

Marriage Market

Harry T. Reis, Susan Sprecher

Marriage Market:

Marriage Markets June Carbone, Naomi Cahn, 2014-04-01 There was a time when the phrase American family conjured up a single specific image a breadwinner dad a homemaker mom and their 2 5 kids living comfortable lives in a middle class suburb Today that image has been shattered due in part to skyrocketing divorce rates single parenthood and increased out of wedlock births But whether it is conservatives bemoaning the wages of moral decline and women s liberation or progressives celebrating the result of women s greater freedom and changing sexual mores most Americans fail to identify the root factor driving the changes economic inequality that is remaking the American family along class lines In Marriage Markets June Carbone and Naomi Cahn examine how macroeconomic forces are transforming our most intimate and important spheres and how working class and lower income families have paid the highest price Just like health education and seemingly every other advantage in life a stable two parent home has become a luxury that only the well off can afford The best educated and most prosperous have the most stable families while working class families have seen the greatest increase in relationship instability Why is this so The book provides the answer greater economic inequality has profoundly changed marriage markets the way men and women match up when they search for a life partner It has produced a larger group of high income men than women written off the men at the bottom because of chronic unemployment incarceration and substance abuse and left a larger group of women with a smaller group of comparable men in the middle The failure to see marriage as a market affected by supply and demand has obscured any meaningful analysis of the way that societal changes influence culture Only policies that redress the balance between men and women through greater access to education stable employment and opportunities for social mobility can produce a culture that encourages commitment and investment in family life A rigorous and enlightening account of why American families have changed so much in recent decades Marriage Markets cuts through the ideological and moralistic rhetoric that drives our current debate It offers critically needed solutions for a problem that will haunt America for generations to come

Marriage Markets June Carbone, Naomi Cahn, 2014 There was a time when the phrase American family conjured up a single specific image a breadwinner dad a homemaker mom and their 2 5 kids living comfortable lives in a middle class suburb Today that image has been shattered due in part to skyrocketing divorce rates single parenthood and increased out of wedlock births But whether it is conservatives bemoaning the wages of moral decline and women s liberation or progressives celebrating the result of women s greater freedom and changing sexual mores most Americans fail to identify the root factor driving the changes economic inequality that is remaking the American family along class lines In Marriage Markets June Carbone and Naomi Cahn examine how macroeconomic forces are transforming our most intimate and important spheres and how working class and lower income families have paid the highest price Just like health education and seemingly every other advantage in life a stable two parent home has become a luxury that only the well off can afford The best educated and most prosperous have the most stable families while working

class families have seen the greatest increase in relationship instability Why is this so The book provides the answer greater economic inequality has profoundly changed marriage markets the way men and women match up when they search for a life partner It has produced a larger group of high income men than women written off the men at the bottom because of chronic unemployment incarceration and substance abuse and left a larger group of women with a smaller group of comparable men in the middle The failure to see marriage as a market affected by supply and demand has obscured any meaningful analysis of the way that societal changes influence culture Only policies that redress the balance between men and women through greater access to education stable employment and opportunities for social mobility can produce a culture that encourages commitment and investment in family life A rigorous and enlightening account of why American families have changed so much in recent decades Marriage Markets cuts through the ideological and moralistic rhetoric that drives our current debate It offers critically needed solutions for a problem that will haunt America for generations to come

Handbook on the Family and Marriage in China Xiaowei Zang, Lucy Xia Zhao, 2017-12-29 This Handbook advances research on the family and marriage in China by providing readers with a multidisciplinary and multifaceted coverage of major issues in one single volume It addresses the major conceptual theoretical and methodological issues of marriage and family in China and offers critical reflections on both the history and likely progression of the field

A Cultural History of Marriage in the Modern Age Christina Simmons, 2021-11-18 Spanning cultures across the 20th century this volume explores how marriage especially in the West was disestablished as the primary institution organizing social life In the developing world the economic social and legal foundations of traditional marriage are stronger but also weakening Marriage changed because an industrial wage economy reduced familial patriarchal control of youth and women and spurred demands and possibilities for greater autonomy and choice in love After the Second World War when more married women pursued education and employment and gays and lesbians gained visibility feminism and gay liberation also challenged patriarchal and restrictive gender roles and helped to reshape marriage In 1920 most people married for life in the twenty first century fewer marry and serial monogamy prevails Marriage is more diverse and flexible in form but also more fragile and optional than it once was Over the century control of courtship shifted from parents to youth and friends as opposed to kin became more important in sustaining marriages Dual wage earner families replaced the male breadwinner Social and political liberalism assailed conservative laws and religious regimes expanding access to divorce and birth control Although norms of masculinity and femininity retain huge power in most cultures visions of more egalitarian and romantic love as the basis of marriage have gained traction made appealing by the global spread of capitalist social relations and also broadcast by culture industries in the developed world The legalization of same sex marriage in over twenty five nations by 2020 epitomizes a century of change toward a less gender defined ideal that includes a continued desire for social recognition and permanence A Cultural History of Marriage in the Modern Age presents an overview of the period with essays on Courtship

and Ritual Religion State and Law Kinship and Social Networks the Family Economy Love and Sex the Breaking of Vows and Representations of Marriage **Man: The Charismatic Gender** HB Goldsmith , The book Man The Charismatic Gender is exclusively written for working men male socialists male professionals as well as males of the human society It reflects various types of stages and events that a man experiences in his life during his childhood teenage adulthood maturity social personal and professional life The author has highlighted the frequent phases of manhood which most of the school and college boys male teenagers young men and mature men undergo The book covers imperative information about men s life such as hegemonic masculinity patriarchy masculism manosphere hybrid masculinity male privilege androcentrism and bachelor tax It also focuses on some perceptive and discerning issues like paternity fraud toxic masculinity homophobia phallocentrism machismo misandry and androicide The author is acknowledging all the male colleagues family men friends male relatives social media men friends and male contemporaries for their suggestions feedbacks and opinions This book will definitely be a 24x7 guide and a handy tool for male students male workers and working professionals worldwide The author feels highly indebted to The Almighty Living God who has helped him directly or indirectly in writing of this book May all men of the world live happy and peaceful life **Critical Perspectives on Economics of Education** Silvia

Mendolia,Martin O'Brien,Alfredo R. Paloyo,Oleg Yerokhin,2022-05-18 This book brings together leading scholars in the field to provide insights on economics of education The book begins with an overview of education and human capacity development and looks at the production of education through individuals learning education financing and the role of individual circumstances It also analyses the complex relationship between education and mobility and highlights what key challenges for education systems in a global world are Each chapter provides detailed analysis of interesting and policy relevant topics in the fields of education economics and human capacity development This book is a useful reference for those who wish to understand the changing landscape and models of higher education in the context of digital advances and innovation It will also be of interest to those in the areas of education and training **Handbook of the Economics of International Migration** Barry Chiswick,Paul W. Miller,2014-11-05 The economic literature on international migration interests policymakers as well as academics throughout the social sciences These volumes the first of a new subseries in the Handbooks in Economics describe and analyze scholarship created since the inception of serious attention began in the late 1970s This literature appears in the general economics journals in various field journals in economics especially but not exclusively those covering labor market and human resource issues in interdisciplinary immigration journals and in papers by economists published in journals associated with history sociology political science demography and linguistics among others Covers a range of topics from labor market outcomes and fiscal consequences to the effects of international migration on the level and distribution of income and everything in between Encompasses a wide range of topics related to migration and is multidisciplinary in some aspects which is crucial on the topic of migration Appeals to a large community of scholars

interested in this topic and for whom no overviews or summaries exist

The New Economics of Human Behaviour

Mariano Tommasi, Kathryn Ierulli, 1995-08-24 This 1995 volume demonstrates the application of Beckerian theory upon a wide range of social and political activity

Women and the Economy

Saul D. Hoffman, Susan L. Averett, 2021-03-11 This textbook presents a comprehensive analysis of the enormous changes in women's economic lives around the world from the family to the labor market Hoffman and Averett examine a range of fascinating topics such as the effect of rising women's wages and improved labor market opportunities on marriage the ways in which more reliable contraception has shaped women's adult lives and careers and the forces behind the phenomenal rise in women's labor force activity This fourth edition addresses important topics of discussion through brand new chapters on gender in economics and race and gender in the USA It incorporates the latest research findings throughout many of which are featured in helpful call out boxes and illustrated with new graphs and figures This is invaluable reading for undergraduate and postgraduate students of economics development and women's studies The level of economic analysis is suitable for students with basic economics knowledge New to this Edition New chapters on gender in economics and race and gender in economics Fully updated with new data policy examples and a new companion website with lecturer resources Increased pedagogy with over 30 new boxes Policy has been integrated into the main chapters so that connections are clearer Intersectional approach

The Family and Social Change in Chinese Societies Dudley L. Poston, Jr., Wen Shan Yang, Demetrea Nicole Farris, 2013-11-26 This book focuses on families and their changes in Taiwan and China Traditional notions of what constitutes a family have been changing in China Taiwan and other Asian countries The chapters in this book provide interesting methodological and substantive contributions to the discourse on family and social change in Chinese societies They also underscore the implications of the various social changes in Chinese families Written by Chinese and Western scholars they provide an unprecedented overview of what is known about the effects of social change on Chinese families One might think that defining a family is an easy task because the family is so significant to society and is universal The family is the first place we learn culture norms values and gender roles Families exist in all societies throughout the world but their constitution differs In the past several decades there have been many changes in the family in Taiwan and China For instance whereas in the West we use a bilineal system of descent in which descent is traced through both the mother's side and the father's side of the family in many parts of China descent is patrilineal although this is changing and China and Taiwan are starting to assume a family constitution similar to that in the West This and other issues are discussed in great detail in this book Indeed it is the very nature of the differences that motivated the writing of this book on changing families in Taiwan and China The chapters in Part I The Family in Taiwan and China focus on the basic family issues in Taiwan and China that provide the groundwork for many of the chapters that follow Chapter 1 is about the distribution of resources in the family in Taiwan Chapter 2 focuses on filial piety and the autonomous development of adolescents in the Taiwanese family and Chapter 3 explores the important issue of

family poverty in Taiwan Chapter 4 moves away from Taiwan and looks at several issues of family growth and change in Hong Kong noting the interesting similarities and differences between Hong Kong and China Part II Issues of Marriage the Family and Fertility in Taiwan and China focuses specifically on marriage family and fertility In Chapter 5 the authors discuss the relationships between marital status socioeconomic status and the subjective well being among women in Hong Kong and Taiwan Chapter 6 describes patterns of sexual activity in China and the United States Chapter 7 considers gender imbalances in Taiwan and their impact on the marriage market Chapter 8 also focuses on Taiwan and examines the effects of mothers attitudes on daughters interaction with their mothers in law Chapter 9 compares female and male fertility trends and changes in Taiwan Part III Children and the Family in East Asia and in Western Countries consists of comparative studies of the family and children Chapter 10 examines the dynamics of grandparents caring for children in China Chapter 11 explores family values and parent child interaction in Taiwan Chapter 12 examines the significant amount of diversity among families in contemporary Taiwan Chapter 13 describes adolescent development in Taiwan Chapter 14 examines the impact of son preference on fertility in China South Korea and the United States And Chapter 15 explores the determinants of intergenerational support in Taiwan The final chapter in our book the only chapter in Part IV The Family and the Future in Taiwan examines the future of the family in Taiwan with respect especially to the marriage market and aged dependency

Algorithmic Game Theory Vittorio Bilò,Michele Flammini,2017-08-31 This book constitutes the refereed proceedings of the 10th International Symposium on Algorithmic Game Theory SAGT 2017 held in L Aquila Italy in September 2017 The 30 full papers presented were carefully reviewed and selected from 66 submissions The papers cover various important aspects of algorithmic game theory such as auctions computational aspects of games congestion games network and opinion formation games mechanism design incentives and regret minimization and resource allocation *Demography* Jennifer Hickey,Lundquist,Douglas L. Anderton,David Yaukey,2014-12-29 The population processes in which we all participate are compared contrasted and synthesized into understandable trends in the latest edition of this widely acclaimed text The authors cogent analysis encompasses demographic milestones like surpassing the seven billion population mark and becoming a majority urban population for the first time in human history as well as the repercussions of a global financial crisis and the implications of two important ongoing trends aging and fertility decline New data examples and discussions of emerging demographic issues are incorporated throughout the value priced Fourth Edition along with graphics that highlight trends and facilitate comparisons among world regions This pedagogically rich volume also includes propositions for debate and end of chapter exercises that allow readers to become comfortable with the quantitative tools that demographers use to measure and describe populations Moreover users will learn about some of the people behind the research that informs this text in a new feature called Careers in Demography *Human Geographies Within the Pale of Settlement* Robert E. Mitchell,2018-09-15 This study suggests how traditional language rich narrative histories of the Pale of Settlement can

benefit from drawing on the large vocabularies questions theories and analytical methods of human geography economics and the social sciences for an understanding of how Jewish communities responded to multiple disruptions during the nineteenth century Moving from the ecological level of systems of settlements and variations among individual ones down to the immediate built environment the book explores how both physical and human space influenced responses to everyday lives and emigration to America

Journey to Adulthood Chin-Chun Yi,Ming-Chang Tsai,2023-01-06 Young people in East Asia are increasingly experiencing a prolonged transition to adulthood They are spending longer in school entering the labour market later and getting married later still This protracted young adulthood interacts with forces of both tradition and modernization as social and economic changes generate profound effects on the transition from school to work on family formation on personal relationships and on subjective well being Journey to Adulthood explores the special characteristics of young adulthood in East Asia It uses Taiwan as illustrative example with comparative findings from its East Asian neighbours Japan Korea and Hong Kong It describes the particular growth context of a millennial generation and the challenges they face as they attempt to balance family formation personal development and entry into a market economy Edited by Chin Chun Yi and Ming Chang Tsai this collection helps us to understand the structural configurations East Asian young adults collectively represent Taking a cross cultural and comparative perspective it enables meaningful policy suggestions on family dynamics educational strategy and health and well being across the globe Dr Chin Chun Yi and Dr Ming Chang Tsai both work within the Institute of Sociology Research Center for Humanities and Social Sciences Academia Sinica Taiwan

Encyclopedia of Human Relationships Harry T. Reis,Susan Sprecher,2009-03-15 Library Journal Best Reference 2009 An excellent gateway to further examination of any of the subdisciplines of relationship science or as a research tool in its own right Library Journal Relationships are fundamental to nearly all domains of human activity from birth to death When people participate in healthy satisfying relationships they live work and learn more effectively When relationships are distressed or dysfunctional people are less happy less healthy and less productive Few aspects of human experience have as broad or as deep effects on our lives The Encyclopedia of Human Relationships offers an interdisciplinary view of all types of human associations friends lovers spouses roommates coworkers teammates parents and children cousins siblings acquaintances neighbors business associates and so forth Although each of these connections is unique in some respect they share a common core of principles and processes These three volumes provide a state of the art review of the extensive theories concepts and empirical findings about human relationships Key Features Compiles leading edge information about how people think feel and act toward each other Presents the best in the field authors who have contributed significant scientific knowledge about personal relationships over the past several decades Offers a diverse approach to relationship science with contributions from psychology sociology communication family studies anthropology physiology neuroscience history economics and legal studies Key Themes Cognitive Processes in Relationships Communication Processes Creating and

Maintaining Closeness Dating Courtship and Marriage The Dark Side of Relationships Emotion Processes in Relationships Family Friendship and Caregiving in Adulthood Health and the Biology of Relationships Methods for Studying Relationships Personality and Individual Differences Prevention and Repair of Relationship Problems Psychological Processes Sexuality Social Context of Relationships Social Relations in Childhood and Adolescence Theoretical Approaches to Studying Relationships Types of Relationships Our relationships influence virtually all aspects of our everyday existence and are of deep interest to students researchers academics and laypeople alike This Encyclopedia is an invaluable addition to any academic or public library

Women and 'Value' in Jane Austen's Novels Lynda A. Hall, 2017-02-22 Jane Austen's minor female characters expose the economic and social realities of British women in the long eighteenth century and reflect the conflict between intrinsic and expressed value within the evolving marketplace where fluctuations and fictions inherent in the economic and moral value structures are exposed Just as the newly minted paper money was struggling to express its value so do Austen's minor female characters struggle to assert their intrinsic value within a marketplace that expresses their worth as bearers of dowries Austen's minor female characters expose the plight of women who settle for transactional marriages become speculators and predators or become superfluous women who have left the marriage market and battle for personal significance and existence These characters illustrate the ambiguity of value within the marriage market economy exposing women's limited choices This book employs a socio-historical framework considering the rise of a competitive consumer economy juxtaposed with affective individualism

Encyclopedia of Political Economy: L-Z Phillip Anthony O'Hara, 1999 Based on developments in political economy since the 1960s this text is a compendium of the main principles concepts problems institutions schools and policies associated with political economy It is a comprehensive introduction to the field

Economics of the Family and Family Policies Christina Jonung, Inga Persson, 1997-10-16 This volume will be an invaluable up to date one stop resource for economists and those involved in the social sciences and gender studies as well as policy makers themselves

Urban Diaspora Jette Linde, 2021-01-13 This is a book on the rise and fall of diasporic communities in Early Modern urban centers in Denmark and Sweden It contains 17 chapters written by archaeologists historians and scientists ranging from in depth studies of artefacts biofacts and archaeological features to large scale analyses of community formation among natives and migrants of multiple origins The plethora of sources and approaches afforded by the numerous disciplines involved enables a significant new insight into the creation and recreation of migrant communities in these Early Modern towns

Advances in Social Demography Robert Schoen, 2025-07-25 This book offers an overview of the latest developments in contemporary population issues by examining the current unprecedented changes in fertility family behavior mortality and migration It explores new theoretical perspectives that seek to incorporate narratives of the future demographic uncertainty and determinants of unplanned pregnancy The context of fertility is changing and the new important subjects of policy interventions multi-partner fertility and complex parenthood are

explored Recent developments in assortative mating partner choice and relationship stability are examined in both national and international contexts while further chapters analyze contemporary international migration Methodological advances in modeling heterogeneity in mortality and extending period cohort transition relationships are presented and new analyses explore the implications of age patterns of fertility change As such this book provides up to date research spanning the entire field to illuminate contemporary developments and will be of value to demographers sociologists economists and all those interested in understanding demographic change
