included in this volume the novella Giulia Camposampiero is the only extant part of a probable longer narrative written in the style of the Decameron While employing some of those same gender and role reversals as *Urania* including the privileging of heroic constancy in both men and women it chronicles the tribulations that a couple undergoes until their secret marriage is publicly recognized

**Husbands, Wives, and Concubines** Emlyn Eisenach, 2004-06-01 Emlyn Eisenach uses a wide range of sources including the richly detailed and previously unexplored records of nearly two hundred marriage related disputes from the bishop's court of Verona to illuminate family and social relations in early modern northern Italy Arguing against the common emphasis on the growth of law and government in this period her study emphasizes the fluidity of the principles that governed marriage and its dissolution and deepens our understanding of the patriarchal family and its complex relationship with gender and status during the sixteenth century Peopled by characters from across the social spectrum of the city of Verona and its contado Eisenach's study moves between stories about specific individuals serving girls seeking honorable marriage through the unlikely route of concubinage peasant men in search of independence from their fathers and aristocratic wives seeking revenge against adulterous husbands and broader analyses of social economic and geographical patterns of behavior She shows how the Veronese at all social levels attempted to better their familial and personal fortunes by creatively molding wedding rituals to fit their particular circumstances or engaging in the significant but until now little understood practices of concubinage clandestine marriage or informal marriage dissolution Eisenach also evaluates the first half century of religious reforms in Verona as the leading pre Tridentine bishop Gian Matteo Giberti and his successors

challenged common practices and understandings in sermons treatises confessionals and court Emphasizing the limitations of what the religious authorities could impose on the people she explores how learned and popular notions of marriage family and gender shaped each other as they were put into action in the strategies of individual Veronese Nuns' Chronicles and Convent Culture in Renaissance and Counter-Reformation Italy K. J. P. Lowe, 2003-12-04 This well illustrated and innovative book analyses convent culture in sixteenth century Italy through the medium of three unpublished nuns chronicles It uses a comparative methodology of connected differences to examine the intellectual and imaginative achievement of these nuns and to investigate how they fashioned and preserved individual and convent identities by writing chronicles The chronicles themselves reveal many examples of nuns agency especially with regard to cultural creativity and show that convent traditions determined cultural priorities and specialisms and dictated the contours of convent ceremonial life Mother and Sons, Inc. Kathryn Reyerson, 2018 In the late 1320s Martha de Cabanis was widowed with three young sons Mothers and Sons Inc shows how the widow Martha maneuvered within the legal constraints of her social economic and personal status and illuminates the opportunities and the limits of what was possible for elite mercantile women Kinship and Clientage Alison Cathcart, 2006-05-01 This volume examines Highland society during the fifteenth and sixteenth centuries highlighting the extent to which kinship and clientage were organising principles within clanship Based on clans located in the central and eastern Highlands this study goes some way to addressing the imbalance in Highland historiography which hitherto has concentrated largely on the west Highlands and islands Focusing initially on internal clan structure the study broadens into an analysis of local politics within the context of regional and national affairs raising questions regarding the importance of land and the nature of lordship as well as emphasising the need for Highland history to be integrated further into broader studies of Scottish society during this period *Early Modern Europe, 1450-1789* Merry E. Wiesner-Hanks, Merry E. Wiesner, 2013-02-21 Thoroughly updated best selling textbook with new learning features This acclaimed textbook has unmatched breadth of coverage and a global perspective **Reform before the Reformation: Vincenzo Querini and the Religious Renaissance in Italy** Stephen David Bowd, 2021-10-11 An important aspect of the Italian Renaissance was church reform This book examines the nature of that reform especially in Venice Florence and Rome as viewed through the unpublished manuscripts of a Venetian nobleman who became a Camaldolese hermit Vincenzo Querini 1478 1514 This book sets Querini s personal journey to reform in the context of Venetian society as well as against the backdrop of political crisis cultural revival and monastic renaissance in Italy generally Querini s attempt to reform himself the Roman Catholic Church and the whole of Christendom are of interest to historians seeking to revise the chronology of early modern church reform since he employed a range of scriptural humanist conciliar monastic and mystical methods that had medieval antecedents but were also imitated by reformers after the Reformation
